Philo And Paul Among The Sophists:

Philo and Paul Among the Sophists Bruce W. Winter, 1997-08-28 A study of Philo and Paul and the first century sophistic movement Philo and Paul Among the Sophists. Alexandrian and Corinthian Responses to a Julio-Claudian Movement Bruce W. Winter, 2002 The First Letter to the Corinthians Roy E Ciampa, Brian S Rosner, 2020-05-21 This careful sometimes innovative mid level commentary touches on an astonishingly wide swath of important sensitive issues theological and pastoral that have urgent resonances in twenty first century life This thorough commentary presents a coherent reading of 1 Corinthians taking full account of its Old Testament and Jewish roots and demonstrating Paula s primary concern for the unity and purity of the church and the glory of God Those who preach and teach 1 Corinthians will be grateful to Ciampa and Rosner for years to come and scholars will be challenged to see this letter with fresh eyes *After Paul Left Corinth: The Influence of Secular Ethics and Social Change* Bruce W. Winter, 2001 **Roman Wives, Roman Widows** Bruce W. Winter, 2003 During the late Republic and early Empire the new woman made her appearance This was a wife or widow of means who took part in life outside the walls of her house including wider society business and extra marital affairs *Prophetic Rivalry, Gender, and Economics* Olivia Stewart Lester, 2018-07-16 Olivia Stewart Lester examines true and false prophecy at the intersections of interpretation gender and economics in Revelation Sibylline Oracles 4 5 and contemporary ancient Mediterranean texts With respect to gender these texts construct a discourse of divine violence against prophets in which masculine divine domination of both male and female prophets reinforces the authenticity of the prophetic message Regarding economics John and the Jewish sibyllists resist the economic actions of political groups around them especially Rome by imagining an alternate universe with a new prophetic economy In this economy God requires restitution from human beings whose evil behavior incurs debt The ongoing appeal of prophecy as a rhetorical strategy in Revelation and Sibylline Oracles 4 5 and the ongoing rivalries in which these texts engage argue for prophecy s continuing significance in a larger ancient Mediterranean religious context **Paul and Image** Philip Erwin, 2020-09-29 In Paul and Image Philip Erwin challenges conventional interpretations of 1 Corinthians that tend to overlook the significance of ancient Roman visual culture in framing and posing exegetical questions He argues that in 1 Corinthians Paul engaged in a long standing philosophical discussion of visual representation with consequential implications for how he and his Corinthian addressees interacted with the imagery around them By situating Paul s letter in the context of the critical discourse on visual representation from Plato to Philo to the Second Sophistic Erwin redefines Paul s critique of human wisdom treatment of idols and resurrection discourse in visual terms *The Prestige of the Pagan Prophet Balaam in Judaism, Early Christianity and Islam* George H. van Kooten, J.T.A.G.M. van Ruiten, 2008-05-31 This volume deals with the pagan prophet Balaam who figures in the book of Numbers By the very nature of his stature as a non Israelite pagan prophet the figure of Balaam raises important questions with regard to the nature of prophecy and the relation between the Israelite God and the

pagan nations The conflicting stories and potent oracles of Balaam in Numbers 22 24 and other parts of the Jewish Scriptures prompted extensive reflection on this ambiguous figure Thus the leading perspective developed in this volume is the often simultaneous praise and criticism of Balaam as a prestigious pagan prophet throughout ancient Judaism early Christianity and the early Koranic commentaries The papers are clustered in four sections which deal with 1 Balaam in the Old Testament and the Ancient Near East and comparable figures in Ancient Greece 2 Balaam in Ancient Judaism 3 Balaam in the New Testament and 4 Balaam in the Koran and early Koranic commentaries The reception of this enigmatic figure can be characterized as the simultaneous praise and criticism of a pagan prophet The book is particularly useful as it also contains mile Puech s newly reconstructed text translation and commentary of the first combination of the Deir Alla inscriptions which contain an excerpt of the book of the historical Balaam Combined with the other papers the volume pictures a fascinating continuum between paganism Judaism Christianity and Islam

The Paul-Apollos Relationship and Paul's Stance toward Greco-Roman Rhetoric Corin Mihaila, 2009-06-25 Research into the social and rhetorical background of the Corinthian church shows that the Corinthians were evaluating their leaders based on their rhetorical prowess seeking to associate with those who would enhance their status and honour The coherence of Paul s argument in 1 Corinthians 1 4 is evaluated particularly by showing how Paul s discourse of the cross and Sophia relate to the issue of the dissensions in the Corinthian ekklesia Once demonstrated that there is a misunderstanding of wisdom amongst church leaders at the basis of the dissensions a redefinition of the wisdom offered in Corinthians is required In what could be considered the locus of Paul s theology of proclamation i e 1 Corinthians 2 1 5 he rejects any employment of worldly wisdom in his proclamation of the cross for theological reasons and will not allow himself or other leaders to be drawn into this game of personality cult and honour enhancement Such conclusions then raise the question of the role played by Apollos name in Paul s argument against dissensions After a review of several possible views it is concluded based primarily on exegetical grounds and refusing to engage in hermeneutical speculations that Paul had a congenial relationship with Apollos If any distinction is drawn between the two it was solely the Corinthians fault who viewed their preachers in competitive rather than complementary terms

Secular and Christian Leadership in Corinth Clarke, 2018-12-10 This volume traces the influences of first century Corinthian secular leadership on local church leadership as reflected in 1 Corinthians 1 6 It then shows how Paul modifies the Corinthian understanding of church leadership By comparing secular leadership in first century Corinthian society with leadership in the Corinthian church it has been argued that one of Paul s major concerns with the church in Corinth is the extent to which significant members in the church were employing secular categories and perceptions of leadership in the Christian community This volume has adopted the method of assessing the New Testament evidence in the light of its social and historical background Both literary and non literary sources rather than modern sociological models were employed in making the comparison

The Persuasive Preacher David A. Christensen, 2020-07-16 How can we preach persuasively

without huckstering manipulating or coercing people Sadly we are seeing the fall of many pastors not for reasons of sexual immorality but the pursuit of pride and power The skillful use of marketing methods creates celebrity pastors who become significant influencers in the evangelical church The lure of success is seductive turning pastors into hucksters and Christians into consumers We need to heed the warnings of the New Testament about the pride of rhetoric and the pursuit of power David Christensen carefully analyzes the biblical warnings of Paul about the temptations of rhetorical sophistry in the first century church and applies them to pastoral ministry today God calls preachers to be ethical and effective persuaders David develops an ethical grid for pastoral persuasion using principles drawn from the Bible and social science along with practical illustrations from his years of ministry He calls preachers to be ethical and effective persuaders by emphasizing the centrality of the word of God while depending on the power of the Spirit of God Eastern Orthodox Christianity and American Higher Education Ann Mitsakos Bezzerides, Elizabeth H. Prodromou, 2017-01-15 Over the last two decades the American academy has engaged in a wide ranging discourse on faith and learning religion and higher education and Christianity and the academy Eastern Orthodox Christians however have rarely participated in these conversations The contributors to this volume aim to reverse this trend by offering original insights from Orthodox Christian perspectives that contribute to the ongoing discussion about religion higher education and faith and learning in the United States The book is divided into two parts Essays in the first part explore the historical experiences and theological traditions that inform and sometimes explain Orthodox approaches to the topic of religion and higher education in ways that often set them apart from their Protestant and Roman Catholic counterparts Those in the second part problematize and reflect on Orthodox thought and practice from diverse disciplinary contexts in contemporary higher education The contributors to this volume offer provocative insights into philosophical questions about the relevance and application of Orthodox ideas in the religious and secular academy as well as cross disciplinary treatments of Orthodoxy as an identity marker pedagogical framework and teaching and research subject **The Studia Philonica Annual XXXI, 2019** David T. Runia, Gregory E. Sterling, 2019-11-20 Studies on Philo and Hellenistic Judaism from experts in the field The Studia Philonica Annual is a scholarly journal devoted to the study of Hellenistic Judaism particularly the writings and thought of the Hellenistic Jewish writer Philo of Alexandria This volume includes articles on allegory Platonic interpretations of the law rhetoric and Philo's thoughts on reincarnation Features Articles on aspects of Hellenistic Judaism written by scholars from around the world Comprehensive bibliography and book reviews The Studia Philonica Annual XXXV, 2023 David T. Runia, 2023-11-17 The Studia Philonica Annual is a scholarly journal devoted to the study of Hellenistic Judaism particularly the writings and thought of the Hellenistic Jewish writer Philo of Alexandria circa 15 BCE to circa 50 CE **Seeing Beauty and Saying Beautifully** John Piper, 2014-05-14 Herbert Whitefield Lewis In the sixth volume to The Swans Are Not Silent series John Piper celebrates the importance of poetic effort by looking at three influential Christians whose words magnificently display a

commitment to truth and a love for beauty Examining the lives of George Herbert George Whitefield and C S Lewis Piper helps us appreciate the importance of carefully crafted words by exploring how Christians can use them to testify to God s glory wonder at his grace and rejoice in our salvation Whether exploring Herbert s moving poetry Whitefield s dramatic preaching or Lewis s imaginative writing this book highlights the importance of Christ exalting eloquence in our praise of God and proclamation of his gospel Part of the The Swans Are Not Silent series **Envisioning God in the Humanities** Courtney J. P. Friesen,2018-11-09 The humanities offer insights into the highest and lowest capabilities of our own natures and at their best they function as prophetic champions of human dignity and as inspired celebrants of beauty Envisioning God in the Humanities pays tribute to the career of Melissa Harl Sellew a scholar and teacher who embodies the ideals of these academic disciplines The collaboration of these essays attests to the potentialities for transcendence that emerge from rigorous and collective reflection on the texts images and ideas produced in ancient societies Taking its cue from Professor Sellew s own distinguished scholarship this collection of studies begins with analyses of the New Testament Gospels then moves more broadly toward the religious life of the ancient world as attested both in literature and materiality among Jews and Christians Greeks and Romans Just as Sellew has done throughout her career so this volume invites us into to the joy of exploring distant societies and in so doing into the fuller discovery of one s own self **The Role of the Bishop in Late Antiquity** Andrew Fear,José Fernández Urbiña,Mar Marcos,Mar Marcos Sanchez,2013-04-11 The role of the bishops in Late Antiquity is examined and analysed by an important and international cast of contributors **Unity of Corinthian Correspondence** David R. Hall,2003-12-01 The thesis of this book is that 1 and 2 Corinthians are closely related that Paul faces the same opponents in both letters that the letter written with many tears referred to in 2 Corinthians is 1 Corinthians and that there is no need to posit an intermediate visit or letter between the two canonical letters Throughout the two letters Paul implements a consistent pastoral strategy and an understanding of this strategy explains the difference in tone between various sections of the two letters There is no need for theories of partition **For Your Sake He Became Poor** Georges Massinelli,2021-04-19 The Pauline collection for the poor in Jerusalem is the most famous example of financial support for geographically distant groups in early Christianity Recent assessments of the Pauline collection have focused on patronage to explain the social relations between Jerusalem and the Pauline groups and the strategies adopted by Paul Through a comparison with the Greco Roman world and a close reading of the texts this study challenges the recent approach and proposes that other factors shaped Paul s stance Paul was interested in reassuring the Corinthians about the financial outcome of the collection and dispelling doubts that he might take advantage of them The collection was an action modeled on divine generosity and an exchange within a reciprocal relationship between Christian groups This study also surveys intergroup support between Christian groups in the first three centuries CE This practice involved churches from most of the Mediterranean Basin and was known even outside of Christian circles Transfers of money were organized according to a

consistent pattern modeled on local charitable practices The Pauline collection had similar characteristics and can be seen as part of this widespread economic practice *Exploring Second Corinthians* B. J. Oropeza, 2016-04-15 A multi faceted commentary that breathes fresh insight into Paul s letter In Second Corinthians Paul responds to reports of the Corinthian congregation questioning his competency as a divinely sent messenger Through apologetic demegoria and the use of graphic imagery related to triumphal processions siege warfare and emissary travels and negotiation Paul defends his constancy persona and speaking abilities as he extends the offer of clemency and reconciliation to his auditors Oropeza combines rhetorical pictures rhetography with interpretative layers literary features intertextuality socio cultural ideological and sacred textures to arrive at the rhetorical impact of Paul s message for ancient Mediterranean discourse Features A visual sensory and imaginative interpretation of the scripture A comprehensive commentary An avant garde approach to biblical interpretation
