Mikesell,2016-02-12 Originally published in 1984 this study focuses on petroleum agreements between non OPEC LDCs with oil importing LDCs and how issues such as high oil prices affect each country The information presented in this study was drawn from interviews with petroleum officials in petroleum companies petroleum ministries and unpublished documents such as contracts and focussing on case studies of countries such as Peru Guatemala and Malaysia This title will be of interest to students of environmental studies and economics

Petroleum Engineering ,2012-12-06 The need for this book has arisen from demand for a current text from our students in Petroleum Engineering at Imperial College and from post experience Short Course students It is however hoped that the material will also be of more general use to practising petroleum engineers and those wishing for an introduction into the specialist literature The book is arranged to provide both background and overview into many facets of petroleum engineering particularly as practised in the offshore environments of North West Europe The material is largely based on the authors experience as teachers and consultants and is supplemented by worked problems where they are believed to enhance understanding The authors would like to express their sincere thanks and appreciation to all the people who have helped in the preparation of this book by technical comment and discussion and by giving permission to reproduce material

In particular we would like to thank our present colleagues and students at Imperial College and at ERC Energy Resource Consultants Ltd for their stimulating company Jill and Janel for typing seemingly endless manuscripts Dan Smith at Graham and Trotman Ltd for his perseverance and optimism and Lesley and Joan for believing that one day things would return to normality John S Archer and Colin G Wall 1986 ix Foreword Petroleum engineering has developed as an area of study only over the present century It now provides the technical basis for the exploitation of petroleum fluids in subsurface sedimentary rock reservoirs
