contrary elevates Reason or universal Causality to the rank of absolute foundation of reality and extends it without limits to the entire cosmos Based on the most recent scientific advances I reformulate the complete explanation for the existence of reality from the origin of the worlds to the most subtle faculties of the human mind Breaking through the metaphysical paradoxes deemed insoluble my thoughts then penetrate the secret cause of all things and revive a thousand year old philosophical current Integral rationalism has almost always frightened human beings At first glance the material world described by science condemns us to perish makes freedom impossible and ignores the meaning of all value Unable to meet the challenge of our condition Plato rejected the philosophers of nature and since then the majority of so called philosophers have followed him taking refuge in various intellectualized forms of spiritualism On the other side others are content with the appearance of things and oscillate between skepticism relativism and fatalism Against these two impasses I set out in search of true wisdom the one that refuses both to flee from reality and to renounce the most precious impulses of my heart Obviously the origin of reality the meaning of life and the torment of death have still not found clear and coherent answers that would completely reconcile us with reality and at the same time convince us of their veracity to the point that they are embraced by all friends of truth Despite a few rare geniuses who once touched upon this ultimate philosophy sublime answers to the great problems of existence have still not been clearly announced Observing this void I set out to find them for myself After long efforts I have now reached a level of coherence that exceeds all my initial hopes I offer you here the chance to discover unsuspected heights

ReGrace Frank Viola,2019-03-05 The church is tired of seeing Christians act ungraciously toward one another when they disagree Social media has added to the carnage Christians routinely block each other on Facebook because of doctrinal disagreements The world watches the blood letting and the Christian witness is tarnished But what if every Christian discovered that their favorite teacher in church history had blind spots and held to some false and even shocking views Bestselling author Frank Viola argues that this simple awareness will soften Christians when they interact with each other in the face of theological disagreements In ReGrace he uncovers some of the shocking beliefs held by faith giants like C S Lewis Luther Calvin Moody Spurgeon Wesley Graham and Augustine not to downgrade or dismiss them but to show that even the greats in church history didn't get everything right Knowing that the heroes of our faith sometimes got it wrong will empower us to treat our fellow Christians with grace rather than disdain whenever we disagree over theology
