Sex and the Short Story James Cumes, 2013-04 A Sense Of Place Publishing is proud to include Dr James Cumes amongst its authors The publication of his sweeping essay on the evolution of Sex and the Short Story represents the first of what we hope will be many further contributions from this esteemed writer The book examines the evolution of the language such as when specific words first appeared in English dictionaries associated with sexual descriptions in novels and short stories pans across obscenity trials and looks with some amazement at the rapid evolution from prudishness to a point where almost anything goes It serves as a

stand alone piece on the changing social mores and also serves as an introduction to subsequent volumes of Dr James Cumes short stories to be published by A Sense of Place Publishing These include Dirty Weekend and Life Is A Belly Dance He worked his way up the Australian Foreign Affairs Department and subsequently became a distinguished Australian Ambassador to the European Union after holding diplomatic posts including Ambassador and Head of Mission in Paris Geneva London Bonn and Berlin His career has also included acting as Australian representative to the United Nations and Governor on the Board of the International Atomic Energy Agency Cumes is now working on two books of memoirs derived from his period as High Commissioner to Nigeria While his pursuit into erotica and the short story seems at odds with the official nature of much of James Cumes career and other writings his diversity of interests make him one of Australia s few truly Renaissance characters

Mrs Petrova's Shoe Wilhelm Agrell,2019-02-21 Two men are holding a woman between them in a firm grip In one hand she is carrying her handbag the other she places on her heart The man on her right stares into the camera his colleague stares resolutely ahead But there is something else something missing The despairing woman is wearing only one shoe On 19 April 1954 the world was gripped by an unfolding drama at Sydney Airport A small seemingly fragile woman was being aggressively marched to an awaiting plane by two burly men Evdokia Petrova was the wife of Soviet diplomat Vladimir Petrov who two weeks earlier had defected from the embassy in Canberra after a prolonged cultivation by the Australian Security Service supported by MI5 Evdokia was now being hurried back to Moscow by the KGB The subsequent intervention by Australian Prime Minister Robert Menzies kept the world s media on tenterhooks But who were the couple at the centre of this global news story After the defection it turned out that Evdokia was in fact an even bigger catch than her husband With a background both in cryptological work in Moscow and in field operations she was able to supply Western intelligence with a wealth of information and insight into the workings of the Soviet intelligence

system With access to newly released archives and sources this book sheds extraordinary new light on the two people at the heart of the Petrov Affair one of the most bizarre stories of the Cold War era The History of the Russian Church in Australia Michael A. Protopopov,2021-09-01 In the pages of this book the history of the Russian Orthodox Church in Australia is diligently chronicled within the wider context of the place of ethnic Russians in a dominantly anglophone society that of what was at first a British colony and later became an independent state It begins with the first contact of Russian naval ships with the Australian continent in the early nineteenth century and progresses through to the establishment of the first parish of Orthodox believers in Melbourne in the 1890s the establishment of further churches and ultimately the creation of a diocese The catalyst for much of this was the arrival of thousands of Russians fleeing their homeland via Siberia after the Bolshevik revolution of 1917 For these newly dispossessed Australia and New Zealand became havens of safety and the Russian Orthodox Church an echo of the Motherland they had lost They were later joined by successive waves of fellow Russians after the end of World War II in 1945 and again after the fall of the Soviet Union in 1991 Together these refugees and their descendants created a unified organism that retained a sense of shared heritage and purpose and in turn provided a home to spiritual seekers who were not of their ethnic lineage In writing this work the author has drawn on extensive archival sources spread over several continents together with his own life experience having arrived as a small boy in Australia over six decades ago First published in 2006 this new edition includes an added chapter recounting the ongoing story from the beginning of the twenty first century through to the end of 2020 covering the effects on the Church in Australia of major world events as diverse as the reunification of the Russian Church Abroad with the Patriarchate of Moscow in 2007 and the global coronavirus pandemic that arrived in Australia in 2020 **Displaced Comrades** Ebony

Nilsson,2023-11-02 This book explores the lives of left wing Soviet refugees who fled the Cold War to settle in Australia and uncovers how they adjusted to life under surveillance in the West As Cold War tensions built in the postwar years many of these refugees happily resettled in the West as model refugees proof of capitalist countries superiority But for a few this was not the case Displaced Comrades provides an account of these Cold War misfits those refugees who fled East for West but remained left wing or pro Soviet Drawing on interviews government records and surveillance dossiers from multiple continents this book explores how these refugees ideas took root in new ways As these radical ideas drew suspicion from western intelligence these everyday lives were put under surveillance shadowed by the persistent threat of espionage With unprecedented access to intelligence records Nilsson focuses on how a number of these left wing refugees adjusted to life in Australia opening up a previously invisible segment of postwar migration history and offering a new exploration of life as a Soviet enemy alien in the West **Politics in the Blood** Paul Davey,2008 Biography of three generations of the one family Hubert Doug and Larry Anthony all of whom for over some 70 years held the Federal seat of Richmond in NSW for the National Party Note that the hold on the seat was not continuous for this entire period Author is also a member of the

National Party Provided by publisher Historian's Life Fay Anderson, 2017-04-28 Max Crawford was one of Australia's pre eminent historians. As both a participant in and observer of many decisive episodes of the era: Europe in the midst of the Depression, America and Russia at the height of World War II, post war reconstruction and the Cold War in Australia, Crawford was regarded as a radical and outspoken defender of intellectual autonomy. This biography considers Crawford as an historian and a public intellectual. It relates his experiences as a student at Sydney and Oxford, a struggling teacher during the Depression, as the head of the History School at the University of Melbourne, a diplomat in wartime Russia, and a Cold War victim and accuser. The study of Crawford's life provides insight into one man's experience in the midst of political turmoil and the limits of intellectual autonomy on Australian campuses, as well as the suspicion of liberal intellectuals in Australian public life, the repression of academic radicals, and ASIO's attempts to stifle dissident voices. Spanning his life 1906-1991, Crawford's political and intellectual journey suggests the changing nature of Australian progressive liberalism and the precarious state of academic freedom.
