Philip Treacy When Philip Met Isabella:

Philip Treacy Isabella Blow, Philip Treacy, Hamish Bowles, 2002 This book explores the collaboration of Philip Treacy and Isabella Blow through thirty years of his hats for her It includes photographs by Steven Meisel David LaChapelle Juergen Teller Donald McPherson and Mario Testino among others of Blow wearing Treacy's hats Isabella Blow Lauren Goldstein Crowe, 2010-11-09 An extraordinary biography of Isabella Blow whose pedigree wild style and outrageous antics catapulted her onto the London social scene and made her a fashion icon In 2007 the news of Isabella Blow's suicide at the age of 48 made headlines around the world but there is more to the story of Isabella than her tragic end The key supporter and muse of milliner Philip Treacy and designer Alexander McQueen Blow was truly more than a muse or patron She was a spark an electrical impulse that set imaginations racing an individual who pushed others to create their best work Her fascination with clothing began early as did a willingness to wear things and say things that would amuse and shock She began her fashion career in New York City as assistant to Anna Wintour at Vogue Over time she became famous for her work yet it wasn't enough to assuage her devastating feelings of inadequacy Still in her darkest moments even as she began a series of suicide attempts and prolonged hospital stays Blow retained her wicked sense of humor making her friends laugh even as they struggled to help Lauren Goldstein Crowe has crafted a superbly entertaining narrative wrapping the anecdotes of Isabella's antics around a candid insightful portrayal of a woman whose thirst for the fantastical ultimately became irreconcilable with life in the real world Gods and Kings Dana Thomas, 2016-01-26 Analyzes the ends of two preeminent fashion designers to demonstrate how they were casualties of the war between art and commerce chronicling their rise and achievements while sharing insights into how art has suffered at the hands of economic demands *Oxford Dictionary of National Biography* 2005-2008 Lawrence Goldman, 2013-03-07 Who made modern Britain This book drawn from the award winning Oxford Dictionary of National Biography tells the story of our recent past through the lives of those who shaped national life Following on from the Oxford DNB's first supplement volume noteworthy people who died between 2001 and 2004 this new volume offers biographies of more than 850 men and women who left their mark on twentieth and twenty first century Britain and who died in the years 2005 to 2008 Here are the people responsible for major developments in national life from politics the arts business technology and law to military service sport education science and medicine Many are closely connected to specific periods in Britain's recent history From the 1950s the young Harold Pinter or the Yorkshire cricketer Fred Trueman for example From the Sixties the footballer George Best photographer Patrick Lichfield and the Pink Floyd musician Syd Barrett It's hard to look back to the 1970s without thinking of Edward Heath and James Callaghan who led the country for seven years in that turbulent decade or similarly Freddie Laker pioneer of budget air travel and the comedians Ronnie Barker and Dave Allen who entertained with their sketch shows and sit coms A decade later you probably browsed in Anita Roddick's Body Shop or danced to the music of Factory Records established by the Manchester entrepreneur Tony
