Pain crafts a nuanced exploration of societal expectations and personal identity through the lens of a richly developed protagonist. Set against the backdrop of early 20th century England, the novel weaves a tapestry of vivid imagery and intricate character studies reflecting the evolution of social mores and individual aspirations. Pain's narrative style, marked by its keen observational wit and psychological depth, invites readers into the complexities of Eliza's world, where her struggles with conformity and desire resonate with timeless themes of self-discovery and rebellion. Barry Pain, a prominent figure in the early modernist movement, drew upon his extensive experiences in literature, drama, and social commentary to inform the creation of *Eliza*. His own encounters with the constraints of Victorian society and his keen interest in the clashes between tradition and change illuminate the personal and broader societal dilemmas addressed in the novel. As a contemporary of authors such as H.G. Wells, Pain's literary contributions often pushed the boundaries of genre and form, which is evident in this compelling work. *Eliza* is a must-read for those interested in the intricacies of character-driven narratives that challenge societal norms. Pain's masterful prose and deep psychological insights provide an engaging experience for readers, inviting them to reflect on their own identities while offering a glimpse into the historical context of social transformation. This novel is both a profound personal journey and a broader commentary on the nature of freedom, making it essential reading for enthusiasts of literary fiction.

postcard and other stories Anik See, 2009-09-01. A high school math teacher drifts from a moored boat to a downtown trance club while negotiating her problematic relationship with an alcoholic older brother. A displaced Toronto book designer deliberates dreams, daydreams, and delusions that result from a lone encounter with philosopher Mark Kingwell. A dissatisfied nomad traverses the globe from Vancouver to Persepolis, chasing fleeting intimacies of her own as she tries to conjure confessions for the dead. In these six stories, Anik See meticulously deconstructs love, art, and identity, blurring the distinctions between momentary lust and long-term intimacy and loss and fulfillment. Throughout these explorations of somewhat muddled lives, See demonstrates an uncanny ability to distill often unsettling truths in prose that is intelligent, subtle, and unerringly cool. *Intricate yet precise*, *postcard and other stories* offers the reader a lucid perspective on the blurry, bewildering business of being human.
