Weird Confucius Zhao Lu, 2024-03-21 Spanning antiquity until the present Zhao Lu analyses the eclectic and fictitious representations of Confucius that have been widely celebrated by communities of people throughout history While mainstream scholarship mostly considers Confucius in terms of his role as a celebrated man of wisdom and as a teacher with a humanistic worldview Zhao addresses the weirder representations He considers depictions of Confucius as a prophet a fortune teller a powerful demon hunter a shrewd villain of 19th century American newspapers an embodiment of feudal evils in the Cultural Revolution and as a cute friend Zhao asks why some groups would risk contradicting the well accepted image of Confucius with such representations and shows how these illustrations reflect the specific anxieties of these communities He reveals not only how people across history perceived Confucius in diverse ways but more importantly how they used Confucius in daily life ranging from calming their anxiety about the future to legitimizing a dynasty stereotyping Chinese people and even to forging a new sense of history

Göran David Malmqvist, European Science Foundation, 1988 *From UFO to UAP & USO* Stephen Gildust, 2025-06-04 To the countless eyewitnesses both known and anonymous who have bravely shared their experiences of the unexplained Your stories though often dismissed are at the heart of this investigation This book is a testament to your courage in facing the unknown and a plea for a future where such stories are not met with derision but with careful consideration and open inquiry It is also dedicated to the scientists investigators and journalists who have tirelessly pursued these mysteries often against overwhelming odds and in the face of skepticism and indifference Your dedication to the truth even in the darkest corners of the unknown inspires us all to keep seeking answers and to never stop questioning the reality we perceive This work is a small attempt to honor your efforts and to continue the search for understanding in a world full of mysteries that remain stubbornly beyond our grasp Finally this book is dedicated to the indefatigable human curiosity and the unwavering belief in the power of exploration even when venturing into the most unsettling and unknown areas of existence From the moment Kenneth Arnold's groundbreaking sighting in 1947 ushered in the modern era of UFO fascination the mysteries of the air and the deep have intrigued humanity The terms have evolved from UFO to USO and now UAP reflecting a changing understanding and official recognition This book takes you on a journey through this changing terminology examining the historical context of each term and exploring the societal impact of each new designation But this book is more than just a chronological history it is a deep dive into the first hand experiences of those who have encountered the unexplained We will visit geographical hotspots where observations cluster examining persistent patterns and fascinating anomalies that defy easy explanations May this book inspire further investigation and a deeper appreciation of the unknown *Why Character?* Vicente (Tex) Hernandez, 2025-06-21 We all face tough moments and how we handle them often comes down to how we were raised what we believe in and what we've been through Growing as a person means being willing to change but that's easier said than done People often say I'm fine the way I am or I don't need to change We all know that character matters but let's be honest how often do we give it the importance it deserves Character isn't something we can ignore It's about who we're becoming and that matters more than we sometimes admit Like growing up from a kid to an adult building character is a natural part of life It takes time effort and honest self reflection Think of it like owning an old car it can still run well but it always needs a little fixing up Why Because our flaws are easy to spot and they don't fix themselves The real test is learning how to shape a character that stays true to who we are while being strong fair and thoughtful So the question is are we ready to take that on **A Selective Guide to Chinese Literature 1900-1949** Zbigniew Slupski, 2023-11-27 **Extraordinary Events and Oddball Occurrences** Gary L.
