**Browning's Lyrics** Eleanor Cook, 1974-12-15 Browning's lyrics are favourite choices for anthologies but are rarely examined closely This is the first full length study of the lyrics and includes detailed analyses of such well known poems as Love Among the Ruins Two in the Campagna A Serenade at the Villa A Toccata of Galuppi's By the Fireside and James Lee's Wife Eleanor Cook explores Browning's use of repeated images and themes in the lyrics examines these patterns in other poems and in his letters and analyses their growth and change in all his work She demonstrates how the lyrics may be linked with Browning's other work and shows something of his essential artistic unity His imaginary is found to be more consistent and complex than is usually assumed Students of Browning will find this work stimulating and instructive while lovers of Browning will read it with pure pleasure The reader will return to many of the poems with a richer sense of their continuing vitality In an earlier form this study was awarded the first A S P Woodhouse Prize by the University of Toronto *Shelley's Music* Paul A. Vatalaro, 2016-01-13 First published in 2009 This book argues that the images of and allusions to music in Shelley's writing demonstrate his attempt to infuse the traditionally masculine word with the traditionally feminine voice and music This further extends to his even more fundamental desire to integrate the object voice with his own subjectivity For Shelley what plagues this integration is the prospect of losing both the poet's authority and the subjectivity upon which it relies This book asserts that the resultant deadlock and instability paradoxically becomes Shelley's ultimate goal creating a steady state of suspension that finally preserves both his authority and his humanity *Lyrics of Shelley* Percy Bysshe Shelley, 190? *Shelley's Style* William Keach, 2016-01-08 First published 1984 In a provocative study this book argues that the problems posed by Shelley's notoriously difficult style must be understood in relation to his ambivalence towards language itself as an artistic medium the tension between the potential of language to mirror emotional experience and the

recognition of its inevitable limitations Through an exposition of Shelley's idea of language as reflected in his theoretical writings and individual poems this book makes a strong case for his artistic worth A definitive introduction to Shelley useful for both scholars and newcomers this book will be of interest to students of literature      **Shelley's Process** Jerrold E.

Hogle, 1989-01-12 In this set of thorough and revisionary readings of Percy Bysshe Shelley's best known writings in verse and prose Hogle argues that the logic and style in all these works are governed by a movement in every thought memory image or word pattern whereby each is seen and sees itself in terms of a radically different form For any specified entity or figure to be known for what it is it must be reconfigured by and in terms of another one at another level which must then be dislocated itself In so delineating Shelley's process Hogle reveals the revisionary procedure in the poet's various texts and demonstrates the powerful effects of radical transference in Shelley's visions of human possibility      *Shelley's Major Poetry* Carlos

Baker, 2015-12-08 Professor Baker is concerned primarily with Shelley's development as a philosophical and psychological poet and it is precisely in this that the great achievement of the book lies Originally published in 1966 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905      *The Elizabethan Lyric* John Erskine, 1903
