Philip The King:

Philip, the King John Masefield,1914 **The History of the Life and Reign of Philip, King of Macedon** Thomas Leland,1775 The History of the Life and Reign of Philip King of Macedon; the Father of Alexander Thomas LELAND (D.D.),1758 *The History of the Life and Reign of Philip King of Macedon ... The Third Edition* Thomas LELAND (D.D.),1806 HISTORY OF THE LIFE AND REIGN OF PHILIP, KING OF MACEDON. THOMAS. LELAND,2018 **Marino Sanudo Torsello, The Book of the Secrets of the Faithful of the Cross** Dr Peter Lock,2013-07-28 This is the first full translation of Marino Sanudo Torsello s *Secreta fidelium Crucis* to be made into English The work itself is a piece of crusading propaganda following the fall of Acre in 1291 written between 1300 and 1321 but it includes much of historical relevance along with interesting observations on the early history of Jerusalem and the Crusader Kingdom The translation is based upon the text edited by Jacques Bongars in 1611 There is an introduction that contextualises the book its author his sources and his audience The notes provide essential information to clarify internal textual references and allusions as well as the role of Biblical references in Sanudo s grand design The index is designed to make this detailed text usable and accessible In this his major work Sanudo advocated the conquest of Egypt as the means to regain Jerusalem for the Latins and worked through his points with considerable detail alongside references to 13th century Mediterranean history especially involving Louis IX of France and Charles of Anjou king of Naples Books I and II give considerable detailed discussion of the concept plan and costs of his proposed crusade Book III provides an outline history of the crusades and the crusader states It is derived from a wide reading of other sources especially of William of Tyre and for events after 1184 on the Eracles the letters of James of Vitry and Sanudo s own experiences in the east Throughout the work contains a staggering amount of cartographical ethnographical geographical and nautical information as well as numerous unique insights into historical events and personalities of the late 13th century not only in Outremer but in Western Europe *The Book of the Secrets of the Faithful of the Cross* Marino Sanudo,2011 This is the first full English translation of Marino Sanudo Torsello s *Secreta fidelium Crucis* a piece of crusading propaganda following the fall of Acre in 1291 written between 1300 and 1321 and based on the translation edited by Jacques Bongars in 1611 With references to 13th century Mediterranean history especially Louis IX of France and Charles of Anjou it contains a vast amount of cartographical ethnographical geographical and nautical information with unique insights into events and personalities not only in Outremer but in Western Europe

interpretations Edited and introduced by L A Beaurline the New Cambridge Shakespeare edition of King John offers the most complete account to date of the play s stage history with accompanying illustrations to demonstrate its dramatic potential Although King John fell out of fashion by the end of the nineteenth century Beaurline shows how its political importance rich and varied language and skilful design suggest that it should occupy a prominent position among Shakespeare s historical tragedies In the Appendix Beaurline surveys the arguments about the dating of the play and the anonymous Troublesome Reign of King John and presents new evidence to support the view that Shakespeare s play was written first King John Stephen Church,2015-04-07 From a renowned medieval historian comes a new biography of King John the infamous English king whose reign led to the establishment of the Magna Carta and the birth of constitutional democracy King John 1166 1216 has long been seen as the epitome of bad kings The son of the most charismatic couple of the middle ages Henry II and Eleanor of Aquitaine and younger brother of the heroic crusader king Richard the Lionheart John lived much of his life in the shadow of his family When in 1199 he became ruler of his family s lands in England and France John proved unequal to the task of keeping them together Early in his reign he lost much of his continental possessions and over the next decade would come perilously close to losing his English kingdom too In King John medieval historian Stephen Church argues that John s reign for all its failings would prove to be a crucial turning point in English history Though he was a masterful political manipulator John s traditional ideas of unchecked sovereign power were becoming increasingly unpopular among his subjects resulting in frequent confrontations Nor was he willing to tolerate any challenges to his authority For six long years John and the pope struggled over the appointment of the Archbishop of Canterbury a clash that led to the king s excommunication As king of England John taxed his people heavily to fund his futile attempt to reconquer the lands lost to the king of France The cost to his people of this failure was great but it was greater still for John In 1215 his subjects rose in rebellion against their king and forced upon him a new constitution by which he was to rule The principles underlying this constitution enshrined in the terms of Magna Carta would go on to shape democratic constitutions across the globe including our own In this authoritative biography Church describes how it was that a king famous for his misrule gave rise to Magna Carta the blueprint for good governance *Academic American Encyclopedia* ,1993 **Secrets of Acting Shakespeare** Patrick Tucker,2016-11-10 Secrets of Acting Shakespeare isn t a book that gently instructs It is a passionate yes you can guide designed to prove that anybody can act Shakespeare Patrick Tucker s classic manual encourages trained and amateur actors alike to look to the original practices of the Elizabethan theatre for inspiration He explores the cue scripts used by actors who knew only their own lines to demonstrate the extraordinary way that these plays work by ear This updated second edition includes A section dedicated to the modes of address thee and you A brand new chapter on Original Practices and cue scripts An expanded genealogical chart showing the interrelations of 92 different characters from the history plays A new discussion of Elizabethan acting spaces balconies gates ramparts and even backstage areas Secrets of Acting Shakespeare is
