The British National Bibliography Arthur James Wells,1968 **The Cumulative Book Index** ,1999 Brinkman's catalogus van boeken en tijdschriften ,2001 With 1901 1910 1956 1960 Repertioium is bound Brinkman s Titel catalohus van de gedurende 1901 1910 1956 1960 Title varies slightly *Forthcoming Books* Rose Arny,1996-10 **Social Purpose, Commercialization, and Innovations in Microfinance** Md Aslam Mia,2022-03-07 This book analyses three key aspects of microfinancing namely social purpose commercialization and innovations and examines through a global perspective how these aspects helped and diverted microfinance institutions towards the attainment of their dual goals over the last twenty years Since microfinance remains informal in nature for most economies not all financial innovations are suitable for its needs Hence the arguments in the book put forth an important challenge to the advocates of innovations and subsequently highlight why MFIs should be cautious when integrating innovations to ensure its original promise The book is based on empirical analysis by utilising the latest and global microfinance market data rather than focusing on a specific region Thus the book bridges a gap in knowledge by unravelling detail of the social purpose commercialization and innovations within the field of microfinance and will be a valuable resource for those exploring the dynamics of innovations in microfinance

The Orient and the Young Romantics Andrew Warren,2014-11-06 Through close readings of major poems this book examines why the second generation Romantic poets Byron Shelley and Keats stage so much of their poetry in Eastern or Orientalized settings It argues that they do so not only to interrogate their own imaginations but also as a way of criticizing Europe s growing imperialism For them the Orient is a projection of Europe s own fears and desires It is therefore a charged setting in which to explore and contest the limits of the age s aesthetics politics and culture Being nearly always self conscious and ironic the poets treatment of the Orient becomes itself a twinned criticism of Romantic egotism and the Orientalism practised by earlier generations The book goes further to claim that poems like Shelley s *Revolt of Islam* Byron s *Eastern Tales* or even Keats s *Lamia* anticipate key issues at stake in postcolonial studies more generally
