

Poem about Eros

By Maya Anthony

In whispers soft, love takes its flight,
On gossamer wings, through day and night.
Eros stirs, a subtle breeze,
In hearts, he plants his tender seeds.

With every beat, a yearning grows,
In love's light, the heart overflows.
Eros's touch, gentle and kind,
In his embrace, true love we find.

In silent moments, love is heard,
In every beat, in every word.
Eros's song, forever near,
In love's whisper, we find cheer.

Theories of Mimesis Arne Melberg, 1995-01-26 Mimesis with its connecting concepts of imitation simile and similarity has been cited since classical times in the exploration of the relationship between art and reality In this major study Arne Melberg discusses the theory and history of mimesis through narratological analysis of texts by Plato Cervantes Rousseau and Kierkegaard Moving away from the relatively straightforward representation of reality ideas in Erich Auerbach's *Mimesis* 1946 Melberg brings the concept of mimesis into the context of the literary theories of de Man and others Theories of Mimesis is a strenuously argued account of language and time charting the movement of mimesis from the Platonic philosophy of similarity to modern ideas of difference *English Poetry of the Seventeenth Century* George Parfitt, 2014-09-19 Provides a comprehensive and entertaining account of the vitality and variety of achievement in seventeenth century English poetry Revised and up dated throughout Dr Parfitt has added new material on poets as varied as Marvell and Traherne There is also a completely new chapter on women poets of the seventeenth century which considers the significant contributions of writers such as Katherine Philips and Margaret Cavendish The proven quality and success of Dr Parfitt's survey makes this the essential companion for the teacher and student of seventeenth century verse

Shakespeare, Love and Language David Schalkwyk, 2018-01-25 What is the nature of romantic love and erotic desire in Shakespeare's work In this erudite and yet accessible study David Schalkwyk addresses this question by exploring the historical contexts theory and philosophy of love Close readings of Shakespeare's plays and poems are delivered through the lens of historical texts from Plato to Montaigne and modern writers including Jacques Lacan Jean Luc Marion Ludwig Wittgenstein Jacques Derrida Alain Badiou and Stanley Cavell Through these studies it is argued that Shakespeare has no single or overarching concept of love and that in Shakespeare's work love is not an emotion Rather it is a form of action and disposition to be expressed and negotiated linguistically **Love between Men in English Literature** Paul

Hammond, 1996-11-12 This is the first book to provide an account of the representation of emotional and sexual relationships between men across English literature from the Renaissance to the modern period Based on new research but aimed at the student and the general reader Paul Hammond discusses major writers such as Marlowe and Shakespeare Tennyson and Wilde Forster and Lawrence but also introduces less familiar texts which cast light on the homosexual culture of their periods There is an extensive bibliography Between Hebrew and Arabic Poetry Yosef Tobi, 2010-07-14 The book includes

sixteen studies about medieval Hebrew poetry compared with Arabic poetry It is well known that since the tenth century medieval Hebrew poets took Arabic poetry as the ultimate paradigm in terms of prosody language purism and rhetorical devices and even in regard to poetical genres However the concept unifying all studies in this book is that a comparative examination must consider not only the identical elements in which Hebrew poetry borrowed from the Arabic one but also what is much more significant what Hebrew poetry stubbornly set itself at a distance from Arabic poetry The conclusive

result of this sort of examination is that Hebrew poetry combined selectively borrowed Arabic poetical values with traditional ethical Jewish values to create a distinctive poetical school

Gender, Sexuality, and Material Objects in English Renaissance Verse Pamela S. Hammons, 2016-12-05 An important contribution to recent critical discussions about gender sexuality and material culture in Renaissance England this study analyzes female and male authored lyrics to illuminate how gender and sexuality inflected sixteenth and seventeenth century poets conceptualization of relations among people and things human and non human subjects and objects Pamela S Hammons examines lyrics from both manuscript and print collections including the verse of authors ranging from Robert Herrick John Donne and Ben Jonson to Margaret Cavendish Lucy Hutchinson and Aemilia Lanyer and situates them in relation to legal theories autobiographies biographies plays and epics Her approach fills a crucial gap in the conversation which has focused upon drama and male authored works by foregrounding the significance of the lyric and women s writing Hammons exposes the poetic strategies sixteenth and seventeenth century English women used to assert themselves as subjects of property and economic agents in relation to material items ranging from personal property to real estate despite the dominant patriarchal ideology insisting they were ideally temporary passive vehicles for men s wealth The study details how women imagined their multiple complex interactions with the material world the author shows that how a woman poet represents herself in relation to material objects is a flexible fiction she can mobilize for diverse purposes Because this book analyzes men s and women s poems together it isolates important gendered differences in how the poets envision human subjects use control possession and ownership of things and the influences effects and power of things over humans It also adds to the increasing evidence for the pervasiveness of patriarchal anxieties associated with female economic agency in a culture in which women were often treated as objects

A Psychoanalytic

Exploration of Dante's The Divine Comedy David Dean Brockman, 2017-06-26 David Dean Brockman connects spirituality with psychoanalysis throughout this book as he looks at Dante's early writings, his life story, and his polysemous classical poem *The Divine Comedy*. Dante wanted to create a document that would educate the common man about his journey from brokenness to growth and a solid integration of body, self, and soul. This book draws the resemblance between Dante's poem and the journey that patients experience in psychoanalytic therapy. It will be the first total treatment of Dante's work in general and *The Divine Comedy* in particular using the psychoanalytic method. This fascinating study of Dante's *The Divine Comedy* will be of interest to psychoanalysts, psychotherapists, and psychiatrists, as well as those still in training. Academics and students of psychology, spirituality, religion, and literature may also be interested in Brockman's in-depth study of Dante's work.

Continental Theory Buffalo David R. Castillo, Jean-Jacques Thomas, Ewa Plonowska Ziarek, 2021-12-01. *Continental Theory Buffalo* is the inaugural volume of the Humanities to the Rescue book series, a public humanities project dedicated to discussing the role of the arts and humanities today. This book is a collaborative act of humanistic renewal that builds on the transcontinental legacy of May 1968 to offer insightful readings of the cultural development of the last fifty years. The volume contributors revisit, reclaim, and reassess the revolutionary legacy of May 1968 in light of the urgency of the present and the future. Their essays are effective illustrations of the potential of such interpretive traditions as philosophy, literature, and cultural criticism to run interference with and offer alternatives to the instrumentalist logic and predatory structures that are reducing the world to a collection of quantifiable and tradeable resources. The book will be of interest to cultural historians and theorists, media studies scholars, political scientists, and students of French and Francophone literature and culture on both sides of the Atlantic.

Desire and Infinity in W. S. Merwin's Poetry Feng Dong, 2021-12-15. In the first monograph on W. S. Merwin to appear since his death in 2019, Feng Dong focuses on the dialectical movement of desire and infinity that ensouls the poet's entire oeuvre. His analysis foregrounds what Merwin calls the other side of despair, the opposite of humans' articulated personal and social agonies. Feng finds these presences in Merwin's evocations of what lingers on the edge of constantly updated socio-symbolic frameworks: surreal encounters, spiritual ecstasies, and abyssal freedoms. By examining Merwin's lifelong engagement with psychic fantasies, anonymous holiness, entities both natural and supernatural, and ghostly ancestors, Feng uncovers a precarious relation with the unarticulated, unrealized side of existence. Drawing on theories from Lacan, Lévinas, and Heidegger, *Desire and Infinity in W. S. Merwin's Poetry* reads a metaphysical possibility into the poet's work at the intersection between contemporary poetics, philosophy, and psychoanalysis.
