Love Is Relationships Paperback:

Love Is a Story Robert J. Sternberg, 1999-06-03 In this groundbreaking work Robert Sternberg opens the book of love and shows you how to discover your own story and how to read your relationships in a whole new light What draws us so strongly to some people and repels us from others What makes some relationships work so smoothly and others burst into flames Sternberg gives us new answers to these questions by showing that the kind of relationship we create depends on the kind of love stories we carry inside us Drawing on extensive research and fascinating examples of real couples Sternberg identifies 26 types of love story including the fantasy story the business story the collector story the horror story and many others each with its distinctive advantages and pitfalls and many of which are clashingly incompatible These are the largely unconscious preconceptions that guide our romantic choices and it is only by becoming aware of the kind of story we have about love that we gain the freedom to create more fulfilling and lasting relationships As long as we remain oblivious to the role our stories play we are likely to repeat the same mistakes again and again But the enlivening good news this book brings us is that though our stories drive us we can revise them and learn to choose partners whose stories are more compatible with our own Quizzes in each chapter help you to see which stories you identify with most strongly and which apply to your partner Are you a traveler a gardener a teacher or something else entirely Love is a Story shows you how to find out **The**

Truth About Love Patricia Love, 2001-06-05 Offering a revelatory new perspective on loving relationships the author of Hot Monogamy guides readers through the natural stages of love high and low and shows how not to break up before the breakthrough Love Is A Verb Pat Hudson, Bill O Hanlon, 1995-02-07 Are you a co dependent Cinderella who loves a man

who hates women too much A Peter Pan in denial about his inability to make a commitment If so it s time to stop analyzing your relationship Even if you ve discovered from the talk shows and the self help books that you re afraid of intimacy or prone to self destruction because of a miserable childhood has it really helped If not it s time for action it s time for Love Is a Verb Here is a fresh new approach to relationships The book goes beyond analyzing relationships to changing them even if one partner isn t interested Using a solution oriented approach humor stories and good common sense Bill O Hanlon and Pat Hudson marriage counselors and husband and wife show readers how to break free of old patterns in days and weeks not months or years quickly and easily solve relationship problems improve their sex life increase feelings of love and closeness get over past hurts Lively upbeat and future focused Love Is a Verb shows readers how to change today s dreams of more romance and happiness into tomorrow s reality **The Art of Love** Bud Harris, Massimilla Harris, 2010-05 Are you seeking

to renew a relationship considering a new relationship troubled with establishing a long term relationship divorced and trying to understand why your marriage failed experiencing problems in love romance sex intimacy or marriage a therapist or counselor who would like to provide an accessible resource for your clients Millions of books on relationships have been printed over the years Why do we need another We need The Art of Love The Craft of Relationship for the same reasons that

over four and a half million readers wanted Spencer Johnson's *Who Moved My Cheese*. Following Johnson's methods of teaching to a broad modern audience *The Art of Love: The Craft of Relationship* presents the profound principles that form a loving relationship in an easily accessible manner. Using a very simple approach it will help people shift their attitudes and provide them with the skills to create loving long lasting partnerships. There are so many titles in print on change because it is an ongoing challenge for most of us. So are relationships. With more than six decades of experience working with couples we knew we had vital information, lessons and insights to share but we insisted that the book be short, engaging and easy to read. A helpful book does not have to be dense, to be packed with wisdom, skills and ideas that can open the door to a new era of fulfilling relationships. We have brought complex material and common sense into a format that is carefully constructed to achieve results by being communicative and consistent, enjoyable and hopeful. Unlike the textbook appearance of most self help books that include psychological jargon, case examples and exercises, *The Art of Love: The Craft of Relationship* uses stories and dialogue to teach profound insights and valuable skills. It sticks to people talking in a way the reader can identify with and understand. It brings hope because the reader who is experiencing stress in a relationship can see that other people like them are too. And that learning a few basic skills can bring lasting change and renew love. The best news is that our book will be useful to many people because it will give them a new way to look at their relationship and the skills to handle problem after problem in a way that builds love and trust. Our mission is to appeal strongly to those who are considering a relationship, seeking to renew one or are looking for a way to understand a partner and a process for dealing with problems in love, romance, sex, intimacy and living together.
