Los Olvidados Mark Polizzotti, 2019-07-25 Los Olvidados 1950 established Luis Bunuel s reputation as a world class director Set in the slums of Mexico City it follows the crime filled and violent lives of group of juvenile delinquents The film exhibits some of Bunuel s recognisable themes of love s yearnings social injustice and surrealism but with a layer of compassion that sets it apart from many of his other films In 2003 Los Olvidados was inducted into UNESCO s Memory of the World programme which preserves documentary heritage of world significance Mark Polizzotti explores the historical context aesthetic importance and biographical significance of the film providing the first complete overview of Los Olvidados in English He also presents an introduction to the Mexican film industry and places Bunuel and his films within it While many critics have taken Los Olvidados as a film about urban poverty Mark Polizzotti sees it as a much more personal and mysterious statement about yearning loss and the need for redemption By taking the notion of hunger as its structural principle he explores the themes of love betrayal desire and death that make the film such a powerful statement more than fifty years after its release
