Spiritual Battery Candy Gwen Lopitz, 2011-04 Since escaping the Watchtower twenty five years ago the author has sought to help others understand the underlying issues while seeking freedom from religious cults Candy knows first hand how cult indoctrination and abuses produce long term effects in adherents The Meaning of Faith Harry Emerson Fosdick, 1917 A book on faith has been for years my hope and intention And now it comes to final form during the most terrific war men ever waged when faith is sorely tried and deeply needed Direct discussion of the war has been purposely avoided the issues here presented are not confined to those which the war suggests but many streams of thought within the book flow in channels that the war has worn Since the conflict had to come I am glad for this book s sake that it was not written until it had Europe s holocaust for a background Against one misunderstanding the reader should be guarded If anyone approaches these studies expecting to find detailed and special views of Christian doctrine he will be disappointed The perplexities of mind and life and the affirmations of religious faith with which these studies deal lie far beneath sectarian doctrinal controversy I have tried to make clear a foundation on which faith might build its thoughts of Christian truth And while I have spoken freely of God and Christ and the Spirit of the Cross and life eternal I have not intended or endeavored a complete theology Preface **The Oxford index to the Authorised version of the Holy Bible** Edward Pickard Hall, 1876

Preaching David M. Brown,2003-02 Transformational Preaching Theory and practice is a comprehensive textbook for the beginning student of preaching the graduate student in pulpit discourse or the seasoned preacher Seeking to reclaim the pulpit for biblical preaching the book counteracts the popular teaching approach that is common today and argues that preaching must be persuasive rather than informative that the preacher is central to the act of preaching and that through the preaching event both preacher and listener together fashion the message and its meaning Both theoretical and highly practical the book offers a challenging look at all aspects of the preaching ministry It contextualizes preaching in pastoral ministry and congregational worship but most significantly argues that the practice of preaching must be informed and driven by theory As such the book draws from a wide perspective of disciplines including biblical theology classical rhetoric contemporary human communication public discourse persuasion linguistics performance and orality The book s wealth of practical guidelines for every step of sermon development encourages students to apply general principles within their own contexts of ministry By Love Transformed R.
