The Paranormal and Popular Culture Darryl Catherine, John W. Morehead, 2019-02-18 Interest in preternatural and supernatural themes has revitalized the Gothic tale renewed explorations of psychic powers and given rise to a host of social and religious movements based upon claims of the fantastical. And yet in spite of this widespread enthusiasm the academic world has been slow to study this development. This volume rectifies this gap in current scholarship by serving as an interdisciplinary overview of the relationship of the paranormal to the artefacts of mass media e.g. novels, comic books and films as well as the cultural practices they inspire. After an introduction analyzing the paranormal's relationship to religion and entertainment the book presents essays exploring its spiritual significance in a postmodern society its post modern representation in literature and film and its embodiment in a number of contemporary cultural practices. Contributors from a number of disciplines and cultural contexts address issues such as the shamanistic aspects of Batman and lesbianism in vampire mythology. Covering many aspects of the paranormal and its effect on popular culture this book is an important statement in the field. As such it will be of utmost interest to scholars of religious studies as well as media communication and cultural studies.

Psychoanalysing Ambivalence with Freud and Lacan Stephanie Swales, Carol Owens, 2019-11-27 Taking a deep dive into contemporary Western culture this book suggests we are all fundamentally ambivalent beings. A great deal has been written about how to love to be kinder more empathic a better person and so on. But trying to love without dealing with our ambivalence with our hatred is often a recipe for failure. Any attempt therefore to love our neighbour as ourselves or even for that matter to love ourselves must recognise that we love where we hate and we hate where we love. Psychoanalysis beginning with Freud has claimed that to be in two minds about something or someone is characteristic of human subjectivity. Owens and Swales trace the concept of ambivalence through its various iterations in Freudian and Lacanian

psychoanalysis in order to question how the contemporary subject deals with its ambivalence They argue that experiences of ambivalence are in present day cultural life increasingly excised or foreclosed and that this foreclosure has symptomatic effects at the individual as well as social level Owens and Swales examine ambivalence as it is at work in mourning in matters of sexuality and in our enjoyment under neoliberalism and capitalism Above all the authors consider how today's ambivalent subject relates to the racially religiously culturally or sexually different neighbour as a result of the current societal dictate of complete tolerance of the other In this vein Owens and Swales argue that ambivalence about one's own jouissance is at the very roots of xenophobia Peppered with relevant and stimulating examples from clinical work film television politics and everyday life *Psychoanalysing Ambivalence* breathes new life into an old concept and will appeal to any reader academic or clinician with an interest in psychoanalytic ideas

Monsters in the Closet Harry M. Benshoff, 1997-11-15 *Monster in the Closet* is a history of the horror film that explores the genre's relationship to the social and cultural history of homosexuality in America Drawing on a wide variety of films and primary source materials including censorship files critical reviews promotional materials fanzines men's magazines and popular news weeklies the book examines the historical figure of the movie monster in relation to various medical psychological religious and social models of homosexuality While recent work within gay and lesbian studies has explored how the genetic tropes of the horror film intersect with popular culture's understanding of queerness this is the first book to examine how the concept of the monster queer has evolved from era to era From the gay and lesbian sensibilities encoded into the form and content of the classical Hollywood horror film to recent films which play upon AIDS related fears *Monster in the Closet* examines how the horror film started and continues to demonize or quite literally monsterize queer sexuality and what the pleasures and costs of such representations might be both for individual spectators and culture at large

Roy Ward Baker Geoff Mayer, 2004 This book traces the career of Roy Ward Baker one of the great survivors of the British film and television industry He directed the landmark British film *Morning Departure* 1949 worked at Twentieth Century Fox in Hollywood in the early 1950s where he directed Marilyn Monroe and the best version of the Titanic disaster *A Night to Remember* in 1958 He then moved to television series such as *The Avengers* *The Saint* and *Minder* Later Baker re-emerged as a major director of science fiction *Quatermass* and *The Pit* and horror films *Asylum* Geoff Mayer provides an industrial and aesthetic context in which to understand the interrelationship between a skilled classical director and the transformation of the British film industry in the 1950s
