Psychological Hermeneutics for Biblical Themes and Texts J. Harold Ellens, 2012-05-03 For centuries scholars have been developing ways of studying the bible through exegesis historical critique literary critique form criticism and narrative analysis During the last half century new theoretical approaches have come to the fore Psychological Hermeneutics takes as its starting point the text itself and its context the dynamics of the human document created the person s who authored the text the original audience for which it was intended the subsequent audiences to which it spoke and the factors that were at play behind in and in front of the text The contributions to this volume examine the growth of Psychological Hermeneutics as a discipline within biblical studies The book is structured in two parts The first assesses the approach taken by Wayne G Rollins one of the pioneers of this field The second provides applications of Rollins approach The result is a book which presents a state of the art survey of the discipline and development of Psychological Hermeneutics over the last thirty years

The Sacrifice of Isaac in the Three Monotheistic Religions Frédéric Manns, 1995 **The Disappearance of Eve and the Gender of Christ** Kevin Carnahan, 2025-04-15 After hundreds of years during which Eve was blamed for originating sin St

Paul removed her from the narrative of the fall to create a one man one man typology between Adam as the origin of sin and Christ as the source of salvation This disappearance created a theological problem Eve fell outside the narrative of sin and salvation Early Christians sensing the lack in Paul s formula created an alternative typology between Eve the mother of all the living and Mary the mother of Jesus Eventually early theologians attempted to solve the soteriological problem Eve posed by coordinating these two typologies This solution however produced a further dilemma Either Mary had to be posited as a second savior or the salvation offered to Eve in the revised scheme had to be second class Neither option is theologically acceptable The Disappearance of Eve and the Gender of Christ proposes a solution to this problem It revises Paul s original formula and with it a set of common claims about Christ s sex and gender It accepts Christ as the new Adam and the new Eve and accepts that Christ is theologically speaking trans Carnahan offers a new theology of sex and gender as a calling within a context of responsibility as a framework for making sense of Eve Christ and ourselves He shows how from first century Roman culture to medieval mystical experience and into our own time there exists a long tradition of seeing Christ as transgressing and even transitioning across sex and gender boundaries

Jesus and Temple James H. Charlesworth, 2014 The New Testament provides abundant evidence that Jesus frequented the temple according to Acts so did his followers after his death But the Gospels also depict Jesus in conflict with temple authorities and questions about his attitude to the temple swirl around what the Gospels label false accusations from his opponents and around the dramatic but inconsistent accounts of Jesus cleansing the temple Jesus attitude toward the temple is at the center of current historical Jesus research yet those discussions are often not current with the latest archaeological and related findings regarding the temple and its history architecture liturgy and function James H Charlesworth here gathers essays from world renowned archaeologists and biblical scholars to address the current state of knowledge regarding the temple and to consider anew vital questions about its significance for Jesus for his followers and for New Testament readers today Back cover

Origins of the Study of Human Growth Edith Boyd, 1980 *Novatian's Theology of the Father and Son* Daniel Lloyd, 2020-07-23 Early Christian theologian Novatian s c 200-258 work begins with the topic of the unique and supreme Father The categories he uses to describe the Father include both traditions from Christian sources and articulations of negative theology especially as seen in Middle Platonism After establishing the limitations set by philosophical and theological language Daniel Lloyd turns to the positive categories Novatian chooses for describing the Father highlighting Novatian s emphasis on revelation evaluating the parameters of the uniqueness of the Father and showing that his theology presents the Father as distinct in attributes such as incomprehensibility eternality and inability to change Having presented Novatian s theology of the Father as the center point of his thought Lloyd next assesses Novatian s theology of the Son showing that his categories and terminology even to the point of calling the Son God do not function

against his theology of the unique Father Novatian has many resources for speaking about the Son's divinity in a way that does not contradict his theology of the Father Lloyd presents and analyzes these resources to demonstrate that the Son's status as ontologically subordinate to the Father is the best reading of De Trinitate

The Christian Moses Jaeda Charlotte Calaway, 2019-11-21 Two verses about Moses in the Bible have been the subject of debate since the first century In Exodus 33:20 God tells Moses that no one can see God and live but Numbers 12:8 says that Moses sees the form of the Lord How does one reconcile these two opposing statements Did Moses see God and who gets to decide The Christian Moses investigates how ancient Christians from the New Testament to Augustine of Hippo resolved questions of who can see God how one can see God and what precisely one sees Jaeda Calaway explains that the decision about whether and how Moses saw God was not a neutral exercise for an early Christian Rather it established the interpreter's authority to determine what was possible in divine human relations and set the parameters for the nature of humanity As a result Calaway argues interpretations of Moses' visions became a means for Jews and Christians to jockey for power allowing them to justify particular social arrangements relations and identities to assert the limits of humans in the face of divinity and to create an Other Seeing early Christians with new eyes The Christian Moses reassesses how debates on Moses' visions from the first through the fifth centuries were in reality debates on the boundaries of humanity

Reading Between the Letters of the Gospels Mark C. Kiley, 2024-01-26 What if the texts of the canonical Gospel authors provide commentary alongside the texts they created That is the interpretative question pursued in many of these essays that supplement the collection done in 2012 for Wipf and Stock Taking a cue from Aratos and Vergil among others these studies point to configurations of letters that reference some aspect of the topic dealt with in already integral words in the main text Attention to letters sprinkled throughout a passage may uncover integral words on their own but the beholder wanting Through this lens one may trace the formative influence of the letters Yhwh on Isaiah and Matthew hear more echoes of Homer and Pindar in Mark observe extensive engagement with Aratos in Luke Acts and the descriptor beloved used of Judas in John Through this lens one may detect that Matthew and Luke focused on the Pentateuch as a whole when they supplement Mark The intercalated letters of the Gospel writers names in the Farewell Discourse of John also suggest that he self consciously works within the lineup that we now know This reading strategy is an art as much as a science but when used responsibly it opens a new question within traditional redactional investigations

Trans Talmud Max K. Strassfeld, 2023-10-03 Trans Talmud places eunuchs and androgynes at the center of rabbinic literature and asks what we can learn from them about Judaism and the project of transgender history Rather than treating these figures as anomalies to be justified or explained away Max K Strassfeld argues that they profoundly shaped ideas about law as the rabbis constructed intricate taxonomies of gender across dozens of texts to understand an array of cultural tensions Showing how rabbis employed eunuchs and androgynes to define proper forms of masculinity Strassfeld emphasizes the unique potential of these figures to not only establish the boundary of law but

exceed and transform it Trans Talmud challenges how we understand gender in Judaism and demonstrates that acknowledging nonbinary gender prompts a reassessment of Jewish literature and law The Biblical World John Barton, 2002 This book is a comprehensive guide to the contents historical setting and social context of the Bible

leads to violence and death Armitage concludes that a peacemaking hermeneutic is not only viable but integral to reading the epistle

Imagining the Jewish God Leonard Kaplan, Ken Koltun-Fromm, 2016-09-09 Jewish art has always been with us but so has a broader canvas of Jewish imaginings in thought in emotion in text and in ritual practice Imagining the Jewish God was there in the beginning as it were engraved and embedded in the ways Jews lived and responded to their God This book attempts to give voice to these diverse imaginings of the Jewish God and offers these collected essays and poems as a living text meant to provoke a substantive and nourishing dialogue A responsive living covenant lies at the heart of this book a covenantal reciprocity that actively engages the dynamics of Jewish thinking and acting in dialogue with God The contributors to this volume are committed to this form of textual reasoning even as they all move us beyond the text as foundational for the imagined people of the book That people we submit lives and breathes in and beyond the texts of poetry narrative sacred literature film and graphic mediums We imagine the Jewish people and the covenant they respond to as provocative intimations of the divine The essays in this volume seek to draw these vocal intimations out so that we can all hear their resonant call
