Peter Whiffle; His Life and Works Carl Van Vechten, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1922 edition Excerpt Chapter X My story rolls on As I gaze back through the years gathering the threads of this history together trying to weave them into form I am amazed to recall how very few times comparatively speaking Peter and I met Yet I suppose I was his best friend during these years at any rate his most sympathetic friend If there were no other proof his will would offer excellent evidence in this respect But we saw each other seldom for a few hours a few days at best for a few weeks followed by a period of vacuum I had my own interests and doubtless he had his It was characteristic

that he never wrote letters to me with the exception of the one or two brief notes I have already inserted in the text His personality however was so vivid the impression he made on me was so deep that he always seemed to be with me even when the ocean separated us As I write these lines I could fancy that he stands beside me a sombrely joyous spectre I could believe that he bends over my shoulder or at any rate that presently I will hear a knock at the door and he will enter as he entered Martha Baker s studio on that afternoon in May so long ago The magic Florentine days marched to a close I say marched but the musical form was more exactly that of a gavotte a pavane or a stately Polish dance imagined by Frederic Chopin It was too perfect to last this life which appeared to assume the shape of conscious art One afternoon Peter and I motored to the old Villa Bombicci the design of which legend has attributed to the hand of Michael Angelo Now it had become a farmhouse and pigs and chickens a cock and a few hens straydogs and cats wandered about in the carious cortile We had come to bathe in the swimming pool a marble

Mina Loy's Critical Modernism Laura Scuriatti,2019-04-22 This volume argues that Loy s corpus of works produces a kind of critical modernism the author makes the case that Loy s corpus exhibits a skeptical

detached attitude towards its own simultaneous celebration and criticism of modernist aesthetic paradigms The author provides a new in depth investigation of specific aspects of the Florentine and Italian context in particular which have so far been neglected by scholarship The volume presents new insights into Loy s feminism and argues that her texts respond to the rewriting of Otto Weininger s then widely influential theories in the magazine Lacerba It shows that Loy s texts present dialogic narratable eccentric selves and subjectivities which create uncomfortable critical spaces within modernism as a broad movement

The Lady with the Borzoi Laura Claridge,2016-04-12 The untold story of Blanche Knopf the singular woman who helped define American literature Left off her company s fifth anniversary tribute but described by Thomas Mann as the soul of the firm Blanche Knopf began her career when she founded Alfred A Knopf with her husband in 1915 With her finger on the pulse of a rapidly changing culture Blanche quickly became a driving force behind the firm A conduit to the literature of Langston Hughes and the Harlem Renaissance Blanche also legitimized the hard boiled detective fiction of writers such as Dashiell Hammett James M Cain and Raymond Chandler signed and nurtured literary authors like Willa Cather Elizabeth Bowen and Muriel Spark acquired momentous works of journalism by John Hersey and William Shirer and introduced American readers to Albert Camus Andr Gide and Simone de Beauvoir giving these French writers the benefit of her consummate editorial taste As Knopf celebrates its centennial Laura Claridge looks back at the firm s beginnings and the dynamic woman who helped to define American letters for the twentieth century Drawing on a vast cache of papers Claridge also captures Blanche s witty loyal and amusing personality and her charged yet oddly loving relationship with her husband An intimate and often surprising biography The Lady with the Borzoi is the story of an ambitious seductive and impossibly hardworking woman who was determined not to be overlooked or easily categorized

Landscapes of Decadence Alex Murray,2016-12-01 The challenges posed by Decadence to Victorian moral conventions particularly sexual have been well documented but this book makes the case for understanding Decadence as a response to the ways in which place was accorded moral value in the period The book uses landscape as a key trope for exploring Decadent writing s approach to location and identity Drawing on a wide range of fin de si cle literature organised around a series of locations from Naples to New York Murray argues that Decadent writers developed a form of landscape and place based writing using a series of stylistic features to challenge the increasing homogenisation of both place and literary culture Decadence and the literature of the fin de si cle are re framed as a politically engaged form of landscape writing This is an ambitious and richly researched study

Gertrude Stein and the Making of an American Celebrity Karen

Leick,2013-05-13 This book is a cultural history of Stein s rise to fame and the function of literary celebrity in America from 1910 to 1935 By examining not the ways that Stein portrayed the popular in her work but the ways the popular portrayed her this study shows that there was an intimate relationship between literary modernism and mainstream culture and that modernist writers and texts were much more well known than has been previously acknowledged Specifically Leick reveals

through the case study of Stein that the relationship between mass culture and modernism in America was less antagonistic more productive and integrated than previous studies have suggested **Edinburgh Companion to Fin de Siecle**

Literature, Culture and the Arts Josephine M. Guy, 2017-10-23 The late nineteenth century fin de si cle has proved an enduringly fascinating moment in literary and cultural history It is associated with the emergence of intriguing figures such as the new woman and uranian with contradictory impulses of decadence and decay on the one hand and of experiment and renewal on the other as well as with unprecedented intercultural exchange especially between Britain and France The 22 newly commissioned essays collected here re examine some of the key concepts taken to define the fin de si cle while also introducing hitherto overlooked cultural phenomena into the frame such as the importance of humanitarianism The impact of recent research in material culture is explored particularly how the history of the book and the history of performance culture is changing our understanding of this period A wide range of cultural activities is discussed from participation in avant garde theatre to interior decoration and from the writing of poetry to political and religious activism Together the essays provide new scholarly insights into British fin de si cle and enrich our understanding of this complex period while paying particular attention to the importance of regionalism **Photo-Attractions** Ajay Sinha, 2022-11-11 In Spring 1938

an Indian dancer named Ram Gopal and an American writer photographer named Carl Van Vechten came together for a photoshoot in New York City Ram Gopal was a pioneer of classical Indian dance and Van Vechten was reputed as a prominent white patron of the African American movement called the Harlem Renaissance Photo Attractions describes the interpersonal desires and expectations of the two men that took shape when the dancer took pose in exotic costumes in front of Van Vechten s Leica camera The spectacular images provide a rare and compelling record of an underrepresented history of transcultural exchanges during the interwar years of early 20th century made briefly visible through photography Art historian Ajay Sinha uses these hitherto unpublished photographs and archival research to raise provocative and important questions about photographic technology colonial histories race sexuality and transcultural desires Challenging the assumption that Gopal was merely objectified by Van Vechten s Orientalist gaze he explores the ways in which the Indian dancer co authored the photos In Sinha s reading Van Vechten s New York studio becomes a promiscuous contact zone between world cultures where a photo erotic triangle is formed between the American photographer Indian dancer and German camera A groundbreaking study of global modernity Photo Attractions brings scholarship on American photography literature race and sexual economies into conversation with work on South Asian visual culture dance and gender In these remarkable historical documents it locates the pleasure taken in cultural difference that still resonates today Columbia University Course in Literature ,1929 Analysis and Assessment, 1940-1979 Cary D.
