## **Philippine Nationalism External Challenge And Filipino Response 1565 1946:**

**Philippine Nationalism, External Challenge and Filipino Response, 1565-1946** Usha Mahajani, 1971

Post-Colonial National Identity in the Philippines Greg Bankoff, Kathleen Weekley, 2017-11-22 This title was first published in 2002 Presenting a fresh understanding of the construction of Post Colonial national identity in the new context of globalization this text looks at the dilemmas of the requirement to compete in the global economy and the political demands of human rights and cultural differences The authors are concerned with the ways in which a modern state attempts to mould the identities of its citizens and the ways in which the myriad of identities in a multiethnic multicultural and multi religious population give rise to intense contradictions This important research will have implications beyond the Filipino case and will be of great interest to a wider audience as a reference for courses on Asian studies political science and history

**The Cambridge History of Southeast Asia: Volume 2, The Nineteenth and Twentieth Centuries** Nicholas Tarling, 1992 Southeast Asia has long been seen as a unity although other terms have been used to describe it Further India Little China the Nanyang The region has had a protracted maritime history Confucianism Buddhism Islam Hinduism Christianity are all represented It has seen a quintet of colonial powers Britain France The Netherlands Spain the United States Most recently it has become one of the fastest growing parts of the world economy The very term Southeast Asia is clearly more than a geographical expression The Cambridge History of Southeast Asia is a multi authored treatment of the whole of mainland and island Southeast Asia from Burma to Indonesia Unlike other histories of the region it is not divided on a country by country basis and is not structured purely chronologically but rather takes a thematic and regional approach to Southeast Asia s history This volume the second and final in the series takes us into the nineteenth and twentieth centuries from the late eighteenth century of the Christian era when most of the region was incorporated into European empires to the complexity and dramatic change of the post World War II period It covers the economic and social life as well as the religious and popular culture of the region as they develop over two centuries The political structures of the region are also closely examined from the insurgencies and rebellions of early this century to the modern Nationalist movements which challenged the control of the colonial powers and led to the formation of independent states Under the editorship of Nicholas Tarling Professor of History at the University of Auckland New Zealand each chapter is well integrated into the whole Professor Tarling has assembled a highly respected team of international scholars who have presented the latest historical research on the region and succeeded in producing a provocative and exciting account of the region s history

**The Egalitarian Moment** D. A. Low, 1996 An account of the unsuccessful attempts in Asia and Africa to create egalitarian rural societies

**Labor Immigration under Capitalism** Lucie Cheng, Edna Bonacich, 2023-04-28 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek

out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1984     The Cambridge History of Southeast Asia Nicholas Tarling,1999 Volume 2 discusses Southeast Asia s interaction with foreign countries during the period c 1500 to c 1800     **Behind Japanese Lines** Ray C. Hunt,Bernard Norling,2014-04-23 This WWII combat memoir offers a rare firsthand account of the Allied guerilla forces fighting the Japanese occupation of the Philippines In the Spring of 1942 US and Philippine forces lost the Battle of Bataan leaving control of the Bataan Peninsula and the island of Corregidor to the Japanese After the devastating loss the Allied forces stationed across the Philippine Archipelago were supposed to surrender Yet many of them refused escaping into the mountains and jungles to form guerilla units In Behind Japanese Lines one of those brave soldiers Ray Hunt recounts his experiences as part of the Allied resistance against the Japanese occupation After escaping the Bataan Death March Ray organized a troop of guerillas who went on to make noteworthy contributions to the Filipino American reconquest of the Philippines Ray s story sheds important light on US Filipino relations during World War II as well as the realities of fighting both the Imperial Japanese Army and the Hukbalahap communist guerillas Stands out for the vividness of its detail its effort to sort fact from legend and its tribute to the heroism of the resistance movement which was almost entirely Filipino Choice

**Africa, Asia, and South America Since 1800** A. J. H. Latham,1995 A reference for graduate and undergraduate students presenting the bibliographic details and sometimes describing and evaluating the content of over 5 000 books in English most published since 1945 and many quite recently but also some earlier works of enduring importance A section of works on all three continents is followed by sections on each which first consider the continent as a whole then each country usually by chronological periods and topics such as economics politics and society Indexed only by author and editor but the table of contents is detailed enough to provide adequate access Distributed in the US by St Martin s Press Annotation copyright Book News Inc Portland Or     **The Blue-Eyed Enemy** Theodore Friend,2014-07-14 The Blue Eyed Enemy is a comprehensive account of the interwoven histories of the three major archipelago nations of the West Pacific during the years of the Second World War Theodore Friend examines Japanese colonialism in Indonesia and the Philippines as an example of recurring patterns of domination and repression in that region He depicts Japanese rule in Greater East Asia as expressive of the folly of the general who exhorted his troops to annihilate the blue eyed enemy and their black slaves At the same time he clearly shows where the return of Western power aimed at new links between conqueror and conquered or lords and bondsmen Throughout the work one encounters an infectious sympathy for those afflicted by imperialism and racism from whatever source at whatever time The book is based on documentary research in Japan Indonesia and the Philippines as well as in the United States and the Netherlands and on over one hundred interviews with major actors and key observers of the era The analysis balances an eclectic use of social science perspectives with a humanistic concreteness

and leads to new understanding of leaders like Sukarno and Hatta Jose P Laurel and Benigno Aquino Sr and Generals Yamashita and MacArthur As comparative tropical history it elucidates the contrasting cultural traditions and political psychologies of Indonesia and the Philippines and explains why 1945 was a year of dramatic contrast reoccupation and revolution for the first country and liberation and restoration for the latter Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

*War, Empire and Slavery, 1770-1830* R. Bessel, N. Guyatt, J. Rendall, 2010-09-08 The imperial warfare of the period 1770 1830 including the American wars of independence and the Napoleonic wars affected every continent Covering southern India the Caribbean North and South America and southern Africa this volume explores the impact of revolutionary wars and how people s identities were shaped by their experiences

The Greater East Asia Co-Prosperity Sphere Jeremy A. Yellen, 2019-04-15 The Greater East Asia Co Prosperity Sphere offers a lucid dynamic and highly readable history of Japan s attempt to usher in a new order in Asia during World War II Cross Currents East Asian History and Culture Review In The Greater East Asia Co Prosperity Sphere Jeremy A Yellen exposes the history politics and intrigue that characterized the era when Japan s total empire met the total war of World War II He illuminates the ways in which the imperial center and its individual colonies understood the concept of the Sphere offering two sometimes competing sometimes complementary and always intertwined visions one from Japan the other from Burma and the Philippines Yellen argues that from 1940 to 1945 the Greater East Asia Co Prosperity Sphere epitomized two concurrent wars for Asia s future the first was for a new type of empire in Asia and the second was a political war waged by nationalist elites in the colonial capitals of Rangoon and Manila Exploring Japanese visions for international order in the face of an ever changing geopolitical situation The Greater East Asia Co Prosperity Sphere explores wartime Japan s desire to shape and control its imperial future while its colonies attempted to do the same At Japan s zenith as an imperial power the Sphere represented a plan for regional domination by the end of the war it had been recast as the epitome of cooperative internationalism In the end the Sphere could not survive wartime defeat and Yellen s lucidly written account reveals much about the desires of Japan as an imperial and colonial power as well as the ways in which the subdued colonies in Burma and the Philippines jockeyed for agency and a say in the future of the region

**Critical Intersections** M.D. Litonjua, 2006-06-19 Life is all about intersections Living is where sorrow meets joy where pain encounters ecstasy where the weakness of the flesh is buoyed by the strength of faith where love conquers all doubts and betrayals Marriage is for better and worse for richer and poorer in sickness and health it is for life and death Spirituality is the arduous integration of lifes dispositions and tendencies of ones urges and habits for the

whole to reach out in transcendence to ones fellow human beings and to God Growth to Christian maturity is actualizing the intersecting because cruciform demands of love of God and love of neighbor which follows the path that leads from Good Friday to Easter Sunday Academic life is also becoming one of intersections After the increasing structural differentiation and functional specialization characteristic of modernity academic disciplines are critically intersecting and cross fertilizing with each other for integration enrichment and further enlightenment The behavioral sciences need genetics and biology for a more adequate explanation of human behavior Homo oeconomicus of neoclassical economics is complemented by the realities of power of homo sociologicus Theology calls on the social sciences in addition to its ancient ancilla philosophy to make moral sense of social and global problems Interdisciplinary courses try to make connections between the disciplines students have studied and to integrate the breadth and the depth of knowledge they have been exposed to

Asian-american Education Meyer Weinberg, 2012-12-06 Asian American Education Historical Background and Current Realities fills a gap in the study of the social and historical experiences of Asians in U S schools It is the first historical work to provide American readers with information about highly individual ethnic groups rather than viewing distinctly different groups as one vague global entity such as Asians The people who populate each chapter are portrayed as active participants in their history rather than as passive victims of their culture Each of the twelve country specific chapters begins with a description of the kind of education received in the home country including how widely available it was how equal or unequal the society was and what were the circumstances under which the emigration of children from the country occurred The latter part of each of these chapters deals with the education these children have received in the United States Throughout the book instead of dwelling on a relatively narrow range of children who perform spectacularly well the author tries to discover the educational situation typical among average students The order of chapters is roughly chronological in terms of when the first sizable numbers of immigrants came from a specific country *South-East Asia* Patricia Herbert, Anthony Crothers Milner, 1989-01-01 *God's Arbiters* Susan K. Harris, 2011-01-15 When the U S liberated the Philippines from Spanish rule in 1898 the exploit was hailed at home as a great moral victory an instance of Uncle Sam freeing an oppressed country from colonial tyranny The next move however was hotly contested should the U S annex the archipelago The disputants did agree on one point that the United States was divinely appointed to bring democracy and with it white Protestant culture to the rest of the world They were in the words of U S Senator Albert Beveridge God s arbiters a civilizing force with a righteous role to play on the world stage Mining letters speeches textbooks poems political cartoons and other sources Susan K Harris examines the role of religious rhetoric and racial biases in the battle over annexation She offers a provocative reading both of the debates religious framework and of the evolution of Christian national identity within the U S The book brings to life the personalities who dominated the discussion figures like the bellicose Beveridge and the segregationist Senator Benjamin Tillman It also features voices from outside U S geopolitical boundaries that responded to

the Americans venture into global imperialism among them England's imperial poet Rudyard Kipling Nicaragua's poet diplomat Rubén Darío and the Philippines revolutionary leaders Emilio Aguinaldo and Apolinario Mabini At the center of this *dramatis personae* stands Mark Twain an influential partisan who was for many the embodiment of America Twain had supported the initial intervention but quickly changed his mind arguing that the U.S. decision to annex the archipelago was a betrayal of the very principles the U.S. claimed to promote Written with verve and animated by a wide range of archival research *God's Arbiters* reveals the roots of current debates over textbook content evangelical politics and American exceptionalism shining light on our own times as it recreates the culture surrounding America's global mission at the turn into the twentieth century      **Catalog of Copyright Entries. **Duty, Honor, Country** A.K. Brackob, 2021-12-07 On September 15 1906 Arthur MacArthur Jr became the twelfth man in the history of the United States Army to be awarded the rank of Lieutenant General the highest rank in the Army up to that time This great honor which marked the culmination of MacArthur's brilliant military career included him in the ranks of such outstanding American military leaders as George Washington Ulysses S. Grant and William Tecumseh Sherman all of whom had previously held this rank This bespeaks of the importance of Arthur MacArthur as a figure in American history yet invariably when the name MacArthur is mentioned today it is almost immediately associated with his son Douglas Arthur MacArthur is however equally deserving of recognition as a great military leader This biography based on extensive archival research reveals the remarkable career of this great patriot and his contribution to American history This is all the more important because to fully understand the career of his famous son Douglas who had such a profound impact on the military history of the United States in the twentieth century it is essential to study the life and career of Arthur MacArthur Jr who began his military career as a mere boy fighting for the 23rd Wisconsin infantry regiment during the Civil War Douglas MacArthur was himself conscious of the profound influence his father had upon his life Douglas once said Of all men I have known my father was the one I most respected and admired      Library of Congress Catalog Library of Congress, 1970 A cumulative list of works represented by Library of Congress printed cards      **Literature and Politics** Jaime L.
