Theology of the Soul Martine C. L. Oldhoff, 2024-06-10 Theology of the Soul engages with a thoroughly theological and philosophical subject in fresh and profound ways the soul The author examines the possibility of a concept of the soul in modern Western theology In the second part of the 20th century speaking about the soul was strongly criticized in Theology and Philosophy Consequently many academic theologians consider the word soul problematic Remarkably the word soul is very much present in contemporary culture This book takes cultural notions of the soul as employed by for example Marilynne Robinson and Oprah Winfrey as a point of departure The author then investigates the functions of the soul in classical theologies and provides elucidating overviews of the ways in which the soul is discussed and problematized in contemporary Philosophy and Biblical Studies After introducing the apostle Paul as conversation partner she reconsiders various contemporary concepts from a Pauline perspective and offers a constructive systematic theological proposal to speak of the soul in today s modern theological and cultural contexts This interdisciplinary study integrates continental and analytic methods and discussions on the soul in Philosophy and Theology providing a very comprehensive study of the soul **This**

Tragic Gospel Louis A. Ruprecht, Jr., 2008-07-23 This Tragic Gospel suggests that the Gospel of John intended to supplant the first three gospels and succeeded in gaining undue influence on the early churches This study focuses on the tragic moment when Jesus prays for deliverance from his impending death in the garden of Gethsemane Ruprecht contends that John rewrote this scene in order to convey a very different dramatic meaning from the one reflected in Mark s gospel In John s version not only did Jesus not pray to be spared he actually mocked this prayer embracing his imminent demise with godlike confidence Ruprecht believes that this dramatic reinterpretation undermined the tragedy of Jesus s death as Mark imagined it and so paved the way for the development of a kind of Christianity that focused far less on compassion in the face of human suffering John s Jesus offers the faithful food so that they will never hunger water so that they will never thirst and the promise of a world in which no faithful person ever sheds a tear Mark s Christians do suffer but they witness to suffering and death differently with compassion Mark s Christ suffers like all Christians after him but he embodies a tragic hope in the promise of a faith shored up by love and compassion *The Morality of Self-Defense and Military Action* David B.

Kopel, 2017-02-16 Shedding new light on a controversial and intriguing issue this book will reshape the debate on how the Judeo Christian tradition views the morality of personal and national self defense Are self defense national warfare and revolts against tyranny holy duties or violations of God s will Pacifists insist these actions are the latter forbidden by Judeo Christian morality This book maintains that the pacifists are wrong To make his case the author analyzes the full sweep of Judeo Christian history from earliest times to the present combining history scriptural analysis and philosophy to describe the changes and continuity of Jewish and Christian doctrine about the use of lethal force He reveals the shifting patterns of thought in both religions and presents the strongest arguments on both sides of the issue The book begins with the ancient

Hebrews and Genesis and covers Jewish history through the Holocaust and beyond The analysis then shifts to the story of Christianity from its origins through the Middle Ages and the Reformation up the present day Based on this scrutiny the author concludes that contrary to popular belief the legitimacy of self defense is strongly supported by Judeo Christian scripture and commentary by philosophical analysis and by the respect for human dignity and human rights on which both Judaism and Christianity are based

Reading Humility in Early Modern England Jennifer Clement,2016-03-03 While humility is not especially valued in modern Western culture Jennifer Clement argues here it is central to sixteenth and seventeenth century understandings of Christian faith and behavior and is vital to early modern concepts of the self As this study shows early modern literary engagements with humility link it to self knowledge through the practice of right reading and make humility foundational to any proper understanding of human agency Yet humility has received little critical interest and has often been misunderstood as a false virtue that engenders only self abjection This study offers an overview of various ways in which humility is discussed deployed or resisted in early modern texts ranging from the explicitly religious and autobiographical prose of Katherine Parr and John Donne to the more politically motivated prose of Queen Elizabeth I and the seventeenth century reformer and radical Thomas Tryon As part of the wider turn to religion in early modern studies this study seeks to complicate our understanding of a mainstream early modern virtue and to problematize a mode of critical analysis that assumes agency is always defined by resistance

Laffin re examines these narratives by focusing on the political significance of areas in Luther's corpus often neglected in contemporary accounts of his political thought especially his commentaries on Scripture and writings on the sacraments. Attention to these writings brings forth the crucial themes of the two ecclesiae and the three institutions. Constructively these themes are deployed in critical engagement with contemporary political theology particularly as represented in Radical Orthodoxy and the new Augustinianism.

Eschatological Discipleship Trevin Wax, 2018-04-01 Discipleship is eschatological in nature because the church that makes and receives disciples is eschatological in nature. Often eschatology is thought to refer only to last things doctrines. However eschatology in its broader sense encompasses the Christian view of time and the future of the world informing both one's evangelism and ecclesiology. Failing to relate the eschatological dimension to discipleship leaves one with an incomplete worldview, imbalanced discipleship, and eventually a tragic inability to model the Christian way of life. By answering questions like "What time is it?" and "Where is history going?" Trevin Wax helps Christians view the past, present, and future biblically and shapes their understanding of following Jesus.

The Light in Our Eyes Nicholas McDonald, 2025-05-20 For the millions who have felt disillusioned with American evangelical culture, this book is a lifeline for navigating the cynicism of both conservative and progressive beliefs to find real hope in the life and mission of Jesus. As a pastor and author, Nicholas McDonald spent years helping people work through serious questions about the evangelical church's gospel and its often hurtful responses to those confused by American Evangelical culture. He quickly realized that what these people needed, what he really needed, was not merely apologetics answers but the good news that speaks to their deepest dreams: love, beauty, and freedom—the very things Jesus promises to those who follow Him. With excellent storytelling and profound insights from his own deconstruction journey, McDonald compassionately addresses the concerns so many readers have with the evangelical subculture's sense of entitlement, nostalgia, and cynicism. And he outlines a clear path to finding restoration in Jesus. *The Light in Our Eyes* offers nine ancient practices to help you experience anew or for the first time Jesus's love, beauty, and freedom and to embody and extend them in the world. Through the scriptural song of Zechariah and relatable inspiring stories of men and women who have been restored by the gospel of Jesus, this book reminds us that Jesus' dreams fulfill what our hearts have longed for all along: Journey from despair and darkness to faith and light. As McDonald outlines a path to becoming reenchanted by the dreams Jesus has for each one of us, the church and the world, to take up His dream is the invitation to believe again and to hope again.

Sayyid Qutb's Radical Islamism and the Comparative Political Theology Dragos Stoica, 2025-02-15 Sayyid Qutb's *Radical Islamism and The Comparative Political Theology* argues that Sayyid Qutb's radical critique of secular modernity, seen as a product of a great theft of sovereignty that usurps the monopoly of God over the entire world of creation, is not idiosyncratic or incoherent but a quintessential expression and an extreme type of a specific tradition of political theology that until now has been exclusively the province of the Western thought. Dragos Stoica claims that Sayyid Qutb's political theology of Hakimiyyah (God's Sovereignty) is better

understood by integrating it in a wider context of the antimodern political theology. Thus throughout this book he compares Qutb's critique of modernity with the Pakistani Islamist thinker Abu al A la Mawdudi (1903-1979), the Spanish Catholic counter-revolutionary political theologian Juan Donoso Cortés (1809-1853) as well as the Protestant political theologians Abraham Kuyper (1837-1920) and Rousas J. Rushdoony (1916-2001). This book employs a family resemblance cross-cultural comparative method and applies a cross-disciplinary analytical model that combines comparative political theology with critical discourse analysis. Employing these analytical instruments, this book compares Qutb and his counterparts via the category of anti-modern political theology more precisely through a set of shared antitheses organized around the master concept of God's Sovereignty. The ultimate objective is to augment the understanding of the Qutbian critique of secular modernity as an essential dimension of anti-modern political theology. Thus by recasting Sayyid Qutb as an essential Muslim political theologian of God's Sovereignty placed within a larger cross-cultural paradigm, this book contributes as well to the necessary process of decolonization of political theology.

Discovering Luke Joel B. Green, 2021-09-16 This interpretation of Luke encourages in-depth study of the text and genuine grappling with the theological and sociohistorical questions it raises. It draws on a range of methodological interests: author-text and reader-centered as complementary rather than mutually exclusive ways of understanding the text. It also recognizes the importance of the reception history of biblical texts increasingly viewed as a vital aspect of interpretation rather than an optional extra. Green reviews key issues raised by the Gospel and connects these issues to questions of how Luke should be interpreted today.
