Sunshine State Almanac and Book of Florida-related Stuff Phil Philcox, Beverly Boe, 1999 Chock full of statistics recipes photos and helpful fascinating stuff of from and about Florida *Love Bug* Make Believe Ideas Ltd, 2020-02-04 Love themed board book with squishy heart cut through to cover *Cybercrime* Susan W. Brenner, 2010-02-26 This fascinating and timely book traces the emergence and evolution of cybercrime as an increasingly intransigent threat to society *Cybercrime Criminal Threats from Cyberspace* is intended to explain two things what cybercrime is and why the average citizen should care about it To accomplish that task the book offers an overview of cybercrime and an in depth discussion of the legal and policy issues surrounding it Enhancing her narrative with real life stories author Susan W Brenner traces the rise of cybercrime from mainframe computer hacking in the 1950s to the organized professional and often transnational cybercrime that has become the norm in the 21st century She explains the many different types of computer facilitated crime including identity theft stalking extortion and the use of viruses and worms to damage computers and outlines and analyzes the challenges cybercrime poses for law enforcement officers at the national and international levels Finally she considers the inherent tension between improving law enforcement's ability to pursue cybercriminals and protecting the privacy of U S citizens *James Dean Transfigured* Claudia Springer, 2013-05-17 After the death of James Dean in 1955 the figure of the teen rebel permeated the globe and its presence is still felt in the twenty first century Rebel iconography which does not have to resemble James Dean himself but merely incorporates his disaffected attitude has become an advertising mainstay used to sell an array of merchandise and messages Despite being overused in advertisements it still has the power to surprise when used by authors and filmmakers in innovative and provocative ways The rebel figure has mass appeal precisely because of its ambiguities it can mean anything to anyone The global appropriation of rebel iconography has invested it with fresh meanings Author Claudia Springer succeeds here in analyzing both ends of the spectrum the rebel icon as a tool in upholding capitalism's cycle of consumption and as a challenge to that cycle and its accompanying beliefs In this groundbreaking study of rebel iconography in international popular culture Springer studies a variety of texts from the United States and abroad that use this imagery in contrasting and
