Sivertsen,2010-05-10 *The Three Pillars* How Family Politics Shaped the Earliest Church and the Gospel of Mark examines how family relationships played a key role in the earliest Christian church By disentangling the two disparate genealogies of Jesus the author reconstructs the families of Joseph and Mary Presented here for the first time is the full ancestry of Jesus mother Mary who was descended from the anti Hasmonian high priest Alcimus The author suggests that Mary and her daughter Mary played a hitherto unrecognized role in the church s earliest leadership struggle and that a composite of these

two women not Mary Magdalene was the basis for the Gnostic Mary of later Christian works The author next explores how this early leadership conflict shaped the Gospel of Mark which she argues was written by Peter's son She discusses Mark's footprint in this Gospel and how Mark's resentment of the relatives of Jesus his ambivalence toward his father and his anger at the disciples for ceding leadership to these relatives is at the heart of some of the most distinctive features of the Second Gospel features that have perplexed biblical scholars and laymen for centuries The last section examines the mysterious Beloved Disciple in the Gospel of John The author concludes that the many unlikely elements in the account of the arrest and interrogation of Jesus can only be explained by seeing the Beloved Disciple as a close relative of the high priest Caiaphas and that this family relationship was crucial to the protection of the early Christians in Jerusalem The book's final chapter offers reflections on how kinship played an important role in Jesus' ministry and how the high priestly leadership responded to him in part because of his family lineage

The Awe of The Two Natures and Miracles of Christ Jesus Dr Ibim

Alfred, 2023-01-26 The miracles of Christ Jesus are recorded by all the Four Gospel writers which are treated in accordance with arrangement of each writer in their respective books A careful reading and scrupulous examination in Matthew Mark Luke and John shows that the three categories of the miracles mentioned above are mixed up or rather placed or scattered haphazardly Please note this does not in any way constitute to contextual criticism The main task of this book is to re-cast or re-set these three types of miracles which are unsystematically or indiscriminately placed in the Four Gospels and to meticulously put them in an organised or methodically order or format Under the guidance of the Holy Spirit this had been achieved in this book and this is one of the strongest and positive advantages and strength which makes this book unique and special This makes it possible to read these amazing wonders with ease and without tears

Characterization in the Gospels

David Rhoads, Kari Syreeni, 1999-01-01 This volume examines characterization in the four Gospels and in the Sayings Gospel Q Peter in Matthew Lazarus in John and Jesus as Son of Man in Q are examples of the characters studied The general approach is narrative critical At the same time each contribution takes special effort to widen the scope beyond the narrated world to include the text's ideological and real life setting as well as its effective history New ways of doing narrative criticism are thus proposed The concluding essay by David Rhoads delineates the development and envisions the future of narrative criticism in Gospel studies

Good Morning, Monster Catherine Gildiner, 2020-09-22

As seen on Good Morning America's SEPTEMBER 2020 READING LIST and FAVORITE BOOKS OF 2020 We need to read stories about folks who have been through hell and kept going Fascinating Glennon Doyle A Favorite Book of 2020 on Good Morning America Gildiner is nothing short of masterful as both a therapist and writer In these pages she has gorgeously captured both the privilege of being given access to the inner chambers of people's lives and the meaning that comes from watching them grow into the selves they were meant to be Lori Gottlieb New York Times bestselling author of *Maybe You Should Talk to Someone* In this fascinating narrative therapist Catherine Gildiner's presents five of what she calls her most heroic and memorable patients

Among them a successful first generation Chinese immigrant musician suffering sexual dysfunction a young woman whose father abandoned her at age nine with her younger siblings in an isolated cottage in the depth of winter and a glamorous workaholic whose narcissistic negligent mother greeted her each morning of her childhood with Good morning Monster Each patient presents a mystery one that will only be unpacked over years They seek Gildiner s help to overcome an immediate challenge in their lives but discover that the source of their suffering has been long buried As in such recent classics as The Glass Castle and Educated each patient embodies self reflection stoicism perseverance and forgiveness as they work unflinchingly to face the truth Gildiner s account of her journeys with them is moving insightful and sometimes very funny Good Morning Monster offers an almost novelistic behind the scenes look into the therapist s office illustrating how the process can heal even the most unimaginable wounds

Practical Social Work Law Siobhan E. Laird, 2014-05-01 Practical Social Work Law analysing court cases and inquiries presents legal issues associated with social work in an accessible format

It approaches the law in a way that is less daunting and more engaging by examining actual court cases and public inquiries and explores the stories of real people and the legal and ethical dilemmas practitioners will face. The text adopts a problem-centred approach to learning by introducing the reader to key aspects of the law through a series of real life situations. It addresses basic principles regarding the operation of the law and explores the lessons for good practice. Each chapter addresses a specific area of social work law including family breakdown, safeguarding children, youth justice, adults with disabilities, mental health and mental capacity. Landmark cases, cases drawn from the lower courts, tribunals and ombudsman's decisions are included throughout, presenting an accessible account of the application of the law. *Practical Social Work Law* is an essential text for undergraduate, postgraduate and recently qualified social workers who are wrestling with the complexity of the law and the professional dilemmas it poses for their practice. This book is unusual for a law book in that it is not only a reference book but also a very readable volume. It is set out clearly and provides a sound basis for student social workers new to the law and a refresher for qualified practitioners. Catherine Poulter, RSW, Integrated Community Services, Carmarthenshire County Council. *Matthew* R. Alan Culpepper, 2022-03-01. In this new critical commentary for the New Testament Library series, R. Alan Culpepper sets the Gospel of Matthew in the context of the competing Jewish and early Christian voices of the first century, bringing greater clarity to Matthew's own proclamation of the gospel and inviting readers to give up perhaps long-held assumptions about the book. In Culpepper's treatment, Matthew emerges as a Gospel for a Jewish community distinguishing itself from the Pharisees on one side and other early Christian traditions and leaders, especially Paul and his followers, on the other. In this framework, Matthew calls his community to faithful observance of the law, a law-observant mission to both Jews and Gentiles, and repentance and the practice of forgiving in preparation for the coming judgment. Accordingly, Matthew takes readers back to an early period before the separation of Jewish Christians from the synagogues. By taking seriously Matthew's Jewishness, this volume also enables readers to hear the historical Jesus more clearly. Excursuses on Matthew's social setting include Jesus as healer, Sabbath observance, Roman taxation, the Pharisees, the tithes, ancient weddings and the Sanhedrin, as well as many shorter units on Second Temple Judaism, synagogues and first-century Galilean society. The New Testament Library series offers authoritative commentary on every book and major aspect of the New Testament, providing fresh translations based on the best available ancient manuscripts, critical portrayals of the historical world in which the books were created, careful attention to their literary design, and a theologically perceptive exposition of the biblical text. The contributors are scholars of international standing. The editorial board consists of C. Clifton Black, Princeton Theological Seminary; John T. Carroll, Union Presbyterian Seminary; and Susan E. Hylen, Candler School of Theology, Emory University. *Narrative Approaches in Play with Children* Ann Cattanach, 2007-11-15. Ann Cattanach explains how children's stories and narratives, whether they are about real or imagined events, can be interpreted as indicators of their experiences, their ideas and a dimension of who they are. She uses examples of children's stories from her
