Peter Stephen James And John Studies In Early Non Pauline Christianity:

Peter, Stephen, James and John F. F. Bruce, 1994-08 This concise yet scholarly study elucidates four of the non Pauline movements in the early church each of which can be identified with a particular leader Peter Stephen James and John Bruce skillfully interprets the limited source materials found in Paul's letters the Acts of the Apostles the Gospels and other early Christian writings to provide an informative and illuminating work Peter, Stephen, James, and John Frederick Fyvie Bruce, 1908 **Peter, Stephen, James, and John** Frederick Fyvie Bruce, 1980 **Peter, Stephen, James, and John**

Frederick Fyvie Bruce, 1980 Presents several non Pauline movements in the early church led by Peter Stephen James John *The Importance of Peter in Early Christianity* Paul Barnett, 2016-03-01 This fascinating new book by Paul Barnett an expert in the New Testament traces Peter's life chronologically from his beginnings in Bethsaida to his martyrdom in Rome c 64 It demonstrates the importance of the apostle Peter to earliest Christianity and to our own day through the biblical narratives and his letters The record of his leadership between the resurrection of Jesus and Peter's own death secured the vocation Jesus commissioned him to have as the rock From failure to success from denying Jesus to leading his Church in Jerusalem and beyond Peter's is a remarkable and inspiring narrative his contribution to early Christianity was unique and irreplaceable Paul Barnett is not only a sure guide to the subject but a pastorally sensitive writer and communicator **The Rise of Normative Christianity** Arland J. Hultgren, 2004-07-05 More than fifty years ago Walter Bauer's *Orthodoxy and Heresy in Earliest Christianity* undercut the traditional views on the making of orthodox Christianity by arguing that in several geographic areas heresy preceded orthodoxy Subsequently the ancient documents discovered at Nag Hammadi proved that early Christianity was tremendously diverse These influences have given rise to the notion that the various gnostic interpretations are mere alternatives to more traditional interpretations of Jesus and his significance Using a focused but broad definition of normative Christianity Hultgren contends that such a tradition originated at the very beginnings of the Christian movements developed and came to dominate as the most adequate expression of Jesus' legacy Normative Christianity a stream as wide as the New Testament canon forged a coherence between confession of faith and community ethos that could endure and was the basis for later orthodoxy The Brother of Jesus and the Lost Teachings of Christianity Jeffrey J. Bütz, 2005-01-25 Reveals the true role of James the brother of Jesus in early Christianity Uses evidence from the canonical Gospels apocryphal texts and the writings of the Church Fathers to reveal the teachings of Jesus as transmitted to his chosen successor James Demonstrates how the core message in the teachings of Jesus is an expansion not a repudiation of the Jewish religion Shows how James can serve as a bridge between Christianity Judaism and Islam James has been a subject of controversy since the founding of the Church Evidence that Jesus had siblings contradicts Church dogma on the virgin birth and James is also a symbol of Christian teachings that have been obscured While Peter is traditionally thought of as the leader of the apostles and the rock on which Jesus built his church Jeffrey Bütz shows that it was James who led the

disciples after the crucifixion It was James not Peter who guided them through the Church s first major theological crisis Paul s interpretation of the teachings of Jesus Using the canonical Gospels writings of the Church Fathers and apocryphal texts B tz argues that James is the most overlooked figure in the history of the Church He shows how the core teachings of Jesus are firmly rooted in Hebraic tradition reveals the bitter battles between James and Paul for ideological supremacy in the early Church and explains how Paul s interpretations which became the foundation of the Church are in many ways its betrayal B tz reveals a picture of Christianity and the true meaning of Christ s message that are sometimes at odds with established Christian doctrine and concludes that James can serve as a desperately needed missing link between Christianity Judaism and Islam to heal the wounds of centuries of enmity **Alternative Christianities Volume I** Vince Nicola, 2014-02-17

Alternative Christianities is a series of books articles and lectures This is only Volume I which introduces the many ancient Christian sects that were ostracized and had their Sacred Scriptures what they were taught by one Jesus direct Disciples not only left out of the New Testament but also suppressed banned and destroyed in the early centuries of Christianity by the emerging universal catholic Christian Church Vince Nicolas is a historian not a theologian Vince is a teacher not a preacher Vince extensively researched this subject from the works of the best university religious studies professors in the United States Additionally in compiling his treatise Vince learned how the New Testament besides more Sacred Scriptures were consciously being left out than included many of the texts that were included had been repeatedly changed either accidentally or intentionally to suit the emerging Christian church and their preferred Christian teachings then to accommodate the numerous and compounded Protestant Reformations Consequently today there is not ONE Christian Bible or ONE Christian religion but dozens of versions of the Christian Bible and thousands of iterations of Christian religions denominations sects and cults Christianity is a hodgepodge disaster as viewed by outsiders A 20th century discovery of these discarded ancient texts brought them back to light More amazing are the differences from the traditional Christianity being taught and followed today This made many of today s Biblical scholars theologians and university professors question whether we all have been led down the wrong Christian path for the past 2 000 years In fact these ancient discarded Alternative Christianities even make more sense in today s world and brings Christianity back to being a religion of Good News Maybe these recent discoveries were a Divine intervention to adjust Christianity back onto its right path the real path that was intended by Jesus Christ Maybe people now can have a fresh and refreshing new look at Christianity Volume I is guaranteed to pique your interest get you hooked and make you want to go more in depth in Volumes II and III This treatise is not only very enlightening and educational for Christians but also for our intertwined Abrahamic descendant Judaism and Islam relatives This is an ecumenical book it is not meant to convert anyone promote any religion or disseminate anyones beliefs This series is a MUST READ for any serious theology or religious studies student to have a complete comprehension of the Bible and Christianity especially if they are going to teach or preach it intelligently and correctly or just for your own

education WARNING This series will ruffle many feathers among the ultra conservative and closed minded communities and promises to be very controversial GET YOUR CORRECT FACTS HERE **Exploring Scriptural Sources** Aaron Milavec,1994 Exploring Scriptural Sources is an innovative ecumenical textbook enabling students to explore key aspects of the early Christianity using primary texts The interactive aspect of the case study methodology problem based learning is engaging even for bored college students and enables persons with no background in textual criticism to learn it rudiments effortlessly This textbook is a natural choice for introductory New Testament courses *Chronos, Kairos, Christos II* Ray Summers,Jerry Vardaman,1998 Christian theologian and educator Ray Summers Baylor University influenced the lives of more than one generation of students many of whom are now teachers ministers and missionaries This collection of essays in honor of Mr Summers focuses on his many interests which are also concerns of many people today liberty of conscience civil religion warfare the New Testament especially the Gospels and other topics *The Gentile Mission in Old Testament Citations in Acts* James A. Meek,2009-04-23 Scholarship on the uses of the Old Testament in Luke Acts has tended to focus upon the role played by the Old Testament in the development of the author s Christology James Meek however draws out the theme of the Gentile mission in Acts as it relates to the Old Testament and gives particular attention to four texts 13 47 Isa 49 6 15 16 18 Amos 9 11 12 2 17 21 Joel 3 1 5 MT 3 25 Gen 22 18 The quotations in Acts 13 and 15 receive greater attention because they explicitly address the issue of the Gentile mission the two earlier texts anticipate it and because of particular interpretive questions raised by these texts Meek argues that while there are similarities in the quotations in Acts with the Old Greek form of the cited texts the argument never depends on distinctive readings of the Old Greek He therefore rejects claims that the author s use of Old Testament texts is dependent entirely on the Old Greek He also maintains that all four quotations are used in a manner consistent with their sense in their original contexts contrary to the common assertion that the New Testament commonly cites Old Testament texts without regard for original sense or context His third principal argument is that these Old Testament quotations function as proof from prophecy contrary to the argument of some In particular they are cited to demonstrate the legitimacy of the Gentile mission as conducted by the early church and of the Gentiles place among the people of God showing these ideas to be central to the author s purpose **Dictionary of Paul and his letters** GERALD F HAWTHORNE,RALPH P MARTIN,DANIEL G REID,2020-05-21 The Dictionary of Paul and his letters is a one of a kind reference work Following the format of its highly successful companion volume the Dictionary of Jesus and the Gospels this Dictionary is designed to bring students teachers ministers and laypeople abreast of the established conclusions and significant recent developments in Pauline scholarship No other single reference work presents as much information focused exclusively on Pauline theology literature background and scholarship In a field that recently has undergone significant shifts in perspective the Dictionary of Paul and His Letters offers a summa of Paul and Pauline studies In depth articles focus on individual theological themes such as law resurrection and Son of God broad theological

Local Worship, Global Church Mark R.

Francis, 2014 How would the history of Roman Catholic worship look if it were viewed first from the perspective of the people in the pews rather than through the deliberations of popes and church councils or the writings of theologians How did the common people down through the ages understand what they were doing when they came together in worship and was this understanding always the same as the official interpretation of the church authorities In *Local Worship Global Church* Mark Francis explores the history of the liturgy from the bottom up rather than from the top down and comes to conclusions that complement our understanding of the history of the liturgy and its relationship to faithful Christians from the first century CE to our own time

The Papacy and the Orthodox Anthony Edward Siecienski, 2017 The Papacy and the Orthodox examines the centuries long debate over the primacy and authority of the Bishop of Rome especially in relation to the Christian East and offers a comprehensive history of the debate and its underlying theological issues Siecienski masterfully brings together all of the biblical patristic and historical material necessary to understand this longstanding debate This book is an invaluable resource as both Catholics and Orthodox continue to reexamine the sources and history of the debate
