Phases of the Moon Marilyn Busted, Dorothy Wergin, 1996-06-01 This volume follows the human condition through 28 perspectives beginning at New Moon rising to peak experience at Full Moon declining thereafter eventually dissolving at the next dark of the Moon The Moon phase concept is based upon instinct emotion intellect perception making an interesting parallel to Jungian psychology

Wild Mind Bill Plotkin, 2013-04-08 Our human psyches possess astonishing resources that wait within us but we might not even know they exist until we discover how to access them and cultivate their powers their untapped potentials and depths Wild Mind identifies these resources which Bill Plotkin calls the four facets of the Self or the four dimensions of our innate human wholeness and also the four sets of fragmented or wounded subpersonalities that form during childhood Rather than proposing ways to eliminate our subpersonalities which is not possible or to beat them into submission Plotkin describes how to cultivate the four facets of the Self and discover the gifts of our subpersonalities The key to reclaiming our original wholeness is not merely to suppress psychological symptoms recover from addictions and trauma or manage stress but rather to fully embody our multifaceted wild minds commit ourselves to the largest soul infused story we are capable of living and serve the greater Earth community

The Journey of Soul Initiation Bill Plotkin, 2021-01-12 Soul initiation is an essential spiritual adventure that most of the world has forgotten or not yet discovered Here visionary ecopsychologist Bill Plotkin maps this journey one that has not been previously illuminated in the contemporary Western world and yet is vital for the future of our species and our planet Based on the experiences of thousands of people this book provides phase by phase guidance for the descent to soul the dissolution of current identity the encounter with the mythopoetic mysteries of soul and the metamorphosis of the ego into a cocreator of life enhancing culture Plotkin illustrates each phase of this riveting and sometimes hazardous odyssey with fascinating stories from many people including those he has guided Throughout he weaves an in depth exploration of Carl Jung's Red Book and an innovative framework for understanding it

W. B. Yeats's A Vision Neil Mann, Matthew Gibson, Claire Nally, 2012 The first volume of essays devoted to W B Yeats's A Vision and the associated system developed by Yeats and his wife George A Vision is all encompassing in its stated aims and scope and it invites a wide range of approaches as demonstrated in the essays collected here written by the foremost scholars in the field

Nature and the Human Soul Bill Plotkin, 2007-12-01 The depth psychologist and wilderness guide presents eight stages of human life that are modeled on the cycles and qualities of the natural world
