Miller,2019-02-21 Numerous books have been written for adults who grew up coping with troubled and difficult parents Often the adults who read these books say I wish someone had told me that when I was a kid it might have helped me so much Unfortunately not much has been written for the kids who are coping in the present with difficult or troubled parents This book is written out of the belief that intelligent kids can use sound ideas to improve their lives either on their own or with the help of healthy adults It will offer help in sorting out whether a difficult situation may be a result of a parent s problems In this new third edition changes have been made throughout in order to update and refine the author s ideas Two

new chapters have been added as well The first new chapter addresses parents who tell lies Dishonest parents are motivated in several different ways but all dishonest parents pose special problems for their children The second chapter discusses the idea that all parents have problems some of the time In this chapter the author helps young people look at the challenges posed by recognizing that all parents even excellent ones have shortcomings and it differentiates between the ordinary shortcomings that all parents have and more serious problems in parenting This book is an excellent resource for therapists school counselors group leaders and others who work with children and teenagers and who want reading materials to recommend to them *Aging*, 1986 *Children and Their Families* Vicky R. Bowden, Cindy Smith Greenberg, 2010 *Children and Their Families* The Continuum of Care provides a unique interdisciplinary perspective that underscores the nurse's role in planning coordinating and working with all members of a pediatric health care team It shows students how to make critical judgments and assessments to manage the care of children in a variety of community settings including homes schools and medical centers From infancy through adolescence this text thoroughly covers the health promotion surveillance and maintenance needs of children In this edition threaded case studies follow a community of pediatric clients and continue throughout the chapter to show the interrelated dynamics of pediatric nursing care A companion Website includes journal articles NCLEX style chapter review questions a Spanish English audio glossary Watch and Learn videos a fluids and electrolytes tutorial and much more

Working with Substance-Affected Parents and their Children Menka Tsantefski, 2020-07-26 Working with families in which parents have problems with alcohol or other drugs can be complex stressful and intense This ground breaking guide helps human service workers to better support parents struggling to overcome substance use problems It draws together the perspectives of professionals from alcohol and other drug treatment centres child and family welfare groups as well as leading researchers in the fields of addiction and child protection and also provides practical strategies for understanding and overcoming common practice challenges In this book you will find guidelines for developing positive relationships with parents and children identifying what you need to know when undertaking an assessment ensuring the safety of families improving family life assisting parents when children are in care

and focusing on your own self care and professional development This is an essential resource for both students and professionals working in this challenging field The optimism wisdom and insight collated in this work makes this required reading for all of those whose working lives coincide with substance using parents or their children Professor David Best Chair Sheffield Addiction Recovery Research Group founder and co chair of Recovery Academy Australia *The Stressed Years of Their Lives* B. Janet Hibbs, Anthony Rostain, 2025-10-16 From two leading child and adolescent mental health experts comes a guide for the parents of every college and college bound student who want to know what's normal mental health and behavior what's not and how to intervene before it's too late The title says it all Chock full of practical tools resources and the wisdom that comes with years of experience The Stressed Years of their Lives is destined to become a well thumbed handbook to help families cope with this modern age of anxiety Brigid Schulte Pulitzer Prize winning journalist author of *Overwhelmed* and director of the Better Life Lab at New America All parenting is in preparation for letting go However the paradox of parenting is that the more we learn about late adolescent development and risk the more frightened we become for our children and the more we want to stay involved in their lives This becomes particularly necessary and also particularly challenging in mid to late adolescence the years just before and after students head off to college These years coincide with the emergence of many mood disorders and other mental health issues When family psychologist Dr B Janet Hibbs's own son came home from college mired in a dangerous depressive spiral she turned to Dr Anthony Rostain Dr Rostain has a secret superpower he understands the arcane rules governing privacy and parental involvement in students mental health care on college campuses the same rules that sometimes hold parents back from getting good care for their kids Now these two doctors have combined their expertise to corral the crucial emotional skills and lessons that every parent and student can learn for a successful launch from home to college *Cue Cards for Life* Christina Steinorth, 2012-05-08 With almost 7 billion people on the planet we're bound to run into communication problems sometime And though we know healthy relationships and a sense of community are essential for a healthy happy and successful life some of us are not equipped or quite prepared to deal with the situations and the life transitions we sometimes face Cue Cards for Life is a handy intuitive how to guide that can be easily applied in real life situations In her private practice as a psychotherapist Christina Steinorth noticed that many of her patients came in with the same communication problems Couples would neglect their love relationships parents would talk at their teens instead of talking to them and adults found few guidelines for interacting well with their aging parents In fact most people seemed to put more thought into deciding what to have for dinner than they did in choosing what they said and how they behaved in important situations As a result something seemed to go wrong but they were unsure of exactly what Steinorth made Cue Cards for her patients to help them with these recurring problems Cue Cards are deceptively simple reminders and remedies that anyone can use to immediately improve just about any relationship Each card is accompanied by a clear and encouraging explanation of the psychological principles

that make the cue card work These straightforward tips are so practical and down to earth that anyone can use them to communicate effectively with others minimize conflict and handle life transitions with greater ease The book starts with an overview of communication basics such as the importance of listening and eye contact boundaries and personal space and nonverbal communication body language Steinorth then offers prompts that highlight what to say and do in a variety of situations The book includes Cue Cards for improving communication relationships in the areas of love parent teen interaction caring for aging parents getting along with in laws and in the workplace There are also Cue Cards for weddings parties and major social events The book can be read cover to cover or readers can easily flip to sections relevant to their needs The 47 Cue Cards are presented visually as cards leaving potential for a later card deck These prompts can also be used daily as an overall commitment to improved relationships in one s life or to creatively foster more harmonious relationships in a group or between individuals Each card reminds the reader about some interpersonal basic such as taking responsibility earning respect being honest asking for help being kind being a good role model even grooming Cue Cards for Life can help people improve their daily interactions Most of us underestimate the power common courtesy and kindness have to improve all relationships and all of us encounter situations in life where we stumble a little Sometimes we need a gentle reminder a cue card a clue card to steer us back in the right direction
