about his life work and thought remain obscure due to the difficulties in separating fact from fiction His first biographer recorded mostly vague impressions and to mythologize his subject invented a multitude of the episodes and letters used in his account of Crane s life Subsequent biographies were either cursory summations or compendiums of verifiable facts Crane himself was both reclusive and mercurial protective of his inner life while projecting a variety of personae to suit others A flamboyant personality and close friend of writers such as William Dean Howells Henry James and Joseph Conrad Crane made telling impressions on his contemporaries They often constitute the best assessments of Crane s own personality and work The 90 reminiscences gathered here offer a much needed account of Crane s life from a variety of viewpoints as well as important information about the contributors themselves The Harold Frederic Edition: The correspondence of Harold
