## **L'univers Imaginaire De Robert Browning:**

**L'Univers imaginaire de Robert Browning** Bernard Brugière, 1979 Héritier du romantisme anglais Browning est aussi un précurseur exceptionnel de la poésie moderne offrant un relais inattendu entre les poètes métaphysiques du XVIII<sup>e</sup> siècle d'une part et Eliot ou Pound de l'autre qui reprendront la forme et les techniques du monologue dramatique instrument poétique privilège dont s'était servi leur devancier avec autant de maîtrise que de subtilité pour donner la parole à ses dramatis personae Prophète voyant analyste délié des motifs et des signes humains Browning est un poète qui appuie son réalisme et son interprétation symbolique du réel sur une poétique de la modernité proche de Baudelaire Mais son exploration à la fois dialectique et mystique de l'univers constitue également un témoignage lucide des bouleversements et des mutations idéologiques qui ont secoué la période victorienne La présente étude retrouve les lignes de force la structure d'une thématique profondément conçue comme un réseau organisé de motifs récurrents ou d'images obsédantes elle reconstitue un univers imaginaire un paysage tout personnel de préférences et de répulsions pour certains éléments certaines matières certaines catégories et formes sensibles Mais s'il induit rêveries et sensations au sens bachelardien et richardien de ces termes l'univers imaginaire se conçoit aussi comme mise en scène et travail de desirs inconscients lieu d'une activité fantasmatique Psychobiographie et psychocritique se conjuguent ici pour aboutir au double dévoilement d'un mythe personnel et d'un ordre caché de l'art

Colour and Experience in Nineteenth-Century Poetry Richard Cronin, 1988-06-18 In this book colour words as used in the poetry of Keats Browning and Hopkins become crucial indicators of a way of looking at the nineteenth century world The author traces the forging of language that mediates between a system of values and the flux of experience

*Vikram Seth's Poetics of Pastiche* Mélanie Heydari, 2024-09-21 Vikram Seth is a critical enigma He is recognized as one of the most important Indian Anglophone authors of his generation his individual works have been widely reviewed yet his work has rarely been approached as a whole and remains surprisingly understudied Perhaps the chief reason for the paucity of critical response to the full compass of Seth's work is his disregard for intellectual fashion Indeed Seth is at once very popular and deliberately unfashionable His literary affiliations are conservative seemingly uninterested in any revisionary narrative he is equally unconcerned by the interpenetration of cultures in our globalized world representing assimilation rather than cultural difference He defies the expectations of both postcolonial and world literature therefore to discuss his critical neglect is to shed light on the limitations of these labels As the most thorough attempt to map a general poetics in Seth's work this study the first of its kind on this writer develops a new critical methodology to capture the nuances of Seth's literary strategies It provides scholars and students insight into the key features of Seth's work and uncovers a consistent authorial strategy running through his seemingly disconnected body of work namely a systematic use of intertextual practices
