Air Transport Auxiliary at War Stephen Wynn,2021-03-23 This book looks at the invaluable work carried out by members of the Air Transport Auxiliary during the course of the Second World War Comprised of both men and women it was a civilian organization tasked with the collection and delivery of military aircraft from the factories to the RAF and Royal Navy stations Men who undertook the role had to be exempt from having to undertake war time military service due to health or age but other than that there were very few restrictions on who who could join which accounted for one legged one armed one eyed and short sighted pilots being accepted Initially it was only men who were allowed to carry out this service but by December 1939 British authorities were persuaded by Pauline Gower the daughter of Sir Robert Vaughan Gower a wartime

Conservative MP and an accomplished pilot in her own right to establish a women's section of the Air Transport Auxiliary of which she was put in charge. The first eight women were accepted in to the service but it would not be until 1943 that its male and female members received the same pay. By the end of the war 147 different types of aircraft had been flown by the men and women of the Air Transport Auxiliary including Spitfire fighter aircraft and Lancaster bombers. These brave pilots were not just British but came from 28 Commonwealth and neutral countries and their efforts sometimes came at a price. 174 Air Transport Auxiliary pilots both men and women died during the war whilst flying for the service. **Luton's Transport**

David Beddall, 2022-10-24 Located in the Chiltern Hills Luton has a rich transport history being home to London Luton Airport and Vauxhall Motors. This south Bedfordshire town has also had an interesting public transport history most notable being Luton Corporation Transport, Eastern National, United Counties and London Transport. The towns of Luton and Dunstable are linked by one of the longest guided busways in the world. Luton's Transport takes a look at the development of Luton's tramway along with the development of bus and coach services in the Luton, Dunstable and Houghton Regis areas of Bedfordshire. *War in East Texas* Bill O'Neal, 2018-07-15 From 1840 through 1844 East Texas was wracked by murderous violence between Regulator and Moderator factions. More than thirty men were killed in assassinations, lynchings, ambushes, street fights and pitched battles. The sheriff of Harrison County was murdered and so was the founder of Marshall as well as a former district judge. Senator Robert Potter, a signer of the Texas Declaration of Independence, was slain by Regulators near his Caddo Lake home. Courts ceased to operate and anarchy reigned in Shelby County, Panola District and Harrison County. Only the personal intervention of President Sam Houston and an invasion of the militia of the Republic of Texas halted the bloodletting. The Regulator-Moderator War was the first and largest in numbers of participants and fatalities of the many blood feuds of Texas and Bill O'Neal's book is the first detailed account of this feud. He has included numerous photographs, maps to help the reader to identify various locations of specific events and rosters of names of the Regulator and Moderator factions arranged by the counties in which the individuals were associated along with a roster of the victims of the war.

Burke's Handbook to the Most Excellent Order of the British Empire A. Winton Thorpe, 1921 **The Depot for Prisoners of War at Norman Cross Huntingdonshire, 1796 to 1816** Thomas James Walker, 1913 **War Crimes** M.J. Trow, 2008-10-31 The Second World War was a defining experience in British history. It shaped us, made us what we are and we are still fascinated by it. And one of the most extraordinary aspects of this unique war was the effect it had on crime and this is the focus of M.J. Trow's compelling survey. He does not write solely about servicemen who committed crime although there were many of them and he does not celebrate heroes. On the contrary, his account highlights the unheroic, the weak and the corrupt. And it draws attention to something perhaps uniquely British: the will of the people to cope, be it housewives with rationing, the police with the black market or magistrates all too aware that careless talk costs lives. The war may have been

Britain's finest hour but during it there were many dark moments which M J Trow explores in his intriguing study *A Companion to the War Film* Douglas A. Cunningham, John C. Nelson, 2016-04-15 *A Companion to the War Film* contains 27 original essays that examine all aspects of the genre from the traditional war film to the new global nature of conflicts and the diverse formats that war stories assume in today's digital culture Includes new works from experienced and emerging scholars that expand the scope of the genre by applying fresh theoretical approaches and archival resources to the study of the war film Moves beyond the limited confines of the combat film to cover home front films international and foreign language films and a range of conflicts and time periods Addresses complex questions of gender race forced internment international terrorism and war protest in films such as *Full Metal Jacket* *Good Kill* *Grace is Gone* *Gran Torino* *The Messenger* *Snow Falling on Cedars* *So Proudly We Hail* *Tae Guk Gi* *The Brotherhood of War* *Tender Comrade* and *Zero Dark Thirty* Provides a nuanced vision of war film that brings the genre firmly into the 21st Century and points the way for exciting future scholarship

Football's Great War Alexander Jackson, 2022-04-06 As modern football grapples with the implications of a global crisis this book looks at first in the game's history The First World War The game's structure and fabric faced existential challenges as fundamental questions were asked about its place and value in English society This study explores how conflict reshaped the People's Game on the English Home Front The wartime seasons saw football's entire commercial model challenged and questioned In 1915 the FA banned the payment of players reopening a decades old dispute between the game's early amateur values and its modern links to the world of capital and lucrative entertainment Wartime football forced supporters to consider whether the game should continue and if so in what form Using an array of previously unused sources and images this book explores how players administrators and fans grappled with these questions as daily life was continually reshaped by the demands of total war From grassroots to elite football players to spectators gambling to charity work this study examines the social economic and cultural impact of what became Football's Great War

Cultural Heritage of the Great War in Britain Dr Ross J Wilson, 2013-10-28 As the hundredth anniversary approaches it is timely to reflect not only upon the Great War itself and on the memorials which were erected to ensure it did not slip from national consciousness but also to reflect upon its rich and substantial cultural legacy This book examines the heritage of the Great War in contemporary Britain It addresses how the war maintains a place and value within British society through the usage of phrases references metaphors and imagery within popular media heritage and political discourse Whilst the representation of the war within historiography literature art television and film has been examined by scholars seeking to understand the origins of the popular memory of the conflict these analyses have neglected how and why wider popular debate draws upon a war fought nearly a century ago to express ideas about identity place and politics By examining the history usage and meanings of references to the Great War within local and national newspapers historical societies political publications and manifestos the heritage sector popular expressions blogs and internet chat rooms an analysis of the

discourses which structure the remembrance of the war can be created The book acknowledges the diversity within Britain as different regional and national identities draw upon the war as a means of expression Whilst utilising the substantial field of heritage studies this book puts forward a new methodology for assessing cultural heritage and creates an original perspective on the place of the Great War across contemporary British society
