

Maastricht and Beyond: Building the European Union

COVER COMING SOON

Maastricht And Beyond Building The European Union

Federico Mancini

Maastricht And Beyond Building The European Union:

Maastricht and Beyond Andrew Duff, 2017-06-28 Maastricht and Beyond is a critical assessment of the European Union brought into being by the Treaty of Maastricht A team of experts provide a clear and thorough appraisal of the main provisions of the Treaty including the three pillared structure of Economic and Monetary Union common foreign and security policy and home affairs and justice showing how these elements will change the function and eventually the character of the European Union The book draws conclusions from the Maastricht process for the next reform of the Union in 1996 and it examines the practicalities of achieving a fully fledged federal democracy making proposals for a constitutional settlement Maastricht and Beyond will appeal to both informed generalists and to students and scholars who want a fresh approach to the stale arguments over Maastricht who seek enlightenment over what the Treaty is for and who have the curiosity to look forward to 1996 and beyond

Maastricht and Beyond Andrew Duff, John Pinder, Roy Pryce, 2002-09-11 Maastricht and Beyond is a critical assessment of the European Union brought into being by the Treaty of Maastricht A team of experts provide a clear and thorough appraisal of the main provisions of the Treaty including the three pillared structure of Economic and Monetary Union common foreign and security policy and home affairs and justice showing how these elements will change the function and eventually the character of the European Union The book draws conclusions from the Maastricht process for the next reform of the Union in 1996 and it examines the practicalities of achieving a fully fledged federal democracy making proposals for a constitutional settlement Maastricht and Beyond will appeal to both informed generalists and to students and scholars who want a fresh approach to the stale arguments over Maastricht who seek enlightenment over what the Treaty is for and who have the curiosity to look forward to 1996 and beyond

Political Parties and the European Union John Gaffney, 2002-09-11 A major textbook for comparative courses on European politics and for courses on the European Union providing a panoramic survey of the political parties of Europe

The Law of the European Union and the European Communities Pieter Jan Kuijper, Fabian Amtenbrink, Deirdre Curtin, Bruno De Witte, Alison McDonnell, 2018-09-28 The Law of the European Union is a complete reference work on all aspects of the law of the European Union including the institutional framework the Internal Market Economic and Monetary Union and external policy and action Completely revised and updated with many newly written chapters this fifth edition of the most thorough resource in its field provides the most comprehensive and systematic account available of the law of the European Union EU Written by a new team of experts in their respective areas of European law its coverage incorporates and embraces many current controversial and emerging issues and provides detailed attention to historical development and legislative history of EU law Topics that are constantly debated in European legal analysis and practice are touched on in ways that are both fundamental and enlightening including the following powers and functions of the EU law institutions and relationship among them the principles of equality loyalty subsidiarity and proportionality free movement of persons goods services and capital

mechanisms of constitutional change treaty revisions accession treaties withdrawal agreements budgetary principles and procedures State aid rules effect of Union law in national legal systems coexistence of EU European Convention of Human Rights ECHR and national fundamental rights law migration and asylum law liability of Member States for damage suffered by individuals competition law cartels abuse of dominant position merger control social policy equal pay and equal treatment environmental policy consumer protection public health cultural policy education and tourism nature of EU citizenship its acquisition and loss and law and policy of the EU's external relations The fifth edition embraces many new ongoing and emerging European legal issues As in the previous editions the presentation is notable for its attention to how the law relates to economic and political realities and how the various policy areas interact with each other and with the institutional framework The many practitioners and scholars who have relied on the predecessors of this definitive work for years will welcome this extensively revised and updated edition Those coming to the field for the first time will instantly recognize that they are in the presence of a masterwork that can always be turned to with profit and that helps in understanding the rationale underlying any EU law provision or principle

Theory and Reform in the European Union Dimitris N. Chrysoschoou, 1999-06-12 Completely updated and newly available in paperback this book examines the relationship between theory and reform in the European Union in the light of the Amsterdam Treaty *The European Union and the Promotion of Democracy* Richard Youngs, 2002-01-03 This book assesses European Union policies aimed at encouraging democratization in East Asia and the North African and Middle Eastern States within the Euro Mediterranean Partnership these two regions being the source of some of the strongest conceptual challenges to Western liberal democracy since the end of the cold war The book addresses theoretical debates over the international dimensions of political change and the EU's characteristics as an international actor The factors both driving and inhibiting European democracy promotion policies are explored The book outlines the EU's distinctive bottom up philosophy aimed at constructing the socio economic and ideational foundations for political liberalization but argues that the EU has in practice failed to develop a fully comprehensive and coherent democracy promotion strategy

Democratizing the European Union Catherine Hoskyns, 2018-02-06 The European Union's democratic deficit and ways that might be found to resolve it are hot issues in both academic debate and practical politics Democratizing the European Union offers a fresh approach to this subject by bringing together a diverse range of authors who have been actively involved either in analyzing the activities of the European Union or participating in them The contributors go beyond a primarily institutional approach by highlighting issues having to do with values participation and exclusion Collectively this volume also transcends the limitations of abstract theory Embracing a range of perspectives and including discussions of major contemporary challenges such as enlargement and economic and monetary union this book contains a detailed analysis of the response of New Labour to the democratization debate The contributions include Sue Cohen Social Solidarity in the Delors Period Sverker Gustavsson Reconciling Suprastatism and Accountability A View from

Sweden Stefano Fella A Europe of the Peoples New Labour and Democratizing the EU John Lambert and Catherine Hoskyns How Democratic is the European Parliament Valerio Lintner Controlling Monetary Union Mary Kaldor Eastern Enlargement and Democracy Richard Kuper Democratization A Constitutionalizing Process and Catherine Hoskyns Democratizing the EU Evidence and Argument Democratizing the European Union is essential reading for all those with an interest in the EU and broader questions of democracy It is also particularly useful for students of European Studies and practitioners involved in EU policymaking and lobbying

The Government and Politics of the European Union Neill Nugent, 2006 A clear and comprehensive explanation of the historical development and ongoing evolution of the European Union EU revised and updated in this sixth edition

European Integration and Supranational Governance Wayne Sandholtz, Alec Stone Sweet, 1998-09-24 The European Union began in 1957 as a treaty among six nations but today constitutes a supranational polity one that creates rules that are binding on its 15 member countries and their citizens This majestic study confronts some of the most enduring questions posed by the remarkable evolution of the EU Why does policy making sometimes migrate from the member states to the European Union And why has integration proceeded more rapidly in some policy domains than in others A distinguished team of scholars lead by Wayne Sandholtz and Alec Stone Sweet offers a fresh theory and clear propositions on the development of the EU Combining broad data and probing case studies the volume finds solid support for these propositions in a variety of policy domains The coherent theoretical approach and extensive empirical analyses together constitute a significant challenge to approaches that see the EU as a straightforward product of member state interests power and bargaining This volume clearly demonstrates that a nascent transnational society and supranational institutions have played decisive roles in constructing the European Union

The European Union after Lisbon Hermann-Josef Blanke, Stelio Mangiameli, 2011-10-12 The book contains 24 contributions from European law scholars and practitioners analysing the constitutional basis of the European Union and the normative orientation of the Common Foreign and Security Policy CFSP as well as the central economic and monetary provisions TFEU after the Reform Treaty of Lisbon Presenting the findings of a European research team which is composed of authors from eight Member States the publication underlines the aspiration of the editors to thoroughly analyse the constitutional law of the European Union currently in force

European Integration Mark Gilbert, 2012 Rev and updated ed of Surpassing realism the politics of European integration since 1945 c2003

The Margins of European Law Ian Ward, 1996-09-18 The Margins of European Law attempts to provide a critical and sceptical approach to European law The related themes of the book attempt to introduce a historical and theoretical context for European law Ultimately it is suggested that the new European order requires a very different legal and jurisprudential approach one which is distinctively post modern European Community law at its margins is a mass of inconsistencies and injustices and a post modern model can better effect the erasing of the margins of European law

Cultures of Border Control Ruben Zaiotti, 2011-04 In recent years a number of European

countries abolished national border controls in favor of Europe's external frontiers. In doing so they challenged long established conceptions of sovereignty, territoriality and security in world affairs. Setting forth a new analytic framework informed by constructivism and pragmatism, Ruben Zaiotti traces the transformation of underlying assumptions and cultural practices guiding European policymakers and postnational Europe, shedding light on current trends characterizing its politics and relations with others. The book also includes a fascinating comparison to developments in North America where the United States has pursued more restrictive border control strategies since 9/11. As a broad survey of the origins, evolution and implications of this remarkable development in European integration, *Cultures of Border Control* will be of interest to students and scholars of international relations and political geography.

Democracy and Constitutionalism in the European Union Federico Mancini, 2000-05-01 This collection of essays brings together the late Federico Mancini's most important writings in English which concentrate largely on the issues of democracy, constitutionalism and individual rights in the European Union. The book presents the unique perspective of someone who witnessed the birth of European integration: was first an Advocate General and then a Judge of the Court of Justice of the European Community and who carried an unfaltering belief in the promises and advantages of a federal Europe.

Britain and the European Union David Gowland, 2022-04-07 This engaging and concise new edition offers the student and general reader a compact, readable treatment of British membership of the European Union (EU) from 1973 up until the present day and Brexit, with detailed analysis of the period 1945-1972 accounting for Britain's absence from the formation of the EU. It provides a highly distilled and accessible analysis and overview of some of the parameters and recurring features of Britain's membership of the European Union, touching on all the major facets of membership at this critical time in Britain's relationship with Europe. Key features of the new edition: examines the constant and changing character of British membership of the EU; discusses the problematical and often paradoxical features of EU membership; familiarises the reader with both academic and public debates about the subject; offers thematic treatment of all aspects of policy and attitudes towards the EU; significantly restructured and updated to include the origins of the decision to hold a referendum on UK membership of the EU; the campaign explanations for its outcome and the course, substance and implications of the UK-EU Brexit negotiations. This book will be of key interest to scholars, students and the generally interested reader in the areas of European Politics, Studies, British Politics, EU Politics, Studies, Area Studies and International Relations.

European Integration in the Twenty-First Century Mary Farrell, Stefano Fella, Michael Newman, 2002-01-17 This accessible and innovative book recognizes that the European Union is now of crucial importance to the whole continent and analyses the situation in both the East and the West. It offers a thorough discussion of issues such as the euro, social policy, democracy and security and includes areas that are often overlooked: cultural policy, language, policing and the specific experience of small states. By analyzing past trends in European unity and disunity, *European Integration in the Twenty-first Century* also offers stimulating insights into possible

developments in the future Finally the book moves beyond a narrow preoccupation with the economic market to identify new ways in which to construct a broader more meaningful political and socio economic community Bringing together experts from different fields the book provides a comprehensive overview of the many challenges to the on going European integration project

Coming in from the Cold War Sabrina P. Ramet, Christine Ingebritsen, 2002 Since the end of the Cold War U S relations with Europe have charted a new course influenced especially by the dissolution of the Warsaw Pact the expansion of NATO and the growing strength of the European Union This volume analyzes U S interactions with Britain France Germany Spain Russia Poland and Ukraine and examines the new role for NATO and the evolving dynamics in the U S EU partnership Through their assessment of mutual perceptions evolving interests and clashing agendas the contributors offer a fresh and thoughtful exploration of the U S relationship with the major European states

Reluctant Europeans David Gowland, Arthur Turner, 2014-09-25 During the past fifty years few issues in British politics have generated such heated controversy as Britain s approach to European integration Why has Europe had such an explosive impact on British politics What impelled British policymakers to embrace a European destiny and why did they take such a cautious approach These are some of the key issues addressed in *The Reluctant Europeans* This new study draws upon recently available source material providing a clear chronological account and covering events right up to Blair s first year in office and the launch of the Euro

The Presidency of the European Commission under Jacques Delors K. Endo, 1999-01-13 This work is the first systematic study of the presidency of the European Commission Drawing upon cases of attempted leadership by Jacques Delors the Commission President from 1985 95 it examines the leadership capacity of the office holder This points to the inherently shared and contingent nature of Commission President s leadership in a Union where the leadership sources are widely dispersed While this is essentially an empirical study Endo addresses some of the theoretical implications of its findings and resulting issues

A Legal and Political Interpretation of Articles 224 and 225 of the Treaty of Rome Constantin Stefanou, Helen Xanthaki, 2019-01-15 First published in 1997 Article 224 is one of the most powerful Articles of the Treaty of Rome allowing a member state to take unilateral measures and to suspend some or all its Treaty based obligations in times of what can loosely be described as serious internal turmoil or external threat It is for this reason that the very next Article of the Treaty Article 225 allows the Commission or a member state to challenge invocation of Art 224 before the European Court of Justice ECJ on grounds of improper use In practice the use of Art 224 by a member state presents multiple problems The obvious connection with defence and security issues has inhibited the ECJ which still has not given an authentic interpretation of this Article As the recent former Yugoslav Republic of Macedonia FYROM cases Greek referral for the embargo on FYROM indicate unless the use of Art 224 is blatantly flippant the ECJ is not in a position to challenge a member state s unilateral measures

Unveiling the Magic of Words: A Overview of "**Maastricht And Beyond Building The European Union**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring.
