Danielou reconstructs the fabric of our ancient relationship with creation vividly relating practices that were observed from the Indus Valley to the coasts of Portugal at least six thousand years ago [The Siva Purana Part 1](#) J. L. Shastri, 2000-01-01

The Purana is a class of literature that treats of ancient religion philosophy history sociology politics and other subjects It is an encyclopaedia of various branches of knowledge and ancient wisdom It has been defined as a class of literature that contains material on the topics of Creation Dis solution of Manus Ages of Manus Genealogies and the History of glorious kings For dealing primarily with these subjects it has been called Pancalaksana a title that was incorporated in the Puranas themselves and had become popular by the Fifth Century A D for it was included by Amarasimha in his lexicon Amarakosa But as the process of interpolation continued the Pancalaksana definition was found inadequate The Puranic redactors adopted a Dasalaksana definition that suited the contemporary text Still the dynamic forces were at work and the process of insertion modification and abridgement went on and it was soon discovered that the Dasa laksana definition too fell short of an actual fact It was found that the Puranas contained certain aspects that were not covered by any five or ten characteristics The Puranas are divided into two classes the Maha puranas and the Upapuranas Each class consists of eighteen Puranas Thus the number of the Puranas is thirty six Mahapuranas are classified into different categories Vaisnava Brahma Saiva etc Sivapurana has all the characteristics of a Mahapurana According to the ancients a Mahapurana contained five main characteristics that concerned either early religion or traditional history Sivapurana possesses the conventional characteristics of a Mahapurana in common with its other colleagues These entitle it to the status of a great Purana But its real greatness lies in expounding the philosophical background of the Siva ritual The Purana conceives Siva as the eternal principle the supreme god the cosmic soul the support of all existence But the ignorant aspirant bound in the meshes of illusion goes in quest for knowledge and imagines that his lord has a personal form possessed of attributes distinct from his self who in moments of distress responds to his prayers and bestows grace [Sex in Civilization](#) Victor Francis Calverton, Samuel Daniel Schmalhausen, 1929 Several pages on homosexuality see index **The American Journal of Religious Psychology and Education** Granville Stanley Hall, 1911 **The Non-Christian Cross** John Denham Parsons, 2020-01-02 The history of the symbol of the cross has had an attraction for the author ever since as an enquiring youth he found himself unable to obtain satisfactory answers to four questions concerning the same which presented themselves to his mind Pursuing these matters for himself the author eventually found that even before our era the cross was venerated by many as the symbol of Life though our works of reference seldom mention this fact and never do it justice He moreover discovered that no one has ever written a complete history of the symbol showing the possibility that the stauros or post to which Jesus was affixed was not cross shaped and the certainty that in any case what eventually became the symbol of our faith owed some of its prestige as a Christian symbol of Victory and Life to the position it occupied in pre Christian days The author has therefore in the hope of drawing attention to the subject incorporated the results of his researches in the

present book **The Fox and the Jewel** Karen A. Smyers, 2021-05-25 The deity Inari has been worshipped in Japan since at least the early eighth century and today is a revered presence in such varied venues as Shinto shrines Buddhist temples factories theaters private households restaurants beauty shops and rice fields Although at first glance and to its many devotees Inari worship may seem to be a unified phenomenon it is in fact exceedingly multiple noncodified and noncentralized No single regulating institution dogma scripture or myth centers the practice In this exceptionally insightful study the author explores the worship of Inari in the context of homogeneity and diversity in Japan The shape shifting fox and the wish fulfilling jewel the main symbols of Inari serve as interpretive metaphors to describe the simultaneously shared yet infinitely diverse meanings that cluster around the deity That such diversity exists without the apparent knowledge of Inari worshippers is explained by the use of several communicative strategies that minimize the exchange of substantive information Shared generalized meanings *tatemaie* are articulated while private meanings and complexities *honne* are left unspoken The appearance of unity is reinforced by a set of symbols representing fertility change and growth in ways that can be interpreted and understood by many individuals of various ages and occupations The Fox and the Jewel describes the rich complexity of Inari worship in contemporary Japan It explores questions of institutional and popular power in religion demonstrates the ways people make religious figures personally meaningful and documents the kinds of communicative styles that preserve the appearance of homogeneity in the face of astonishing factionalism *The Military History of Ohio* A. Parsons Stevens, 1885 **The Eliminator** Richard Brodhead Westbrook, 1892 **IN HIS NAME** E. Christopher Reyes, 2014-09-04 This book one of a series of books reveals the secrets the Christian ministry does not want you to know It is about the unknown writers of Holy Scriptures From the earliest of times the conquerors have had a hand in writing the history of their vanquished hence nine out of ten Christians don't know who wrote their Gospels Today even the clergy doesn't know as they regurgitate the lies that they were taught from their early years of inadequate religious inculcation indoctrination the Jews themselves looked upon the followers of Christ as a mere Israelitish sect The sect of the Nazarenes Acts 24:15 As stated in the Catholic Encyclopedia they are the believers in the promised Messiah Catholic Encyclopedia Vol III p 713 Mankind whose body is mortal is promised immortality for his soul by a deceptive priest craft whose intentions are self serving What could possibly compel man to deceive lie and create fictitious histories Food Money Sex Profit Prestige All of the aforementioned cf 2 Tim 3:13 First of all is man's basic need food the common folk are now starving and disorderly as money is hard to obtain due to high interest rates and upon this there are life threatening droughts and a famine cf Deut 7:13 *Sex As Symbol* Ph. D. Alvin Kuhn, 2005-12-01 There is a fell quality to the mating urge that gives it the force of a natural and unimpeachable authority which appears for a time to sweep away every obstacle and override the obstructing power of every consideration whether of advantage or injury It carries a virtual cosmic sanction with it from Love and Hate How does gender and the sex drive manifest itself across human cultures How is the dual nature of humanity male and female spiritual

and physical animal and divine expressed in the tangible world Alvin Boyd Kuhn a prominent proponent of the early 20th century doctrine of theosophy which sought to find the universal truths that underlie all human religions here explores the hidden connections across cultures that unify rites and customs found around the globe circumcision the secondary status of women myths about communion with deities and more In fluid prose that approaches a stream of consciousness reverie this treatise seeks to uncover a fundamental basis for human ideas about sex gender and love American philosopher and scholar of comparative religion ALVIN BOYD KUHN 1880 1963 is also the author of Theosophy 1930 and The Lost Light 1940
