## **Macbeth A Teacher Resource Unit:**

*Macbeth* Mary Anne Kovacs, Dennis P. Meier, Gary A. Tutty, 1988      **Resources in Education**, 2000      **Resources for Teaching English: 11-14** Helena Ceranic, 2011-04-28 English teachers constantly have to think up new ways to engage their class. It's hard enough for teachers to fit all their marking, extra-curricular duties and training into their lives, let alone finding time to think up exciting new ways of introducing Dickens or designing activities to bring Caribbean poetry to life. **Resources for Teaching English 11-14** provides complete curriculum-friendly lesson plans and student worksheets for busy secondary school teachers. This resource comprises an assortment of more than 70 lesson plans, each designed to motivate and inspire students and make the lesson go as smoothly and purposefully as possible. Each teacher's plan includes the aims and objectives of the lesson, a lesson starter, main lesson plan and plenary, each with suggested timeframes to help teachers keep inside the parameters of the lesson, homework ideas and tips for making it harder or easier for G/T or SEN students. Fully photocopiable or downloadable student worksheets accompany each lesson plan.      [Nelson English International Teacher's Resource Book 5](#) John Jackman, Wendy Wren, 2014-11 The Teachers Resource Book will show how the course provides an underpinning structure to the teaching of English, focusing particularly on the knowledge, skills and understanding of writing, while giving ample opportunity for reading, listening and speaking. Notes are given on how new skills and concepts are introduced slowly and progressively, and it is never assumed that a concept has been mastered simply because it has been introduced before. The teacher is able to monitor and estimate progress and attainment in a constant and convenient way, as assessment is an important component of the pupil material. Opportunities are constantly offered for reinforcement and revision, and when related skills and concepts are being introduced, the activities are designed to allow for earlier material to be revisited.      **Shakespeare and Higher Education** Sharon A. Beehler, Holger Klein, 2002 This yearbook contains essays by international scholars which deal with the relationship of Shakespeare and higher education. Topics include teaching Shakespeare in the multicultural classroom, using performance pedagogy and teaching Shakespeare to foreign language students.      **Delivering the Framework for Teaching English** Michael Ross, Keith West, 2002 Responding to the demands of the Framework for Teaching English Years 7-9 within the context of the revised National Curriculum, the Level Best series offers a carefully structured and motivating approach to English for Key Stage 3.      **Adventures in Literature, Teaching Resource C (Unit 5-6)** Holt, Rinehart and Winston Staff, 1996      **Differentiation in Practice: A Resource Guide for Differentiating Curriculum, Grades 9-12** Carol Ann Tomlinson, Cindy A. Strickland, 2005-08-15 Join Carol Ann Tomlinson and Cindy A. Strickland in the continuing exploration of how real teachers incorporate differentiation principles and strategies throughout an entire instructional unit. Focusing on the high school grades but applicable at all levels, *Differentiation in Practice: Grades 9-12* will teach anyone interested in designing and implementing differentiated curriculum how to do so or how to do so more effectively. Inside you'll find

Annotated lesson plans for differentiated units in English mathematics history science art and world languages Samples of differentiated product assignments learning contracts rubrics and homework handouts An overview of the non negotiables in differentiated classrooms and guidelines for using the book as a learning tool An extended glossary and recommended readings for further exploration of key ideas and strategies Each unit highlights underlying standards delineates learning goals and takes you step by step through the instructional process Unit developers provide running commentary on their use of flexible grouping and pacing tiered assignments and assessments and numerous other strategies The models and insight presented will inform your own differentiation efforts and help you meet the challenge of mixed ability classrooms with academically responsive curriculum appropriate for all learners
