Radikale Marktwirtschaft

Jörg Hübner

Radikale Marktwirtschaft:

Sociology of the Business Family Heiko Kleve, Tobias Koellner, 2023-09-19 The entrepreneurial family has hardly been a topic of family sociology so far. Precisely because more than two thirds of all companies are family run it is surprising that sociology has not yet discovered the entrepreneurial family as a field of research. With this book it is made the content of systematic family sociological reflections. A central point of departure for theorizing and research on entrepreneurial families is that this form of family has to deal with special social challenges because it structurally combines mixes and couples two social spheres that are generally pulled apart in the course of the modernization of society namely families as part of the private life world and companies as the formal organization of the economic system. This book is a translation of an original German edition. The translation was done with the help of artificial intelligence machine translation by the service DeepL.com. A subsequent human revision was also carried out by the authors and a native speaker.

Facilitation Skills Stefan Gross, 2023-02-27 This book provides a compact and well founded set of facilitation skills for all who want to successfully lead meetings workshops or project rounds. In this way it is possible to guide the respective communication process to results in a focused effective and efficient manner whether online or face to face. Stefan Gross shows how guiding questions methodical impulses differentiated perception a clear attitude and specific formats of participation help to achieve sustainable and smart results in groups. This practical book provides a contemporary handout for the many challenges facing dynamic facilitation.

Kai Beiderwellen Mannheim University of Applied Sciences The book is an invitation to deepen and reflexively develop one's own role.

Wolfgang Widulle Socialnet.de

The New St. Gallen Management Model Johannes Rüegg-Stürm, 2004-12-07 First published in German this book starts from the premise that managers' understanding and theories of organizations determine how they decide to act. It therefore scrutinises management's basic tasks and examines the most important concepts of management science prompting questions for a company's health check. The management tasks and scientific concepts are presented on the basis of an integrated framework which allows the reader to easily recognize their interdependencies and interlinkages.

Positive Leadership Ruth Seliger, 2017-03-28 The idea of management and organisation that has been developed in the days of industrialisation fails in the light of dynamic social and technological developments. Positive Psychology and Systemic Thinking induce new concepts leadership based on power leading and developing organisational energy using self organisation. In daily leadership practice these concepts stand for excellent performance job satisfaction and meaningfulness. The first part of this book describes the principles of the revolution in leadership. The author presents management related results models and tools of Positive Psychology and explains the three principles of integrated work meaning power impact. On this basis she creates a suitable image of leadership and develops the principles of Positive Leadership. The second part addresses the practical implementation of Positive Leadership in real life leadership situations and refers in detail to the three central areas of Positive Leadership self management employee

management management of organisations For all three areas the reader is provided with theoretically substantiated and proven in practice management tools Additionally many case studies from the work of the author exemplify the amazing effect of Positive Leadership Organizational Design in a Complex and Unstable World Jens O. Meissner, Michael Heike, Daniel Sigrist, 2024-09-02 Organizations of all kinds create a sense of purpose and sometimes incomparable performance that individuals cannot achieve alone This textbook examines the developments and changes that organizations should make in order to be successful in today s complex organizational environment The authors explain various models and concepts of organizational design highlight the important role played by agile management and self organization and reflect on the consequences these concepts have for practical organizational work The necessary organizational development can only be meaningfully and successfully implemented with consideration of the existing corporate culture and knowledge of the fundamentals of knowledge management so these are also taught in the textbook The overarching goal of organizational design is to promote the organization s resilience to crises After laying the foundations for this the penultimate chapter is dedicated to the aspect of resilience followed by an outlook for the future The didactic structure of the textbook includes learning objectives practical examples and case studies as well as learning comprehension questions and the opportunity to test your own knowledge with the Springer Nature Flashcards This textbook has been recommended and developed for university courses in Germany Austria and Switzerland **Supervision in Bewegung** Lothar Krapohl, Margret Nemann, Jörg Baur, Peter Berker, 2008-09-17 Supervision als berufsbezogene Beratung ger t in Bewegung angesichts der enormen Ver nderungen der Arbeitswelt in der Postmoderne Die damit ausgel ste Verunsicherung und oft auch berforderung aktualisiert auch in der Supervision die Frage nach dem Sinn von Leben und Arbeit und weckt ein verst rktes Interesse an Spiritualit t Zugleich schreitet die Akademisierung der Supervision unaufhaltsam voran und die Ausbildung von SupervisorenInnen steht in der Spannung von Anwendungen und Forschungsbezug Unter anderem haben auch die neuen Erkenntnisse der Neurowissenschaften zum Lernen von Erwachsenen Auswirkungen auf Didaktik und Methodik der Supervision Wie Supervision hierauf in Theorie und Praxis reagieren kann zeigen die AutorInnen des Bandes eindrucksvoll Ein wichtiges Grundlagenwerk zur Supervision **Open Government, Staat und Demokratie** Göttrik Wewer, 2014-12-01 Open Government gilt vielfach als die universale Staatsdoktrin f r das 21. Jahrhundert ohne dass schon klar w re was sich im Einzelnen hinter diesem Schlagwort verbirgt und was daraus f r die Praxis des Regierens und Verwaltens folgt In diesem Band untersucht der Autor alle Bauteile dieser Konstruktion kritisch das Paradigma der Offenheit dem sich alles unterordnen soll die drei S ulen Transparenz Partizipation und Kollaboration die das Ganze tragen sollen aber auch die technischen und ideologischen Fundamente auf denen das Modell ruht Im Zentrum steht dabei stets die Frage was Open Government f r Staat und Demokratie hierzulande bedeuten w rde Im Ergebnis zeigt sich dass dieses Konstrukt technokratische Z ge tr gt und aus einer kalifornischen Ideologie hervorgeht die es erst noch politisch zu bewerten gilt Wenn sowohl die Giganten des Internets

als auch emphatische Aktivisten Open Government massiv propagieren darf kritische Reflexion nicht auf der Strecke bleiben Wewer bezweifelt dass Open Government als Leitbild f r das digitale Zeitalter taugt dem im Prinzip alle L nder dieser Welt nacheifern k nnten Auch f r die Erneuerung von Staat und Demokratie in Deutschland wirft es mehr Fragen auf als es Antworten bietet **Das Prinzip Selbstverantwortung** Reinhard K. Sprenger, 2015-03-05 Eigeninitiative ist gefragt das gilt nicht nur f r das Privatleben sondern auch f r den Job Deutschlands meistgelesener Managementautor Reinhard K Sprenger zeigt was Manager tun k nnen damit ihre Mitarbeiter Verantwortung bernehmen initiativ werden und Kreativit t und Leistungsfreude entfalten Anhand vieler Beispiele beschreibt Sprenger was Selbstverantwortung ist und wie F hrungskr fte sie f rdern k nnen indem sie ihre berzust ndigkeit angemessen reduzieren und Mitarbeiter in der Verantwortung lassen

The Politics of Military Force Frank A Stengel, 2020-12-08 The Politics of Military Force examines the dynamics of discursive change that made participation in military operations possible against the background of German antimilitarist culture Once considered a strict taboo so called out of area operations have now become widely considered by German policymakers to be without alternative The book argues that an understanding of how certain policies are made possible in this case military operations abroad and force transformation one needs to focus on processes of discursive change that result in different policy options appearing rational appropriate feasible or even self evident Drawing on Essex School discourse theory the book develops a theoretical framework to understand how discursive change works and elaborates on how discursive change makes once unthinkable policy options not only acceptable but even without alternative Based on a detailed discourse analysis of more than 25 years of German parliamentary debates The Politics of Military Force provides an explanation for 1 the emergence of a new hegemonic discourse in German security policy after the end of the Cold War discursive change 2 the rearticulation of German antimilitarism in the process ideational change norm erosion and 3 the resulting making possible of military operations and force transformation policy change In doing so the book also demonstrates the added value of a poststructuralist approach compared to the naive realism and linear conceptions of norm change so prominent in the study of German foreign policy and International Relations more generally

System-Theoretical Urban Development Manfred Rolfes, Jan Lorenz Wilhelm, 2024-02-26 In their book the authors introduce the topic of urban development from a systems theoretical perspective and provide explanatory approaches tips and methodological instructions for dealing with urban complexity Knowing full well that this sometimes amounts to squaring the circle the authors draw on applied systemic approaches and systematically couple these with epistemological currents that can be assigned to Luhmann s systems theory The social understanding of this theory of social systems represents a very good starting point for understanding urban development and urban complexity From this perspective urban development can be seen as a process in which organisations and individuals with their own expectations and perspectives are involved in which contradictions and conflicts seem inevitable and the future cannot be clearly predicted Decisions in cities and

municipalities are therefore always associated with risks irritations and unexpected consequences With the Potsdam lodestar approach Rolfes and Wilhelm present a multidimensional approach to managing urban development processes The approach distinguishes five process dimensions which are presented chapter by chapter and linked with recommendations The individual chapters are structured along guiding questions and feature appealing visualizations and numerous bonus materials

Manifest der Radikalen Mitte Wätzold Plaum, 2023-01-09 Wir leben in politisch aufwühlenden Zeiten Multiple Krisen erfassen den Westen Jahrzehnte relativen Wohlstands und Sicherheit scheinen auf der Kippe zu stehen Die Polarisierung in der Gesellschaft nimmt zu Der Ton wird rauer unter Bürgern wie auf der politischen Bühne In verwirrenden Zeiten justiert Wätzold Plaum den politischen Kompass neu Die Ideologie der Radikalen Mitte wendet sich ebenso gegen Fanatismus wie gegen Relativismus Ihre Kritik zielt auf die dominierenden Ideologien der Gegenwart Kapitalismus und Sozialismus über das Politische hinaus brauchen wir eine Philosophie der Mitte die ähnlich der Stoa oder dem Konfuzianismus individuelles Leben und politisch gesellschaftliche Partizipation auf eine philosophische Grundlage stellt Das Manifest beinhaltet nach der Klärung begrifflicher Grundlagen eine Diskussion der drei großen Lehren der politischen Philosophie Konservatismus Liberalismus und Linksprogressivismus Diese Lehren sind im Sinne der Radikalen Mitte nicht als wahr oder falsch anzusehen sondern als verschiedene legitime Perspektiven auf Politik und Gesellschaft Zur Abwehr des Relativismus werden ferner vier gedankliche Modelle entwickelt welche als Orientierungshilfen und geistige Leitplanken dienen können die vier Ebenen der Betrachtung die drei Stufen der Sittlichkeit die drei Aspekte des guten Lebens und die vier fundamentalen Dimensionen des Menschseins Schließlich arbeitet der Autor anhand der gesellschaftlichen Bereiche Digitalisierung gemeinschaftliches Wohnen und Konomie konkrete Lösungsvorschläge für gesellschaftliche Probleme heraus

Die Steuervergünstigung Georg Jochum, 2006

De Gruyter Handbook of Business Families Michael Carney, Marleen Dieleman, 2023-01-30 The management field increasingly recognizes that most firms in the world are family firms and that these entities operate differently from the non family firms on which most of our current management theories are based The De Gruyter Handbook of Business Families brings together work from leading academics who explore emerging research themes relevant to business families particularly drawing in new insights from adjacent disciplines that can advance the family business field The handbook challenges the traditional notion of the single firm single family that has characterized most early research on family business Recognizing that families may simultaneously own or control multiple businesses as well as substantial wealth beyond these firms in the form of financial and non financial assets this handbook focuses on business families rather than the narrower construct of family business The contributions in this handbook explore the relatively neglected dynamics between individuals with family ties that shape the interaction between family and business business families with multiple businesses how business families adopt formal rules and processes around their joint activities and the institutionalization of wealth and business families in society The De Gruyter Handbook of Business

Families fills a gap in the family business research literature and is an essential reference work for researchers and graduate level students in the area of business families *Systemische Organisationsanalyse* Günther Mohr, 2006-06-01 Mohr präsentiert zehn zentrale Dynamiken die in Unternehmen und anderen Organisationen wirksam sind Diese Systematik reduziert in optimaler Weise die Komplexität eines Organisationssystems ohne die Zusammenhänge zu simplifizieren Sie ermöglicht eine Organisation angemessen einzuschätzen und die entscheidenden Punkte für die Beeinflussung des Systems zu finden Dieses Buch bietet gut aufbereitet entscheidende Perspektiven für das Verstehen von Organisationen Für gehobene Professionalität ist wichtig neben Methoden und Rezepten auch die wesentlichen Prinzipien die in Organisationen wirken zu verstehen Anhand von vielen konkreten Beispielen wird anschaulich vom Alltag in Unternehmen berichtet und von den Herausforderungen denen sich die Menschen darin gegenübersetzen Bernd Schmid *Managing Business Family Dynasties* Tom A. Rüsen, Heiko Kleve, Arist von Schlippe, 2021-10-15 This book deals with dynastic business families Such families are characterized by a circle of owners comprising more than 50 family members which typically face specific issues and challenges for which there has been little research knowledge and practical approaches until now The book presents results and findings from a special research project on big family management where 7 representatives of dynastic families from Germany were studied over a 3 year period The result was the identification of six topic areas that management in these business families has to deal with At the same time the study observes that dynastic business families hardly follow the logic of classic families anymore but can rather be understood as networks with common family backgrounds The study also reveals that a large number of business families are heading for large shareholder groups due to changed inheritance practices The contents outlined here provide an orientation framework for the growing business family *Die Erfindung der modernen Demokratie* Joachim Raschke, 2020-05-13 Zum ersten Mal wird hier die ganz unwahrscheinliche Entstehung moderner Demokratie aus der Perspektive der Handelnden erzählt und analysiert Nicht als Masterplan den es nicht gab sondern als innovatives Stützwerk in vielen Ländern oft mit anderen als demokratischen Intentionen Die Rede von einem Mutterland der Demokratie ist irreführend Erst später wuchs zusammen was für uns selbstverständlich zur Demokratie gehört Die krummen Wege schlossen auch Alternativen Irrwege und Sackgassen mit ein Diese spannende Erfindungsgeschichte hilft in der heutigen Demokratiekrise die unabdingbaren Bausteine moderner Demokratie besser zu verstehen und stark zu machen Praktischer ansetzen können so auch Reformen und eine Demokratisierung der Demokratie Das Spannungsverhältnis zwischen sozialer Ungleichheit und dem Anspruch auf politische Gleichheit ist eine Schlüsselfrage der modernen Demokratie Der Inhalt Von der antiken zur modernen Demokratie Innovationen Pfade Demokratie als System Zeittafel und Fallstudien der Innovationen Die Vergangenheit auf dem Prüfstand Konsequenzen in der Demokratiekrise Der Autor Prof Dr Joachim Raschke ist Politikwissenschaftler und Mitgesellschafter der Agentur für Politische Strategie APOS **Corporate Universities and E-Learning** Wolfgang Kraemer, Michael Müller, 2013-07-02 Der Einsatz der neuen Medien und des

Internet verändert die Lernprozesse und Formen der Wissensvermittlung grundlegend Unabhängig von Ort und Zeit können Lern und Wissensinhalte didaktisch anspruchsvoll interaktiv und multimedial aufbereitet sowie bedarfsorientiert den Mitarbeitern zur Verfügung gestellt werden Dabei erfordert der Einsatz von eLearning nicht nur den sorgfältig geplanten Übergang vom Classroom Training auf eine medienbasierte Lernorganisation sondern auch neue Rollen und Aufgaben für die Personalentwicklung in Unternehmen Mit dem Aufbau von Corporate Universities wird dieser Entwicklung Rechnung getragen Dieses Buch leistet eine Orientierungshilfe um eLearning erfolgreich zu implementieren und die richtigen Gestaltungsentscheidungen für die Institutionalisierung einer Corporate University zu treffen Bei den vorgestellten Konzeptionen und Fallbeispielen veranschaulichen namhafte internationale Unternehmen ihre bisherigen Erfahrungen und Vorgehensmodelle

Coaching Wilhelm Backhausen, Jean-Paul Thommen, 2009-12-24 Ausgehend vom systemisch konstruktivistischen Ansatz zeigen die Autoren wie der Coaching Prozess gestaltet werden kann und welche Instrumente zur effizienten und effektiven Steuerung dem Coach zur Verfügung stehen Die dritte Auflage enthält zahlreiche neue Fallstudien welche die Vielfalt an Coaching Programmen in der Praxis aufzeigen und berücksichtigen zusätzlich auch Non Profit Organisationen wie die Bundeswehr und die European Business School

Management jenseits der Wirtschaft Jörg Hübner, 2013-04-01 Mit zunehmender Bedeutung so genannter Non Profit Organisationen sieht sich die Managementtheorie verstimmt dazu aufgefordert ein generelles Steuerungsverständnis für eine ganze Reihe unterschiedlicher Organisationen zu formulieren deren einzige Gemeinsamkeit darin zu bestehen scheint einer zunehmend turbulenten und undurchschaubaren Gesellschaft ausgesetzt zu sein Angesichts dieser Aufgabe greifen normative Empfehlungen jedoch ebenso sehr zu kurz wie die Adaption betriebswirtschaftlicher Managementmethoden Da Parteien Theater Schulen und Pflegeheime nicht primär kommerzielle sondern zuallererst politische kulturelle erzieherische oder soziale Interessenlagen bedienen könnten ein geeignetes Managementverständnis zunächst die Frage bearbeiten wie eine Organisation als Unternehmen sich an diese Gesellschaft immer wieder anzupassen vermag um aus der Bearbeitung dieser Frage belastbare Hinweise auf eine alternative Managementkompetenz in Organisationen abzuleiten die ihre Entscheidungen nicht als Geschäfte strukturieren und daher ihrem Management nicht erlauben diese Entscheidungsstrukturen anhand des Gewinnkriteriums zu steuern und zu kontrollieren Die Ausformulierung dieser Kompetenz würde dann zu einem Managementverständnis beitragen von dem nicht nur die Non Profit Forschung profitieren würde

Konstruktivismus, Systemtheorie und praktisches Handeln Holger Lindemann, 2019-09-16 Seit Anfang der 1980er Jahre haben Konstruktivismus und Systemtheorie die Theoriebildung in sozialen therapeutischen pädagogischen und betrieblichen Zusammenhängen zunehmend beeinflusst Ihre Bedeutung für die unterschiedlichen Handlungswissenschaften und für das praktische Handeln wurde ausgiebig und kritisch reflektiert Holger Lindemann versammelt in diesem Grundlagenwerk zentrale Theorien und Modelle des Konstruktivismus und der Systemtheorie verständlich und mit vielen Beispielen erklärt Ausführlich stellt sich der Autor der Frage nach der Bedeutung

dieser Grundlagen für unser Handeln und präsentiert ein Modell der Orientierung für die Praxis bietet
