Phantom Seducer:

Murders and Acquisitions Alzena MacDonald, 2013-08-29 The serial killer has become increasingly prevalent in popular culture since the term was coined by Robert Ressler at the FBI in the mid 1970s *Murders and Acquisitions* explores the social and political implications of this cultural figure The collection argues that the often blood chilling representations of the serial killer and serial killing offered in TV series films novels and fan productions function to address contemporary concerns and preoccupations Focusing on well known popular culture texts such as *The Wire* *Kiss the Girls* *Monster* *the Saw* series *American Psycho* *The Strangers* *CSI* and *Dexter* this eclectic anthology engages with a broad spectrum of cultural theory and performs critical textual analysis to examine the sophisticated ways the serial killer is deployed to mediate and or work through cultural anxieties and fears

The Forging of Fantom Reginald Hill, 2019-12-17 The award winning author of *Captain Fantom* returns with the origin story of the notorious seventeenth century mercenary Carlo Fantom spoke thirteen languages a skill that proved useful as he traveled widely to sell his brutal services to any party who would pay him This novel written in the form of his personal memoirs takes readers on a journey to his younger days from the Croatian farm where he was born and raised to Venice where he sails to collect a ransom for hostages and offers both an intriguing look at how his character was formed and an action packed account of his earliest adventures Reginald Hill's stories must certainly be among the best now being written *The Times Literary Supplement*

Colette and the Fantom Subject of Autobiography Jerry Aline Flieger, 1992

The Shadow of Death Mark Canuel, 2016-07-26 *The Shadow of Death* is a timely and ambitious reassessment of English Romantic literature and the unique role it played in one of the great liberal political causes of the modern age Mark Canuel argues that Romantic writers in Great Britain led one of the earliest assaults on the death penalty and were instrumental in bringing about penal law reforms He demonstrates how writers like Percy Bysshe Shelley Lord Byron William Wordsworth and Jane Austen defined the fundamental contradictions that continue to inform today's debates about capital punishment Celebrated reformers like Sir Samuel Romilly and William Ewart campaigned against the widespread use of death to punish crimes ranging from murder to petty theft but they were most influential for initiating a system of penalties built upon conflicting motivations and justifications Canuel examines the ways Romantic poets and novelists magnified these tensions while treating them as uniquely aesthetic opportunities seized upon contending rationales of punishment to express imaginative power and revealed how the imagination fueled the new penal code's disturbing vitality Death penalty reform Canuel argues in fact emerged from a new way of thinking about punishment as a negotiation among rationales rather than a seamless whole with leniency and severity constantly at odds He concludes by exploring how Romantic penal reform continues to influence contemporary views about the justice and injustice of legal sanctions

The Conversational Circle Betty Schellenberg, 2021-10-21 *The Conversational Circle* offers a model for exploring a range of novels that experiment with narrative patterns It makes a compelling case that teleological approaches to novel history that

privilege the conflict between the individual and society are quite simply ahistorical Twentieth century historians of the early novel most prominently Ian Watt Mikhail Bakhtin and Terry Castle have canonized fictions that portray the individual in sustained tension with the social environment Such fictions privilege a strongly linear structure Recent reexaminations of the canon however have revealed a number of early novels that do not fit this mold Betty Schellenberg identifies another kind of plot one that focuses on the social group the conversational circle as a model that can affirm traditional values but just as often promotes an alternative sense of community Schellenberg selects a group of mid eighteenth century novels that experiment with this alternative plot structure embodied by the social circle Both satirical and sentimental canonical and non canonical these novels demonstrate a concern that individualistic desire threatened to destabilize society Writing that reflects a circular structure emphasizes conversation and consensus over individualism and conquest As a discourse that highlights negotiation and harmony conversation privileges the social group over the individual These fictions of the conversation circle include lesser known works by canonical authors Henry Fielding s *Amelia* and Richards s *Sir Charles Grandison* as well as his sequel to *Pamela* long neglected novels by women Sarah Fielding s *David Simple* and its sequel *Volume the Last* and Sarah Scott s *Millenium Hall* and Tobias Smollet s last novel *Humphrey Clinker* Because they do not fit the linear model such works have long been dismissed as ideologically flawed and irrelevant

A Collection of Essays and Fugitiv Writings Noah Webster, 2018-04-05 Reproduction of the original *A Collection of Essays and Fugitiv Writings* by Noah Webster

A Collection of Essays and Fugitiv Writings on Moral, Historical, Political, and Literary Subjects Noah Webster, 2020-09-28 The Education of youth is in all governments an object of the first consequence The impressions received in early life usually form the characters of individuals a union of which forms the general character of a nation The mode of Education and the arts taught to youth have in every nation been adapted to its particular stage of society or local circumstances In the martial ages of Greece the principal study of its Legislators was to acquaint the young men with the use of arms to inspire them with an undaunted courage and to form in the hearts of both sexes an invincible attachment to their country Such was the effect of their regulations for these purposes that the very women of Sparta and Athens would reproach their own sons for surviving their companions who fell in the field of battle Among the warlike Scythians every male was not only taught to use arms for attack and defence but was obliged to sleep in the field to carry heavy burthens and to climb rocks and precipices in order to habituate himself to hardships fatigue and danger In Persia during the flourishing reign of the great Cyrus the Education of youth according to Xenophon formed a principal branch of the regulations of the empire The young men were divided into classes each of which had some particular duties to perform for which they were qualified by previous instructions and exercise While nations are in a barbarous state they have few wants and consequently few arts Their principal objects are defence and subsistence the Education of a savage therefore extends little farther than to enable him to use with dexterity a bow and a tomahawk But in the progress of manners and of arts war ceases to be the

employment of whole nations it becomes the business of a few who are paid for defending their country Artificial wants multiply the number of occupations and these require a great diversity in the mode of Education Every youth must be instructed in the business by which he is to procure subsistence Even the civilities of behavior in polished society become a science a bow and a curtesy are taught with as much care and precision as the elements of Mathematics Education proceeds therefore by gradual advances from simplicity to corruption Its first object among rude nations is safety its next utility it afterwards extends to convenience and among the opulent part of civilized nations it is directed principally to show and amusement

Number Nine A.P. Herbert, 2014-10-30 The Admiral's dedication could not be questioned but it was a bit much expecting him to give up his ancestral home for the psychological testing of Civil Service candidates Assisted by his son he embarks upon a battle of wits against the political hopefuls The result is a hilarious tale of double crossing eavesdropping and total mayhem

The History of Mr. Fantom, Etc. [By Hannah Moore.], 1797

The History of Mr. Fantom Fantom, **Seducer** Dan Champagne, 2017-06-25 Laiel Brockade is back A little less pretty a little unsteady on his feet But despite all of that he's gone to war To defeat the opponents arrayed against him demands every last ounce of the power ingenuity and evil that he's known for But nothing ever works out quite to order for the most wayward son of the Devil now does it A conflict of many sides where every hand holds a dagger and every dagger hovers at someone's back At last his plans come to fruition but the fruit borne thereof is sour indeed because by the end he's achieved everything that he set out to do Much to his dismay
