Luther and German Humanism Lewis W. Spitz, 2024-10-28 The particular interest of Professor Spitz has been the close relationship and synergy between humanism and religious reform in the transformation of European culture in the 16th century. Within the general cultural and intellectual context of the Renaissance and Reformation movements, the present volume focuses on Luther and German humanism; a subsequent collection looks more particularly at the place of education and history in the thought of the time. The articles here discuss Luther's imposing knowledge of the classics, his attitudes towards learning, the religious and patriotic interests of the humanists, and the role of a younger generation of humanists in the Reformation. Also included is a far-reaching appraisal of the impact of humanism and the Reformation on Western history.

German Reformation R. W. Scribner, 2017-03-14 Over the past twenty years, new approaches to the history of the Reformation of the Church have radically altered our understanding of that event within its broadest social and cultural context. In this classic study, R. W. Scribner provided a synthesis of the main research with a special emphasis on the German Reformation and presented his own interpretation of the period. Paying particular attention to the social history of the broader religious movements of the German Reformation, Scribner examined those elements of popular culture and belief which are now seen to have played a central role in shaping the development and outcome of the movements for reform in the sixteenth century. Scribner concluded that the Reformation as it came to be known was only one of a wide range of

responses to the problem of religious reform and revival and suggested that the movement as a whole was less successful than previously claimed In the second edition of this invaluable text C Scott Dixon s new Introduction supplementary chapter and bibliography continue Scribner s original lines of inquiry and provide additional commentary on developments within German Reformation scholarship over the sixteen years since its first publication Luther and the German Reformation Thomas Martin Lindsay,1900 *Lucas Cranach the Elder* Bonnie Noble,2009-03-16 Lucas Cranach the Elder 1472 1553 is the most influential painter of the German Reformation In collaboration with Martin Luther 1483 1546 Cranach produced innovative paintings which made the complex ideas of Lutheran Christianity understandable to a wide range of viewers and inspired later generations of artists Despite Cranach s crucial role as an interpreter of Lutheran ideas his Reformation paintings remain unfamiliar to many American scholars Lucas Cranach the Elder Art and Devotion of the German Reformation presents Cranach s Reformation painting to a broader audience and explains the pictorial strategies Cranach devised to clarify and interpret Lutheran thought For specialists in Reformation history this study offers an interpretation of Cranach s art as an agent of religious change For historians and students of Renaissance art this study explores the defining work of a major sixteenth century artist The broad implications of the Reformation and Cranach s role in transforming religious art make this study suitable for readers with a general interest in history religion or art history **Ecumenism, Memory, and German Nationalism, 1817-1917** Stan M. Luther's Revolution Nathan Montover,2012-09-27 Till now history has neglected the utterly radical nature of Luther s thought In bringing together the political theological conceptual and cultural dimensions of Luther s work Montover brings his readers to an awareness of their truly radical nature Luther s understanding of the universal priesthood of believers was not simply another evangelical concept that dealt only with the office of ministry In serving as a means for reordering the concepts of temporal authority and the temporal order it challenged the cosmological foundations of the political structure of his day A compelling work that can only serve to revive the study of this monumental figure of theology
