Peterson's Guide To Two Year Colleges 1990 Peterson's Guides:

Peterson's Guide to Two-Year Colleges, 1995 Peterson's Guides, Peterson's Guides Staff, 1994-08 Here is complete accurate information on more than 1 400 U S two year colleges schools that grant the associate degree as their highest degree Backed by Peterson's more than 25 years of helping students find the right college this guide presents concise statistical data plus in depth descriptions of each college Peterson's Guide to Two-Year Colleges, 1996 Peterson's Guides, Inc, 1995-08-26 A Comprehensive guide to the more than 1 600 junior and community colleges in the U S and Canada as well as general information about application older students financial aid and other topics Handbook of Reference Sources and Services for Small and Medium-Sized Libraries Margaret I. Nicholas, 1996-07 Lists over 750 sources focusing on the reference needs of adults The primary objective was to select quality reference tools which cover many different topics Topics include general works biography philosophy religion language literature visual arts applied sciences sports and recreation home life social customs and education **Peterson's Guide to Two-Year Colleges, 1990**, 1989-08-01 Describes and indexes by program some 1 450 colleges *Peterson's Guide to Four-Year Colleges, 1995* Peterson's Guides, Inc, 1994-06 This year's edition of Peterson's bestselling guide features extended coverage of student life faculty and programs career planning services and financial policies in addition to the unparalleled detailed information on nearly 2 000 four year colleges that readers have come to expect *Peterson's 2 Year Colleges*, 2001 *Next Steps* Nedra Klee Hartzell, 1997 *Peterson's Guide to Two-Year Colleges, 1990* Andrea E Lehman, 1989-08-01 Describes and indexes by program some 1 450 colleges **The Management of Library and Information Studies Education** Herman L. Totten, 1992 In *The Management of Library and Information Studies Education* leading educators discuss the management and various components of library and information education as they pertain to accreditation standards for library and information schools It brings together valuable information on library accreditation essential to all library professionals concerned with the goals of professional education for library and information studies Deans professors librarians and students at library schools will find valuable insights into the management of library and information studies education and its applications to the components that accompany the structure of their profession This informative volume addresses the rationales strategies and trends in library science as well as the influences from other disciplines that impact the management of library education Contributors identify topics that look to the future to help readers with long range planning and management for library education This comprehensive book is divided into seven sections each covering a different area of the management of library education such as the timetable for the revision of the 1972 Standards for Accreditation the mission goals and objectives of library and information science educational institutions generally with an examination of the philosophies and availability of various programs around the country the traditional curricula in the library and information science school and its enhancement and expansion challenges in faculty management setting priorities between the demands

to teach and advise to conduct research and to contribute to the university generally examination of the management of students and analysis of demographic characteristics diversification admission standards and recruitment patterns financial support and funding for library and information science schools assessment of the management of an evaluation accreditation policies and procedures and the activities involved before during and after an on site visit Educators in library and information studies programs university administrators and those interested in libraries will find *The Management of Library and Information Studies Education* to be required reading Those interested in accreditation issues and evaluation practices as well as management in general will find this book to be of lasting value in setting goals and manageable objectives for a wide variety of institutions and organizations **The Cumulative Book Index** ,1991 A world list of books in the English language *Dewey Reconfigured* Casey Haskins,David I. Seiple,1999-10-07 Addresses recent perspectives central to the interpretation and criticism of Dewey s philosophy *Resources in Education* ,1993 Data Bases Available in the Research Information Center of the National Institute of Standards and Technology Diane Cunningham,National Institute of Standards and Technology (U.S.). Research Information Center,1990 **Resource Directory** ,1989

Computing Professionals National Research Council,Division on Engineering and Physical Sciences,Office of Scientific and Engineering Personnel,Computer Science and Telecommunications Board,A Workshop Prepared by the Steering Committee on Human Resources in Computer Science and Technology,1993-02-01 Surprisingly little is known about the people responsible for advancing the science technology and application of computing systems despite their critical roles in the U S economy As a group they can be referred to as computing professionals But that label masks an unusually wide range of occupations To add to the confusion the nature of these occupations is changing rapidly in response to dramatic advances in technology Building from discussions at a workshop this book explores the number composition demand and supply of computing professionals in the United States It identifies key issues and sources of data and illuminates options for improving our understanding of these important occupational groups *Faxon ... Librarians' Guide to Serials* ,1990 BRS Bulletin Bibliographic Retrieval Services, Inc,1992 Handbook for the College and University Career Center Edwin L. Herr,Jack Rayman,Jeffrey W. Garis,1993-05-30 This professional reference provides a comprehensive historical theoretical and practical overview of career centers in colleges and universities The authors present and discuss various models of providing career services as well as ways to work with various constituent groups of clients The volume emphasizes the pragmatics of planning managing and implementing career centers and provides examples of forms policies and strategies that have been proven to work While the focus of the book is on practicality the book emphasizes how theory should guide practice The reference gives direct and proven examples of how to implement a comprehensive array of career services in a college or university The authors address three points that are fundamental in providing career services First they trace the evolution of the delivery of college career services and they review various career center models Second they provide

information and strategies that are necessary for the planning organization staffing funding and management of a college career center Third they review a range of services that may be provided by career centers including counseling assessment computer based guidance systems programming career information and placement Each chapter includes a list of references and a selected bibliography concludes the work The result is a reference bound to be of value to a wide range of student services personnel

Guide to Reference Books Robert Balay,Vee Friesner Carrington,Murray S. Martin,1996 Presents an annotated bibliography of general and subject reference books covering the humanities social and behavioral sciences history science technology and medicine

American Reference Books Annual Bohdan S. Wynar,1991 1970 issued in 2 vols v 1 General reference social sciences history economics business v 2 Fine arts humanities science and engineering
