Philosophical And Theological Papers 1958 1964:

Collected Works of Bernard Lonergan: Philosophical and theological papers, 1958-1964 Bernard J. F. Lonergan, Frederick E. Crowe, Robert M. Doran, Lonergan Research Institute, 1988-01-01 The period during which Bernard Lonergan delivered the eleven lectures in this volume was one of important transition for him he was moving rapidly toward a new conception of theology and its method and he was on the verge of what is now recognized as a major breakthrough in his thought on method the idea that came to him in February 1965 of the eight functional specialities While the lectures maintain a continuity with Lonergan s previous work they also reveal new and significant ideas especially in regard to his drive toward a new conception of theology as a whole and his particular concern for the relevance of theology to the spiritual life The lectures here include The Redemption Method in Catholic Theology The Philosophy of History The Origins of Christian Realism Time and Meaning Consciousness and the Trinity Exegesis and Dogma The Mediation of Christ in Prayer The Analogy of Meaning Philosophical Positions with Regard to Knowing and Theology as Christian Phenomenon This volume provides a key to understanding the development of Lonergan s philosophical and theological thought his major influences and the pivotal moments of transition in the road leading up to Method in Theology and beyond **Philosophical and**

Philosophical and Theological Papers Bernard J. F. Lonergan (S.I.), 1996 **Lonergan and the Level of Our Time** Frederick E. Crowe, 2010-01-01 This third and final collection of articles by the noted Lonergan expert Frederick E Crowe comprises twenty eight papers written between 1961 and 2004 five of which have never before been published Christ and History Frederick E. Crowe. S.J., 2015-01-01 First published in 2005 by Novalis St Paul University Ottawa Canada Title page verso Eucharist as Meaning Joseph C. Mudd, 2014 This study moves beyond postmodern trends in Catholic eucharistic theology by exploring the works of Bernard Lonergan and Louis Marie Chauvet Having learned from both Chauvet s critique of metaphysics and Lonergan s development of a critical metaphysics we hope to offer a fruitful understanding of traditional eucharistic doctrines that is able to respond to some contemporary problems and shed some light on the great mystery that stands at the center of Christian worship from the introduction Postmodern theologians have been critical of using metaphysics to interpret the presence of Christ in the Eucharist liturgical sacrifice and sacramental causality preferring instead a symbolic approach Lonergan s critical metaphysics however offers an account of knowing and being that resists attempts to pit metaphysics against the symbolic and moves sacramental theology into the real world of meaning The result is a theology of the Eucharist grounded in tradition that speaks to today s believers *Lonergan and the Theology of the Future* David M. Hammond, 2017-12-13 Today a variety of theological approaches offer fresh and enriching insights yet much of contemporary religious thought can be disorienting for the beginning student of theology This accessible introduction presents aspects of the thought of Fr Bernard Lonergan SJ 1904 1984 in a way that makes his vital contribution

to contemporary theology accessible to the beginning student The author minimizes technical terms and explains basic ideas with user friendly examples Rather than a survey of diverse contemporary theological opinions or a thematic presentation of one topic the book tries to clear away confusions by focusing on the theologian concerned with those topics The book will thus encourage creative ways of overcoming some of the unnecessary obstacles for students who want to explore theology today

Wisdom and the Renewal of Catholic Theology Thomas P. Harmon, Roger W. Nutt, 2016-10-20 For more than fifty years Fr Matthew L Lamb has been one of the major figures in American Catholic theology through his writing teaching and involvement in scholarly societies Over a decade ago Fr Lamb moved from the Department of Theology at Boston College to develop the graduate programs in theology at Ave Maria University in response to what he identified as the widespread decline in theological education Twelve years into their operation the graduate programs in theology have begun to produce junior scholars who have attained appointments in universities and seminaries across the United States In *Wisdom and the Renewal of Catholic Theology* Thomas P Harmon and Roger W Nutt have brought together some of this first generation of Ave Maria graduates to produce a collection of essays to honor their teacher and the architect of their theological education

Eros of the Human Spirit, The Elizabeth J. Snedden, 2017 The *Eros of the Human Spirit* examines how we might better recognize understand affirm and appropriate the Godgiven desire to know and love God operative within all human consciousness

Psychosemiotic Cycles and the Liturgical Year Andrew Wilson, 2008 *Contemplation and Freedom* Benedict R. Shoup, Mary Frohlich, 2025-04-22 How does prayer shape action How does sustained engagement in deep prayer shape our very freedom to act This volume explores the relationship between Christian contemplative prayer and the exercise of freedom Over the past half century the desire for a better integration of spirituality and theology has emerged as a significant theme in theological writing While the question of freedom has not been absent from this discourse this volume highlights it by bringing it to the very center of the conversation Eleven theologians explore the dialectical relationship between contemplation and freedom by engaging with a wide array of sources ranging from Maximus the Confessor to Edith Stein from Howard Thurman to Bernard Lonergan from the Tiberian martyrs to M Shawn Copeland This symphony of voices unveils the methodological fruitfulness of placing contemplative prayer at the center of life theory and practice

Lex Crucis William P. Loewe, 2016-06-03 What is the true story of God and humankind and how does that story become a saving story These are pivotal questions that constitute the narratives Christians tell about themselves their values and how the Christian life is to be lived In shaping those stories into a coherent intelligible framework that provides comprehensive meaning soteriology the doctrine of redemption developed as a keystone to Christian consciousness This study investigates that development of the soteriological tradition Employing Bernard Lonergan s notion of the stages of meaning as a hermeneutic the volume traces the origins of soteriology in the early Christian tradition represented by Irenaeus to its establishment as a systematic theory in Anselm Aquinas and subsequent developments in the Protestant tradition of Luther and Schleiermacher The author concludes with a constructive exploration of Lonergan s own work on the question of soteriology that overcomes the modernist distortions that hinder Schleiermacher s account and offers an articulation of the dynamics of Christian conversion that opens onto the social cultural and political mediations of redemption necessary for the contemporary age

Music as Theology Maeve Louise Heaney, 2012-09-01 The conversation between music and theology dormant for too long in recent years is at last gathering pace And rightly so There will always be theologians who will regard music as a somewhat peripheral concern too trivial to trouble the serious scholar and in any case almost impossible to engage because of its notorious resistance to words and concepts But an increasing number are discovering again what many of our forbears realized centuries ago that the kinship between this pervasive feature of human life and the search for a Christian intelligence of faith is intimate and ineradicable Maeve Heaney s ambitious wide ranging and energetic book pushes the conversation further forward still Her approach is unapologetically theological grounded in the passions and concerns of mainstream doctrinal theology And yet she is insisting that music must be given its due place in the ecology of theology Although convinced that music should not be set up as a rival to linguistic or conceptual articulation let alone swallow up traditional modes of theological language and thought she is equally convinced that music is an irreducible means of coming to terms with the world a unique vehicle of world disclosure and as such can generate a particular form of understanding there are things which God may only be saying through music If this is so it is incumbent on the theologian to listen

Jeremy Begbie from the Foreword

The Eucharistic Vision of Laudato Si Lucas Briola, 2022-12-28 No other encyclical has generated as much conversation both Catholic and non Catholic as Laudato si Often forgotten in these conversations is the theological heart and eucharistic vision of the encyclical and its integral ecology Even the title of Laudato si Praised be signals the centrality of right praise in caring for our common home Using Bernard

Lonergan's theology of history this book unearths the doxological eucharistic vision that shapes the encyclical's integral presentation of social and ecological conversion. It offers the first book-length study that recovers the eucharistic nature of *Laudato si'*. In drawing out the eucharistic vision of *Laudato si'*, the book accomplishes several feats for the reader. It roots the eucharistic dimensions of the encyclical in the writings of Popes John Paul II and Benedict XVI, showing how Pope Francis develops their thought in notable ways. It introduces Bernard Lonergan's theology of history, showing how his framework can capture the eucharistic contours of caring for our common home. So too, in light of *Laudato si'*, does the book expand his theology of history to incorporate both ecological concern and the doxological eucharistic essence of the church. The book assembles a liturgically shaped systematic account of the church's social mission. It joins poles otherwise sundered in a polarized church and world: between worship and justice, between concerns for human life and concerns for the natural world. Realizing the eucharistic vision of *Laudato si'* promises much for our contemporary moment. Pope Francis recently observed that the integral ecology of *Laudato si'* holds the key for the world's recovery from the COVID-19 pandemic. The U.S. Catholic Bishops recently launched a Eucharistic Revival that aims to rekindle eucharistic devotion and praxis. *The Eucharistic Vision of Laudato Si'* Praise Conversion and Integral Ecology supplies a timely study that helps fulfill these intertwined calls.

Method in Theology Bernard Lonergan, 2017-09-18 *Method in Theology* stands with *Insight* as Bernard Lonergan's most important work. It is Lonergan's answer to those who would argue that in this time of cultural change and dissolution the believer is afloat on a sea of multiplying theologies without rudder or compass. Lonergan was resolute in his refusal to be defeatist on this point. While agreeing that theology must continually change to mediate between religion and culture, he worked out an integral method to guide and control this ongoing process. *Method in Theology* is the fruit of this labour. This critical edition has benefited from extensive research into Lonergan's typescripts and from consulting the recordings from several institutes where he lectured over the course of the work's development. Lonergan's intention was to provide a set of methods that would guide a collaborative community in the ongoing construction of a theology that would move from recovery of the data through resolution of conflicts to contemporary formulations and applications. With this work, the cognitional theory of *Insight: A Study of Human Understanding* underwent a surprising set of developments in the form of what he calls functional specialization. **Transforming Conflict through Insight** Kenneth R. Melchin, Cheryl A.

Picard, 2009-06-05 Examining the difficulties of conflict resolution, *Transforming Conflict through Insight* demonstrates how applying Bernard Lonergan's philosophy of insight to mediation can lead to more productive and constructive negotiations. Kenneth R. Melchin and Cheryl A. Picard provide both an overview of conflict research and an introduction to Lonergan's insight theory, offering an outstanding piece of ethical philosophy and a useful method of mediation. Introducing readers to a method of self-discovery, the different kinds of operations involved in learning, and the role of feelings and values in shaping interactions with others in conflict, this volume also includes the practical experience of mediators who detail strategies of

insight mediation for working creatively through conflict Attending to the important role played by transformative learning in navigating conflicts the authors show how insights and learning can move people past obstacles caused by feelings of threat Informative compassionate and convincing Transforming Conflict through Insight is a welcome resource for working to resolve difficulties in an ethical and educational manner

Bringing Bernard Lonergan Down to Earth and into Our Hearts and Communities John Raymaker, Godefroid Alekiabo Mombula, 2018-11-29 Bernard Lonergan is a world renowned philosopher methodologist and theologian The complexity of his work has tended to limit his accessibility to average readers Bringing Bernard Lonergan Down to Earth seeks to remedy this limitation by showing how Lonergan did address problems of community life He also broadened his interest after writing Insight to include a reaching into our hearts as modeled for example by the genius Blaise Pascal Lonergan also sought to bridge religious divides Here the Christian theological virtues of faith hope and love are indispensable but that does not curtail from Lonergan's uncanny ability to reach out to secularists by focusing on ethics The importance of Lonergan's interdisciplinary work is signaled in the book's twelve explorations in the concluding Part IV that detail for interested readers his extraordinary ability to solve major philosophical issues

A Second Collection Bernard Lonergan, 1988-01-01 The papers deal with scientific mathematical theological and philosophical questions including discussions of such topics as the proper foundation of metaphysics the form of inference the nature of love and marriage and the role of the university in the modern world
