Garouste Colette Debl Georges Rousse Genevi ve Asse Martial Raysse Christian Jaccard Jo l Kermarrec Dani le Perronne
Daniel Dezeuze Philippe Favier Daniel Nadaud after the eleven essays of Contemporary French Art 1 devoted to major artists
from Ben Vautier and Niki de Saint Phalle to Annette Messenger and G rard Titus Carmel the present volume pursues its
interrogations of the what the how and the why of contemporary plastic production of some of France s finest practitioners If
as ever such production can reveal elements of an interweaving of individualized preoccupations and modes endless
specificities demarcate and affirm originalities that pure theory and its leveling anonymity may obscure Thus is it that G rard
Garouste is alone in that obsession with indianness and classicalness that Colette Debl s gesture is drawn implacably to the
unseenness of female representation that Georges Rousse plunges photography into the realm of matter s poetic sacredness
that Genevi ve Asse traverses a pure seemingness of abstraction to attain to an intimacy of silence that Martial Raysse s
hygiene of vision may endlessly renew and hybridize itself Christian Jaccard too will explore with uniqueness an art of
materiality at the frontier of metaphysics Jo l Kermarrec will offer us the inimitable exquisite traces of surging desire and
deception Dani le Perronne s boxes and stringings her paintings and her sheetings will unfold a psychic infinity at the heart
of form And if Daniel Dezeuze seeks namelessness and pure structuration the latter yet surge forth via works that relentlessly
identify a gesture so distant we may feel from the at once sobering and ceremonial microproliferations of a Philippe Favier or
the tense but genial articulations of Daniel Nadaud s sculptural imagination Emerging Artists 1978-1986 Diane

Understanding Foucault Jean-Clet Martin ,2025-04-09 Michel Foucault s writings announce not only that God is dead but also that man is dying He interrogates objects deemed unworthy that have never been taken into account by philosophy These include crime madness sexuality the excesses of literature and evil He offers an extraordinary history Instead of understanding our societies by what they exhibit Foucault insists on what they conceal in order to detect a new image another photograph of our values This short essay gives us an insight into a complex thinker and a philosophy that demolishes the idols of modernity with a hammer

The Endless Theory of Days Michael Bishop,2007-01-01 The Endless Theory of Days The Art and Poetry of Gerard Titus Carmel seeks to set forth the case for the special multiple genius of a man who despite the experience of a biting melancholy resulting from loss despite an indefectible feeling of estrangement from the world despite too the corrosive sense of art s of languages s deceptiveness has never lost sight of a curious duty to the shadows that haunt and that with now a strangeness that smiles yet beckon toward the very place finally clarified and recognised of pure evidence The place that is where beauty is named This place Gerard Titus Carmel may feel lies no doubt impossibly beyond the strict locus of his art and his writing but it is a place he has struggled with dignity and unceasingly deployed energy to bring to a semblance of incarnation in a vast plastic and poetical oeuvre that has stirred and will continue to stir the minds and hearts of all those from Derrida and Bonnefoy Alain Robbe Grillet and Pascal Quignard to Jacques Dupin and Marie Claire Bancquart and countless others who have witnessed its exquisitely solemn unfolding over today more than forty years

Unceasing Strife, Unending Fear William Chester Jordan,2016-07-26 This absorbing book explores the tensions within the Roman Catholic church and between the church and royal authority in France in the crucial period 1290 1321 During this time the crown tried to force churchmen to accept policies many considered inconsistent with ecclesiastical freedom and traditions such as paying war taxes and expelling the Jews from the kingdom William Jordan considers these issues through the eyes of one of the most important and courageous actors the Cistercian monk professor abbot and polemical writer Jacques de Thérines The result is a fresh perspective on what Jordan terms the story of France in a politically terrifying period of its existence one of unceasing strife and unending fear Jacques de Thérines was involved in nearly every controversy of the period the expulsion of the Jews from France the relocation of the papacy to Avignon the affair of the Templars the suppression of the heresies of Marguerite Porete and of the Spiritual Franciscans and the defense of the exempt monastic

orders freedom from all but papal control The stands he took were often remarkable in themselves hostility to the expulsion of Jews and spirited defense of the Templars for example The book also traces the emergence of King Philip the Fair s 1285 1314 almost paranoid style of rule and its impact on church state relations which makes the expression of Jacques de Thirines s views all the more courageous

Contemporary French Art: Eleven studies Michael Bishop, 2008 Ben Vautier Niki De Saint Phalle Fran ois Morellet Louise Bourgeois Alexandre Hollan Claude Viallat Sophie Calle Bernard Pag s Jean Pierre Pincemin Annette Messager G rard Titus Carmel eleven major French artists of the last forty years or so examined in the light of their uniqueness and their rootedness the specificities of their differing and at times overlapping plastic practices and the swirling and often highly hybridised conceptions entertained in regard to such practices Thus does analysis range from discussion of the feisty Fluxus inspired free spirited funkiness of Ben Vautier s work to the various modes of transcendence of trauma and haunting fear generated by the exceptional gestures of Niki de Saint Phalle and Louise Bourgeois to the alyrical formalism yet imbued with irony and ludicity of Fran ois Morellet through to the serene intensities of Alexandre Hollan s vies silencieuses the infinite a signatures of Claude Viallat s adventure in the sheer joy of a poiein of self reflexive coloration the powerfully elegant and muscular disarticulations of Bernard Pag s sculpture the great sweep through art s history implied by Jean Pierre Pincemin s chameleon like gestures the vast swirling programme of socio psychological analysis the arts of Annette Messager and Sophie Calle offer in their radically distinctive manners the obsessively serialised oeuvre of G rard Titus Carmel allowing a burrowing deep into the opaque logic of a real though dubious presence to the world

Smith,2018-10-23

The daring mischievous micro essays of award winning French humorist ric Chevillard published in English for the first time ric Chevillard is one of France s leading stylists and thinkers an endlessly inventive observer of the everyday whose erudition and imagination honor the legacy of Swift and Voltaire with some good natured postmodern twists This ensemble of comic miniatures compiles reflections on chairs stairs stones goldfish objects found strangers observed scenarios imagined reasonable premises taken to absurd conclusions and vice versa The author erects a mental museum for his favorite artworks only to find it swarming with tourists He attends a harpsichord recital and lets his passions flare He happens upon a piece of paper and imagines its sordid back story He wonders if Hegel s cap on display in Stuttgart is really worth the trip Throughout Chevillard s powers of observation chime with his verbal acrobatics His gaze initially superficial then deeply attentive then practically sociopathic manages time and again to defamiliarize the familiar with a coherent and charismatic charm Daniel Levin Becker s translation deftly renders the marvels of the original and a foreword by Daniel Medin offers rich contextual commentary making a vital wing of French literature and humor newly accessible in English
