## **Radical Love Toward A Sexual Spirituality:**

*Radical Love* Dody H. Donnelly, 1984      *Poetry of Contemplation* Arthur L. Clements, 1990-01-01 This is the first systematic and thorough study of mysticism or contemplation in these three seventeenth century poets and in three modern writers It not only clarifies the very confused issue of mysticism in seventeenth century poetry but also connects seventeenth century poets with modern literature and science through the contemplative tradition from the Bible and Plato and Church fathers and important mystics of the Middle Ages through Renaissance and modern contemplatives The transformative and redemptive power of contemplative poetry or holy writing regardless of genre or discipline is prominent throughout the book and the relevance indeed the vital necessity of such poetry and of the living contemplative tradition to our apocalyptic modern world is discussed in the last chapter In this chapter attention is given to modern science especially to the new physics and to philosophical and mystical writings of eminent scientists      *Women and Spirituality* Ursula King, 1993-07-21 Taking a critical look at feminism and exploring its explicit and implicit spiritual dimensions this revised and updated new edition of *Women and Spirituality* engages in a reflective dialogue with contemporary women's voices It asks to what extent patriarchal oppression and androcentric thinking are inherent not only in Christianity but in all religious beliefs practices and institutions This is the only book which provides a comprehensive survey of current discussions in feminist theology and spirituality and offers a wide ranging account of women and world religions and raising thought provoking questions about the spiritual dimensions of human life      **Spirituality** Kees Waaijman, 2002 This textbook is a systematic guide to the extensive field of spirituality Kees Waaijman charts the multiform phenomenon of spirituality the spirituality of ordinary people the great spiritual traditions and the force of counter movements From the foundation of this survey he answers questions like What exactly is spirituality What forms can a scholarly approach take Finally the book provides methodic access to the study of spirituality focusing on the following questions Which are the different forms of spirituality and how can we describe them How can spiritual texts be given a reliable reading Which themes can be distinguished in the field of spirituality and what would be a meaningful way to address them What do we mean by spiritual guidance and what can we learn from it This textbook has no equal It is indispensable to scholars wishing to study the subject but also to others who want to learn about spirituality      **28 Fundamental Beliefs Simply Put** Loron Wade, 2009 Simon's blessing When the bell rings it's for you You can't get there from here When He comes He takes over Return to reason Who are you Can you explain the Holocaust Whatever it takes Beyond the beginning Crossing the line Finding the remnant Getting along Peace child In my Father's arms You too are gifted A hand reaching out Knowing the right answer isn't enough Finding peace and lasting happiness Who is on your list Get off the column A good marriage King of the mountain Jonah's mistake The beginning of life eternal To know the truth Eternity will not be long enough      **More than a Monologue: Sexual Diversity and the Catholic Church** J. Patrick Hornbeck II, Michael A. Norko, 2014-03-03 This volume like its companion *Voices of Our Times*

collects essays drawn from a series of public conferences held in autumn 2011 entitled *More than a Monologue*. The series was the fruit of collaboration among four institutions of higher learning: two Catholic universities and two nondenominational divinity schools. The conferences aimed to raise awareness of and advance informed, compassionate and dialogical conversation about issues of sexual diversity within the Catholic community as well as in the broader civic worlds that the Catholic Church and Catholic people inhabit. They generated fresh, rich sets of scholarly and reflective contributions that promise to take forward the delicate work of theological, ethical and ecclesial development. Along with *Voices of Our Times*, this volume captures insights from the conferences and aims to foster what the Jesuit Superior General Fr Adolfo Nicolás has called the depth of thought and imagination needed to engage effectively with complex realities, especially in areas marked by brokenness, pain and the need for healing. The volumes will serve as vital resources for understanding and addressing better the too often fraught relations between LGBTQ (lesbian, gay, bisexual, transgender and queer) persons, their loved ones and allies and the Catholic community. *Inquiry: Thought and Expression* explores dimensions of ministry, ethics, theology and law related to a range of LGBTQ concerns, including Catholic teaching, its reception among the faithful and the Roman Catholic Church's significant role in world societies. Within the volume, a series of essays on ministry explores various perspectives not frequently heard within the church. Marriage equality and the treatment of LGBTQ individuals by and within the Roman Catholic Church are considered from the vantage points of law, ethics and theology. Themes of language and discourse are explored in analyses of the place of sexual diversity in church history, thought and authority. The two volumes of *More than a Monologue* like the conferences from which they developed, actively move beyond the monologic voice of the institutional church on the subject of LGBTQ issues, inviting and promoting open conversations about sexual diversity and the church. Those who read *Inquiry: Thought and Expression* will encounter not just an excellent resource for research and teaching in the area of moral theology, but also an opportunity to actively listen to and engage in groundbreaking discussions about faith and sexuality within and outside the Catholic Church.
