The Liminal Loop Timothy L. Carson, 2022-02-24 Recent and current crises in health ecology society and spirituality have lent the whole arena of liminality a new urgency and relevancy Those who traverse the great transitions are rediscovering new ways of interpreting life through the liminal lens a way to make sense of the great voluntary and unchosen transitions that characterize modern life This anthology provides a unique overview of liminality as it gathers a diverse coterie of authors disciplines and contexts to explore its many facets Distinct in its interdisciplinary approach *The Liminal Loop* serves as an important source book for general readers teachers students artists counselors spiritual guides and social transformers From liminal poetry and musical traditions to the strange vertical world of the rock climber *The Liminal Loop* explores the swirling chaos on the other side of critical thresholds and suggests a pathway through the daunting middle passages of the in between With what can only be described as courage the many authors of this collection dare to look uncertainty in the eye knowing that this is a necessary journey and that it is better to travel with a common band of pilgrims than to go it alone

Smith,2009-04-13 1 Corinthians 5:5 is a curious passage which has been variously interpreted by scholars. For some it denotes a magical curse which is designed to cause the physical death of the sinner. Others have found such an interpretation unpersuasive. Instead they maintain that Paul's words at verse five are to be understood as a metaphor for exclusion from the Corinthian community. So the errant Corinthian is not to die by a curse but is to be excluded. This work argues for the former interpretation by marshalling a range of the most recent specialised magical material which has not been considered by other works in relation to 1 Corinthians 5. It fully acknowledges the weaknesses of previous magical interpretations and metaphorical approaches to the passage. Instead it presents a fresh magical reading of not only 1 Corinthians 5:5 but the whole of 1 Corinthians 5 within its wider context of the apostle Paul's letter to the Corinthians. **Obeah, Christ and**

Rastaman Ivor Morrish,2022-10-27 This is a book about an extraordinarily rich and varied culture, a culture in which most of the religious and political movements of the world are to be found epitomised in some form. In tracing the Jamaican people's search for an identity through these movements, this book places the modern cult of Rastafarianism in the broadest of historical contexts. *Obeah, Christ and Rastaman* reflects the author's careful scholarly approach, his delight in a fascinating, colourful subject, and his deep humane regard for a people who have over the years suffered incredible degradation and suppression.

Greening the Children of God Chad Michael Rimmer,2021-01-01 *Greening the Children of God* uncovers the theological roots of the growing ethical imperative to reconnect children to their natural environment. In their different traditions, theologians, environmental educators, and psychologists all affirm that knowing their place in the natural environment helps a child develop an intersubjective ecological identity that nurtures virtues of mutuality and care. During the Scientific Revolution, this ethical harmony was threatened as science and moral theology began to adopt different epistemological methods. Something the Anglican priest and poet Thomas Traherne was all too aware of. Traherne insisted that education should promote a child's attention to the moral dimensions woven into the tapestry of creation and professed that play, wonder, and a sensory relationship to diverse creatures play a pedagogical role in a child's moral formation. *Greening the Children of God* establishes the contemporary significance of Traherne's moral theory in conversation with child psychologists, educators, philosophers, and theologians who know that cultivating a place-based relationship to the local ecology helps children perceive creation's deep mutuality and develop a moral identity in the image of a caring Creator.

Crossing Thresholds Timothy L. Carson, Rosy Fairhurst, Nigel Rooms, Lisa R. Withrow,2021-01-28 We live in an age of enormous and rapid change, but how do people, organisations, even whole cultures and societies change? And where is God in such transformations? For more than a hundred years, anthropology has taught us that entering a chaotic, awesome, and fraught threshold or liminal space is fundamental to our renewal as human beings. Yet none of us goes willingly into such places. We need to be held in liminal movement so that it is safe enough to change. *Crossing Thresholds* is the first interdisciplinary theological treatment of the universal phenomenon of liminality. Developing practical wisdom from foundations in

the work of Victor Turner Donald Winnicott and Bruce Reed the authors explore the place of liminality in the worship mission and hermeneutics of the Church and reflect on its usefulness to a wide range of Christian practice For all those who strive to think theologically about the great transitions of life this comprehensive work offers unique insight into what it is to safely cross the threshold of chaos and embrace the future with courage Pillars in the History of Biblical Interpretation, Volume 1 Stanley E. Jesus and the Temple Simon J. Joseph,2016-01-08 Most Jesus specialists agree that the Temple incident led directly to Jesus arrest but the precise relationship between Jesus and the Temple s administration remains unclear Jesus and the Temple examines this relationship exploring the reinterpretation of Torah observance and traditional Temple practices that are widely considered central components of the early Jesus movement Challenging a growing tendency in contemporary scholarship to assume that the earliest Christians had an almost uniformly positive view of the Temple s sacrificial system Simon J Joseph addresses the ambiguous inconsistent and contradictory views on sacrifice and the Temple in the New Testament This volume fills a significant gap in the literature on sacrifice in Jewish Christianity It introduces a new hypothesis positing Jesus enactment of a program of radically nonviolent eschatological restoration an orientation that produced Jesus conflicts with his contemporaries and inspired the first attributions of sacrificial language to his death
