Philological Inquiries in Three Parts By James Harris Esq.. Part I and II. James Harris,1781 *Catalogue of the Books in the Library of the Honorable Society of Gray's Inn: with an Index of Subjects* Inns of Court (London). - Gray's Inn, John A. Russell,1872 **Catalogue of the Books in the Library of the Honourable Society of Gray's Inn** Gray's Inn. Library,1872 *The Emergence of Literary Criticism in 18th-Century Britain* Sebastian Domsch,2014-08-19 This study tries through a systematic and historical analysis of the concept of critical authority to write a history of literary criticism from the end of the 17th to the end of the 18th century that not only takes the discursive construction of its self representation into account but also the social and economic conditions of its practice It tries to consider the whole of the critical discourse on literature and criticism in the time period covered Thus it is distinctive through its methodology there is no systematic account of the historical development of critical authority and no discussion of the institutionalization of criticism of such a scope its material of analysis most of the many hundred texts self reflexively commenting on criticism that are discussed here have been so far virtually ignored and through its results a complex history of criticism in the 18th century that is neither reductive nor the accumulation of isolated aspects or author figures but that probes into the very nature of the activity of criticism The aim of this study is both to provide a thorough historical understanding of the emergence of criticism and as a consequence an understanding of the inner workings and power relations that structure criticism to this day **Language, Custom and Nation in the 1790s** Susan Manly,2017-11-30 *Language Custom and Nation in the 1790s* shows for the first time how the radical Jacobin poets and their ideas of a revolutionary poetry were impelled even invented by the seventeenth century English philosopher John Locke For too long the revolutionary Romanticism and poetic experiments of the 1790s have been understood as responses to the American and French revolutions or attributed to the intellectual influence of Rousseau The author counters these assumptions by tracing threads of influence from Locke s ideas of arbitrary language and tyranny through Tooke s attacks on terms such as majesty and law to the supposedly real language of Wordsworthian Romanticism She breaks new ground in establishing Maria Edgeworth s place in Locke s anti authoritarian tradition contending that Edgeworth s work produced in the shadow of the United Irishmen uprising revives the politicisation of the idea of common language displaced in Wordsworth s neutralizing of Locke s radical impulse in the preface to *Lyrical Ballads* The author s original and engaging book will appeal to scholars of 1790s radicalism eighteenth century linguistic theory women s writing and the relations between Britain and Ireland **The Principles of Natural and Politic Law ...
