Hayford, 2001 The Leading Edge contains 40 dynamic leadership nuggets from Hayford s best columns published in Ministries Today with additional information suggestions and reflections Readers can uncover an approach that takes them through a process of leadership skill development **Trolls and Truth** Jimmy Dorrell, 2006 Trolls Truth is the story of a local church of homeless people college students middle class Christians some poor and some rich black white and brown drunks materialists mentally ill and former inmates who meet beneath the noise of 18 wheelers and rushing traffic under an interstate bridge in Waco Texas As they live out biblical mandates across racial and cultural barriers and institutional baggage they remind us that the gospel cannot be shaped by socially accepted values and remain good news Evangelical Hospitality Tory K. Baucum, 2008 Evangelical Hospitality Catechetical Evangelism in the Early Church and Its Recovery for Today describes a church that has lost touch with its deep memory of evangelization the recovery of that memory in catechetical ministry and the practices this recovery spawns in the Church After describing the social construction of faith communities the book examines four core practices that are entailed in creating cultures of faith places where believing in Christ becomes plausible and possible Evangelical Hospitality concludes with perennial principles from Christian communities that learn to construct faith cultures

BOOK JACKET *The Wild Gospel* Alison Morgan, 2012-10-18 A prophetic challenge to the Western church The Christian faith is always subversive to the dominant world view Jesus overturned every assumption which stopped people experiencing the living reality of God the heart of truth Sadly the Western world has reduced truth to the merely rational and then discarded it as inadequate In Africa and other parts of the world where God s truth has never been straitjacketed in this way the church is characterised by a joy now absent in the West Western culture has limited what we can believe and receive Can we Burst free from this restrictive secular framework Learn not only to know truth but to feel it and live it Live our faith in such a way that it becomes real to those around us Alison Morgan shows that Jesus lived free from the culturally imposed norms which restrict our understanding of truth Examining church history prophecy past and present the state of our culture and of the church today and drawing on personal experience and the experience of others Alison blends analysis and

imagination history and poetry in this prophetic challenge to Western Christians

Being Missional, Becoming

Missional Banseok Cho, 2021-12-10 This book explores the theme of the missional conversion of the church namely how the church is transformed toward its missionary vocation from a biblical theological perspective The purpose of this book is to find biblically grounded theologically sound and practically applicable principles helpful for the church which seeks to be continuously shaped into a missional community which authentically and fully participates in God's mission today The biblical theological findings on how the triune God in the biblical narrative shapes the people of God toward their missionary vocation demonstrates first that in Scripture the missional conversion of the church is primarily the consequence of its continuous encounter with the triune God and second that this divine human encounter for the missional conversion of the church is ineluctable in view of the ongoing tension between the missional faithfulness of God in fulfilling the missionary vocation of the church on the one hand and the missional failure of the church in its missionary vocation on the other hand

The Community of the King Howard A. Snyder, 2010-01-28 Howard A. Snyder probes the relationship between the kingdom of God and our daily experience of the church

The Jesus Plan

Bruce Dreisbach, 2010-12-22 A radically refreshing and proven pattern for reaching those around you with the good news of Christ join the adventure of reaching the lost in your world An expert in church growth and evangelism Bruce Dreisbach reached a crushing dead end when he realized that old style efforts of evangelism were becoming increasingly ineffective Out of his failure and frustration God led him and others to launch a new ministry with priorities and approaches that varied radically from the traditional Over time this new paradigm has proven significantly successful in reaching lost souls in today's culture After you read The Jesus Plan you'll never think of evangelism the same way again You'll be equipped and encouraged to reach out to the people around you effectively and help them discover a new way to live eternally

Church Planting in the Secular West

Stefan Paas, 2016-11-03 An expert study of church planting in the most secular part of contemporary Europe In this book Stefan Paas offers thoughtful analysis of reasons and motives for missionary church planting in Europe and he explores successful and unsuccessful strategies in that post Christian secularized context Drawing in part on his own involvement with planting two churches in the Netherlands Paas explores confessional motives growth motives and innovation motives for church planting in Europe tracing them back to different traditions and reflecting on them from theological and empirical perspectives He presents examples from the European context and offers sound advice for improving existing missional practices Paas also draws out lessons for North America in a chapter coauthored with Darrell Guder and John Franke Finally Paas weaves together the various threads in the book with a theological defense of church planting Presenting new research as it does this critical missiological perspective will add significantly to a fuller understanding of church planting in our contemporary context

Soul Whisperer Gary Comer, 2013-02-19 What if we changed the face of evangelism In a time when so many have a negative perception of evangelism what if a new model was entirely biblical loaded with skills and more

effective Soul Whisperer shifts the emphasis from telling to a drawing paradigm It develops biblically the pattern of Jesus who did not give static presentations but rather customized his words to each hearer By learning his ways our words too can have pinpointed impact Christians will discover how to draw out first in order to read their friends and discern the relevant appeal of the gospel In this way the style is far more dynamic It adapts Understanding the non believer s unique starting point will determine a distinct path By creating a conversation about spiritual influence and what is involved in faith formation this book charts ways for Christians to go deeper in evangelistic relationships Most importantly Soul Whisperer infuses skills that will shape a more Christ likened missional disciple **Reframing Paul** Mark Strom,2000-10-12 Mark

Strom unveils Paul in his original context and invites us to engage with him in new terms He courageously draws Paul into vital conversation with contemporary evangelicalism This book is for anyone who wants to learn how the church can be an attractive community of transforming grace and conversation **Tyconius' Book of Rules** Matthew R. Lynskey,2021-03-01

In Tyconius Book of Rules Matthew R Lynskey explores the church centric interpretation of ancient biblical exegete Tyconius in his hermeneutical treatise Liber regularum Influential within his Donatist tradition and the broader context of early North African Christianity Tyconius wrote one of the earliest works on exegetical theory and praxis in Latin Christianity By investigating five key concepts undergirding Tyconius s theology of church Lynskey demonstrates how Tyconius ecclesiology shaped his hermeneutical enterprise Through careful readings and close analysis of Liber regularum this study seeks to describe Tyconius exegesis on its own terms reflecting on notable historical theological formational and missiological implications of his ecclesial exegesis as it concerns the ancient and contemporary church **Reignite** Ian

Parkinson,2005-06-19 Ian Parkinson shares his experience of partnering with God to transform two very different local churches He weaves stories from his own congregations and draws on his experience of ministering in an inherited traditional but declining church revealing what he has done to turn them around The transformation of such churches is critical there are relational links to build on within communities there are resources in place and most importantly God desires to renew his people in their sense of identity vision calling and anointing even when they lose their way In order for this to happen there need to be leaders who are enthused and equipped to share in God s vision to be agents of change in the church for the sake of the world This is transformational leadership Such leadership comes about when we are gripped by a compelling vision of how God intends His Church to be and a passion to see it move it forwards Ian Parkinson begins with a brief overview of the true calling and identity of the Church before examining the catalytic role of leaders in establishing practices and habits which enable the congregation to see vision become reality **Ecologies of Faith in a Digital Age**

Stephen D. Lowe,Mary E. Lowe,2018-06-19 Many Christian institutions have embraced new technologies especially online education But is it possible for us to grow spiritually through our digital communities Steve Lowe and Mary Lowe longtime proponents of online education trace the motif of spiritual growth through Scripture and consider how students and

professors alike might foster digital ecologies in which spiritual transformation can take place *Pagan Christianity?* Frank Viola, George Barna, 2010-09-30 Have you ever wondered why we Christians do what we do for church every Sunday morning Why do we dress up for church Why does the pastor preach a sermon each week Why do we have pews steeples and choirs This ground breaking book now in affordable softcover makes an unsettling proposal most of what Christians do in present day churches is rooted not in the New Testament but in pagan culture and rituals developed long after the death of the apostles Coauthors Frank Viola and George Barna support their thesis with compelling historical evidence and extensive footnotes that document the origins of modern Christian church practices In the process the authors uncover the problems that emerge when the church functions more like a business organization than the living organism it was created to be As you reconsider Christ's revolutionary plan for his church to be the head of a fully functioning body in which all believers play an active role you'll be challenged to decide whether you can ever do church the same way again *Neighborhood* Dr. David S.
