The climbers were mobbed at train stations and were featured in movies and plays James Hilton created the mythical land of Shangri La in Lost Horizon while an English eccentric named Maurice Wilson set out for Tibet in order to climb Mount Everest alone And in the darkened corridors of the Third Reich officials soon discovered the propaganda value of planting a Nazi flag on top of the world's highest mountains Set in London New York Germany and in India China and Tibet The World Beneath Their Feet is a story not only of climbing and mountain climbers but also of passion and ambition courage and folly tradition and innovation tragedy and triumph Scott Ellsworth tells a rollicking real life adventure story that moves seamlessly from the streets of Manhattan to the footlights of the West End deadly avalanches on Nanga Parbat rioting in the Kashmir and the wild mountain dreams of a New Zealand beekeeper named Edmund Hillary and a young Sherpa runaway called Tenzing Norgay Climbing the Himalayas was the Greatest Generation's moonshot one that was clouded by the onset of war and then incredibly fully accomplished A gritty fascinating history that promises to enrapture fans of Hampton Sides Erik Larson Jon Krakauer and Laura Hillenbrand The World Beneath Their Feet brings this forgotten story
