Marcia Anderson, Mary Barnum

Pharmacology For Athletic Trainers Therapeutic Medications Study Guide:

Pharmacology for Athletic Trainers Janet Ware,1998 Clinical Pharmacology in Athletic Training Michelle Cleary,Tom Abdenour,Mike Pavlovich,2021-10-12 Athletic trainers have a responsibility to provide high quality pharmaceutical care while meeting both legal and ethical requirements Clinical Pharmacology in Athletic Training empowers athletic trainers with a functional understanding of pharmacology that enables them to formulate a treatment plan intended to mitigate disease and improve the overall health of their patients This text incorporates the most up to date content from the 2020 Commission on Accreditation of Athletic Training Education CAATE standards and it emphasizes interprofessional practice to enable future and current athletic trainers to collaborate with other health professionals in a manner that optimizes the quality of care Clinical Pharmacology in Athletic Training begins by addressing drug legislation and the legal aspects of the athletic trainer s role in sport medication The text provides an overview of pharmacokinetics and pharmacodynamics with an emphasis on concepts relevant to clinical practice Students are introduced to the generic and brand names general classifications and appropriate administration of drugs and are guided toward appropriate online reference materials Part II of this text describes common medications for pain inflammation and infections Part III includes medications for specific conditions including respiratory cardiovascular gastrointestinal neurological gynecological and mental health conditions The text also includes current information on opioid analgesics cannabis and cannabinoid based medications Clinical Pharmacology in Athletic Training teaches students to administer appropriate pharmacological agents for the management of the patient s condition The information includes indications contraindications dosing interactions and adverse reactions The following features are included to aid in the learning process Chapter objectives set the stage for the main topics covered in the chapter Key terms are boldfaced to indicate terms of special importance and a glossary of definitions is included at the back of the book Red Flag sidebars highlight warnings and precautions for certain medications or medicolegal issues Evidence in Pharmacology sidebars highlight recent research regarding medications Clinical Application sidebars present real life stories from the field of athletic training Case studies highlight specific therapeutic medication applications and are accompanied by questions that prompt readers to think critically about the issues presented Quick reference drug tables describe medication types generic and brand names pronunciations common indications and other special considerations for the athletic trainer Over the past decade there has been an increased emphasis on pharmacology in athletic training Clinical Pharmacology in Athletic Training will equip students with appropriate skills and competencies prepare them to meet patient needs and enable them to work in interprofessional teams Pharmacology for Athletic Trainers ,1997 **Principles of Pharmacology for Athletic Trainers** Joel Houghlum,Gary Harrelson,Teresa Seefeldt,2024-06-01 Principles of Pharmacology for Athletic Trainers Third Edition continues the tradition of past editions to provide applications of pharmacological principles specifically aimed at the athletic trainer The drug categories that are

included are primarily those that may be pertinent to the treatment of athletic injuries or that may affect athletic performance Drs Joel Houghlum Gary Harrelson and Teresa Seefeldt have taken a unique aspect to the organization and design of the Third Edition to be instructional discussions regarding the use and effects of drugs and of the disease states treated by these drug categories Additionally there is a specific discussion of the role of the athletic trainer regarding the therapeutic use and effects of these drugs Features of the Third Edition Satisfies all of the CAATE Educational Competencies on pharmacology Advanced organizers and specific learning objectives at the beginning of each chapter Summaries after each major topic within the chapter Case studies and clinical applications Discussion on popular fitness supplements Key words are in italics and defined in the glossary Concept maps present important yet complex processes in a concise graphical way Shaded textboxes throughout include additional information and are beneficial for the reader to recall a key concept addressed in an earlier chapter New ancillary materials specifically for faculty that include PowerPoint slides and test bank questions for each chapter Included with the text are online supplemental materials for faculty use in the classroom

Principles of Pharmacology for Athletic Trainers Third Edition will continue to be the go to resource to determine the best pharmacological treatment strategy and management by athletic trainers Clinical Pathology for Athletic Trainers Daniel P. O'Connor, A. Louise Fincher, 2008 Written specifically for athletic trainers the updated second edition of Clinical Pathology for Athletic Trainers Recognizing Systemic Disease emphasizes practical knowledge development of clinical skills including evaluation and treatment and development of clinical decision making abilities Inside Clinical Pathology for Athletic Trainers Second Edition you will find an expanded discussion of the pathophysiology associated with general medical conditions as well as case studies which facilitate the student's ability to formulate a differential diagnosis and make clinical decisions Dr Daniel P O Connor and Dr A Louise Fincher have incorporated all of the didactic and psychomotor competencies listed within the General Medical Conditions and Pathology of Injuries and Illness domains from the Fourth Edition of the NATA Educational Competencies into this unique text Competencies that are addressed throughout the text are conveniently listed at the beginning of each chapter in which they are referenced Individual lab activities are included within some chapters to aid in the development of the psychomotor skills related to evaluating general medical illnesses Instructors will enjoy new ancillary materials such as test bank questions and PowerPoint slides What's New in the Second Edition New chapters on pharmacology dermatology and eyes ears nose throat and mouth Integration of NATA Position Statements and Consensus Statements Expanded discussion on the physical exam including detailed instructions for evaluation procedures New illustrations and a color atlas New icons throughout the text to represent action to be taken by the athletic trainer during an evaluation such as physician referral or activation of emergency action plan Lab Activities Inside the Second Edition Use of Pharmacology Resources Assessment of Temperature Assessment of Vital Signs heart rate blood pressure and respiration rate Cardiac Auscultation Pulmonary Auscultation and Percussion Peak Flow Expiratory Rate Abdominal Auscultation

Percussion and Palpation Urinalysis Assessment of Blood Glucose Levels Use of the Otoscope Use of the Ophthalmoscope
Sensory Function Motor Function Reflex Function Cranial Nerve Assessment With expanded discussions and case studies
new chapters and lab activities and an emphasis on the development of clinical skills the Second Edition of Clinical Pathology
for Athletic Trainers Recognizing Systemic Disease is a must have for today s athletic training students and clinicians

Study Guide for Management of Bloodborne Pathogens by Athletic Trainers ,1997 **Foundations of Athletic Training** Marcia Anderson,Mary Barnum,2021-05-17 Comprehensive and evidence based Foundations of Athletic Training 7th Edition integrates basic medical concepts and related scientific information to help readers develop a strong foundation in athletic training best practices The text s practical problem solving approach to the prevention recognition assessment management and disposition of sports related injuries and diseases helps students learn to think like practitioners Fully aligned with the BOC competencies the 7th Edition has been extensively updated expanded and reorganized to reflect the changing role of today s athletic trainer and includes a powerful suite of engaging learning tools to help students succeed
