A History of New Mexico's Cimarron Country

LAWRENCE R. MURPHY

# Philmont A History Of New Mexicos Cimarron Country

**James H. Gunnerson**

## **Philmont A History Of New Mexico's Cimarron Country:**

Philmont Lawrence R. Murphy, 1972 This classic account is the first and still the best comprehensive history of the Colfax County area of northeastern New Mexico     *Philmont* Lawrence Richard Murphy, 1982     Cimarrón and Philmont Randall M. MacDonald, Gene Lamm, Sarah E. MacDonald, 2012 Situated where the High Plains meet the Rocky Mountains and where the Santa Fe Trail crosses the Cimarron River the village of Cimarron has a richly varied history Spectacular rock columns thick seams of coal dinosaur footprints pit houses and petroglyphs echo an early geologic and human presence Spanish explorers encountered area Native American settlements in the 1700s and by the 1820s mountain men roamed these Rockies while eastern merchants followed Indian trails to Santa Fe By the 1860s Cimarron was the headquarters of a vast Mexican land grant managed by Lucien Maxwell and Kit Carson A gristmill supplied local soldiers and Indians and the discovery of gold attracted thousands The Colfax County War erupted after speculators purchased the grant in 1870 When the railroad arrived in 1906 a New Town was built on the north side of the river Today through tourism and the Philmont Scout Ranch the Cimarron area offers a unique window into the history and growth of the West     **The Last Train to Leave Cimarron, New Mexico** Ronald E. Bromley, 2013-01-14 The last train to leave Cimarron New Mexico The story of the last train to leave Cimarron endeavors to answer two questions Why did the railroad industry pull out of Cimarron New Mexico and when did the last train leave To answer these questions the author summarizes the history of the Cimarron country the various people who worked to develop its lands natural resources and rail service How did the tiny community of Ute Park develop and why did it not grow into the vacation and recreational community the railroad executives envisioned Was a northern railroad through New Mexico Arizona and Southern California going to the Pacific possible and was it needed In many places history is driven by economics so to understand the railroad history of Cimarron we also looked at the development of the automobile truck transportation air travel bus transportation one speed long haul railroads development of the electric diesel locomotive and the decline of steam driven trains All of these things are part of the complete Cimarron railroad saga Then there is the story of the last train     *Intrigue of the Past* Catherine M. Cameron, 1997     *Intrigue of the Past*, 1993     *Chasing the Santa Fe Ring* David L. Caffey, 2014-03-15 Anyone who has even a casual acquaintance with the history of New Mexico in the nineteenth century has heard of the Santa Fe Ring seekers of power and wealth in the post Civil War period famous for public corruption and for dispossessing land holders Surprisingly however scholars have alluded to the Ring but never really described this shadowy entity which to this day remains a kind of black hole in New Mexico's territorial history David Caffey looks beyond myth and symbol to explore its history Who were its supposed members and what did they do to deserve their unsavory reputation Were their actions illegal or unethical What were the roles of leading figures like Stephen B. Elkins and Thomas B. Catron What was their influence on New Mexico's struggle for statehood Caffey's book tells the story of the rise and fall of this remarkably durable alliance     *Borderlands of Slavery* William S. Kiser, 2017-05-02 *Borderlands of Slavery*

explores how the existence of two involuntary labor systems Mexican peonage and Indian captivity in the nineteenth century Southwest impacted the transformation of America s judicial and political institutions during the antebellum Civil War and Reconstruction eras *In the Days of Billy the Kid* James B. Mills,2025-05-19 The legend of Billy the Kid and the Lincoln County War remains prominent in the annals of American frontier history but for men like Jos Ch vez y Ch vez Juan Patr n Mart n Ch vez and Yginio Salazar it was merely one famous epoch in a much broader struggle The Hispanos of frontier New Mexico spent decades engaging in various forms of resistance against the corruption exploitation and violent oppression that frequently plagued their homeland following the conclusion of the Mexican American War in 1848 James B Mills author of the award winning *Billy the Kid El Bandido Simp tico* provides readers with a wealth of new information in his quest to tell the Hispano side of things in a history largely centered around the lives of lawman turned outlaw Jos Ch vez y Ch vez intellectual prodigy Juan Patr n conservative journeyman Mart n Ch vez and resilient vaquero Yginio Salazar A study that extends far beyond the Lincoln County War and into the twentieth century *In the Days of Billy the Kid* also explores the Horrell War the arrival of the railroads the rise of the Herrera brothers and Los Gorras Blancas The White Caps the people s movement in San Miguel County and the infamous Vicente Silva and his Sociedad de Bandidos Society of Bandits Mills also casts some light on lesser known bandidos like the dangerous Nicolas Arag n the repentant Germ n Maestas and perennial jailbird Porfirio Trujillo Providing readers with fresh perspective a wagonload of untapped history and more than a hundred photographs *In the Days of Billy the Kid* is an unprecedented study of Nuevo M xico in frontier times and the early twentieth century that belongs on the bookshelf of any American West aficionado *A Journey Through New Mexico History (Hardcover)* Donald Lavash,2006-07 Many conditions cultures and events have played a part in the history of New Mexico The author a recognized authority guides the reader from the earliest land formations into the present time and has illustrated the narrative with photographs maps and artwork depicting various changes that took place during the many stages of New Mexico s development Donald R Lavash taught New Mexico junior and senior high school history for 13 years and at the college level for two years This book is the outgrowth of his teaching experiences and his feeling of a strong need for a New Mexico history text Dr Lavash was also the Southwest Historian for the New Mexico State Records Center and Archives for five years He is the author of numerous articles and books on history and archeology **Maxwell Land Grant** William Aloysius Keleher,1983 This text focuses on the circumstances surrounding the Maxwell Land Grant in New Mexico and southern Colorado The grant involved more than two thousand square miles of land This work reviews the history of the land in question from the days of Mexican rule under Governor Armijo to the time of Vigilantes in Raton It also speaks of the ownership controversy wherein the Utes Apaches Spanish and Americans all thought that they were the true land owners **Archaeology of the High Plains** James H. Gunnerson,1987 *Archeology of the High Plains* James H. Gunnerson,1987 *Billy the Kid* James B. Mills,2022-07-15 In the annals of American western history few people have left behind such

lasting and far reaching fame as Billy the Kid Some have suggested that his legend began with his death at the end of Pat Garrett s revolver on the night of July 14 1881 in Fort Sumner Others believe that the legend began with his unforgettable jailbreak in Lincoln New Mexico several months prior on April 28 1881 Others still insist his legend began with the publication in 1926 of Walter Noble Burns s book The Saga of Billy the Kid James B Mills has left no stone unturned in his twenty year quest to tell the complete story of Billy the Kid He explores the Kid s disputable origins his family s migration from New York into the Southwest and how he became an orphan as well as his involvement in the Lincoln County War his outlaw exploits and his dealings with Governor Lew Wallace Mills illuminates the Kid s relationships with his enemies lovers and numerous friends to contextualize the man s character beyond his death and legacy Most importantly Mills is the first historian to fully detail the Kid s relations with New Mexicans of Spanish descent So the question remains who really was the person the world knows as Billy the Kid Was he more than a young reprobate committed to a life of crime who relished becoming a famous outlaw and cold blooded self absorbed sociopath or thug that some still prefer him need him to be Or was he in fact the generally good hearted generous courteous young vigilante that so many remembered with considerable fondness who ultimately preferred the company of the more peaceable Hispanic population than his own Anglo people In this groundbreaking biography Mills takes the reader closer to the flesh and blood human being named Henry McCarty alias William H Bonney than ever before

**Translating Property** María E. Montoya, 2005-05-15 When American settlers arrived in the southwestern borderlands they assumed that the land was unencumbered by property claims But as Mar a Montoya shows the Southwest was no empty quarter simply waiting to be parceled up Although Anglo farmers claimed absolute rights under the Homestead Act their claims were contested by Native Americans who had lived on the land for generations Mexican magnates like Lucien Maxwell who controlled vast parcels under grants from Mexican governors and foreign companies who thought they had purchased open land The result was that the Southwest inevitably became a battleground between land regimes with radically different cultural concepts The struggle over the Maxwell Land Grant a 1 7 million acre tract straddling New Mexico and Colorado demonstrates how contending parties reinterpreted the meaning of property to uphold their claims to the land Montoya reveals how those claims with their deep historical and racial roots have been addressed to the satisfaction of some and the bitter frustration of others Translating Property describes how European and American investors effectively mistranslated prior property regimes into new rules that worked to their own advantage and against those who had lived on the land previously Montoya explores the legal political and cultural battles that swept across the Southwest as this land was drawn into world market systems She shows that these legal issues still have real meaning for thousands of Mexican Americans who continue to fight for land granted to their families before the Treaty of Guadalupe Hidalgo or for continuing communal access to land now claimed by others This new edition of Montoya s book brings the land grant controversy up to date A year after its original publication the Colorado Supreme Court tried once more to translate

Mexican property ideals into the U S system of legal rights and in 2004 the Government Accounting Office issued the federal government s most comprehensive effort to sort out the tangled history of land rights concluding that Congress was under no obligation to compensate heirs of land grants Montoya recaps these recent developments further expanding our understanding of the battles over property rights and the persistence of inequality in the Southwest Tall Tales and Half Truths of Clay Allison Donna Blake Birchell,2023 Sort outlandish fiction from no less outrageous fact in this wild ride with the West s Gentleman Gunfighter Robert Andrew Clay Allison was a jumble of contradictions Mentally unstable and mean as a rattlesnake he was also a fierce defender of the innocent A hard drinker but a quiet spoken man A hell raiser who was an impromptu preacher He was as feared for his prowess with pistol and Bowie knife as he was famous for loving whiskey and dancing Largely forgotten today his legend once sprawled across the frontier from Cimarron to Mobeetie where he was known to careen drunkenly through the streets wearing only his gunbelt and his boots Donna Blake Birchell places one of New Mexico s most fascinating figures back among his more well chronicled peers When Cimarron Meant Wild David L. Caffey,2023-04-27 The Spanish word cimarron meaning wild or untamed refers to a region in the southern Rocky Mountains where control of timber gold coal and grazing lands long bred violent struggle After the U S occupation following the 1846 1848 war with Mexico this tract of nearly two million acres came to be known as the Maxwell Land Grant When Cimarron Meant Wild presents a new history of the collision that occurred over the region s resources between 1870 and 1900 Author David L Caffey describes the epic late nineteenth century range war in an account deeply informed by his historical perspective on social political and cultural issues that beset the American West to this day Cimarron country churned with the tensions of the Old West land disputes lawlessness violence and class war among miners a foreign corporation local elites Texas cattlemen and the haughty Santa Fe Ring of lawyerly speculators And present still were the indigenous Jicarilla Apache and Mouache Ute people dispossessed of their homeland by successive Spanish Mexican and American regimes A Mexican grant of uncertain size and bounds awarded to Carlos Beaubien and Guadalupe Miranda in 1841 and later acquired by Lucien Maxwell marked the beginning of a fight for control of the land and set off overlapping conflicts known as the Colfax County War the Maxwell Land Grant War and the Stonewall War Caffey draws on new research to paint a complex picture of these events and of those that followed the sale of the claim to investors in 1870 These clashes played out over the following thirty years involving the new English owners miners and prospectors livestock grazers and farmers and Native Americans Just how wild was the Cimarron country in the late 1800s And what were the consequences for the region and for those caught up in the conflict The answers pursued through this remarkable work enhance our understanding of cultural and economic struggle in the American West *Men of Schiff, A History of the Professional Scouters Who Built the Boy Scouts of America* Winston Davis,2013-03 The book tells the stories of the men who were paid professionals in the Boy Scouts of America in the first half of the Twentieth Century They had personal struggles and sometimes conflict among themselves

These men worked tirelessly to create the largest Scouting organization in the world and one of the largest youth movements of all time The book gives some insight into their stories and the impact of their contributions toward the country we live in today

**Perverts by Official Order** Lawrence Murphy, 2014-08-27 This candid book documents for the first time the U S Navy s use of entrapment in pursuit of homosexuals in and around Newport Rhode Island during the early twentieth century This most extensive systematic persecution of gays in American history occurred with the approval of Navy Secretary Josephus Daniels and Assistant Secretary Franklin Roosevelt as dozens of sailors were ordered to identify and even seduce gay men in order to report their names to the authorities Noted historian Lawrence Murphy reveals the details of this sordid campaign that ultimately generated a national scandal and first raised issues of gay rights and governmental persecution of homosexuals

**Scouting** , 1974-03 Published by the Boy Scouts of America for all BSA registered adult volunteers and professionals Scouting magazine offers editorial content that is a mixture of information instruction and inspiration designed to strengthen readers abilities to better perform their leadership roles in Scouting and also to assist them as parents in strengthening families
