Rainbow People Of God The Making Of A Peaceful Revolution:

The Rainbow People of God Desmond Tutu, 1994 The Nobel Peace Prize winning Archbishop of Capetown South Africa gives readers the historical highlights of his extraordinary leadership of the anti apartheid movement From his letter to Prime Ministers to his sermons Tutu s presence in the anti apartheid movement has shaped and guided it to the success it has recently achieved

The Nobel Peace Prize and the Laureates Irwin Abrams, 2001 Presents brief biographical portraits of the 106 recipients of the Nobel Peace Prize during its 100 year history

Rainbow Theology Patrick S. Cheng, 2013-04 To date no book has systematically examined the theological writings of LGBT people of color Nor has any book explored how such writings might actually transform contemporary theological reflections on race and sexuality This book remedies these gaps by constructing a rainbow theology around the theme of bridging or mediation Rainbow Theology is the first book to reflect upon the theological significance of the intersections of race and queer sexuality across multiple ethnic and cultural groups This is particularly important in light of the current polarizing debates over issues of race sexuality and religion within churches and communities of faith around the world

Organizational Ethnography Sierk Ybema, Dvora Yanow, Harry Wels, Frans H Kamsteeg, 2009-08-20 Just as newspapers do not typically engage with the ordinary experiences of people s daily lives so organizational studies has also tended largely to ignore the humdrum everyday experiences of people working in organizations However ethnographic approaches provide in depth and up close understandings of how the everyday ness of work is organized and how in turn work itself organizes people and the societies they inhabit Organizational Ethnography brings contributions from leading scholars in organizational studies that serve to unpack an ethnographic perspective on organizations and organizational research The authors explore the particular problems faced by organizational ethnographers including questions of gaining access to research sites within organizations the many styles of writing organizational ethnography the role of friendship relations in the field problems of distance and closeness the doing of at home ethnography ethical issues standards for evaluating ethnographic work This book is a vital resource for organizational scholars and students doing or writing ethnography in the fields of business and management public administration education health care social work or any related field in which organizations play a role

Sex in the Bible J. Harold Ellens, 2006-03-30 What is the Bible s stance on such controversial issues as homosexuality and polygamy What does it have to say about sexual behaviors that some would deem perverted or criminal Is sex always wrong if it is not used to create life Ellens answers these and other questions in a book that argues that our understanding of what the Bible has to say about sex is frequently misguided He corrects our impressions with a look at the Scriptures themselves considers what they might have meant to people in the past and reflects on how we understand or misunderstand them today Focusing on early interpretations and contemporary misconceptions Ellens guides readers through what the Bible actually says showing how these messages have been interpreted in different contexts and suggesting new ways of reading and translating

them for use in our own lives Readers hoping to reach a better understanding of the Bible's views on sexual practices and sexuality in general will find their questions answered here What does the story of Adam and Eve reveal about sex and sexuality What does the Old Testament say about sex and how might we interpret that in our own lives today How does the New Testament say we should behave in our sexuality and our lives What lessons can we learn from a closer examination of the Bible and its teachings on human love marriage and sexuality These are among the many questions Ellens answers in an effort to help us all come to a better understanding of the gift of sexuality and its attendant behaviors in our lives In non judgmental prose he elucidates the Bible and our understanding of its teaching on these and related issues *If Only We Could See* Gary Commins, 2015-10-12 This analytical polemical and personal book creates a lively interaction between mysticism and activism Looking beyond superficial links between spirituality and justice it creates an in depth engagement of mysticism as an inner revolution and activism as a mirroring socioeconomic transfiguration Based on the twin premises of the mystical tradition and Social Gospel liberation theology that those who experience God in prayer or engage in social action ought to be our primary theologians it examines what these two traditions say about theology to each other and to us The broad synthesis that results from this fascinating dialogue brings new insights into mysticism activism theology and ethics and casts a unique light on how we pray and live If Only We Could See brings together a wealth of spiritual material from the early Desert medieval mystics and modern spiritual writers alongside an equally rich resource of abolitionists anti apartheid activists civil rights leaders nonviolent change agents and peacemakers The results yield valuable insights for a theology that challenges every personal and political status quo **In Good Faith** Renate Pratt, 2006-01-01 In retrospect it is difficult to accept that Western democracies have implicitly supported or at least tolerated the legalized system of white supremacy in South Africa known as apartheid Renate Pratt's new book In Good Faith explains why the Christian churches were among the first to publicly protest and why they provided such cogent and determined international support for the struggle against apartheid The Taskforce on the Churches and Corporate Responsibility is a coalition of Christian churches that for nearly twenty years was one of Canada's leading anti apartheid advocates As the first co ordinator of this Taskforce Renate Pratt was at the centre of the early anti apartheid initiatives in Canada and consequently is able to supply a clear and accurate view The book traces the history of exchanges between the Taskforce and successive ministers and senior civil servants of the Department of External Affairs It details the reluctant and weak responses offered by the Canadian government and business community right up to the time of Nelson Mandela's release from prison In Good Faith will be of particular interest to Canadian Christians concerned with ecumenical co operation and with the social and political dimensions of their faith Equally it will appeal to those interested in the impact of public interest organizations on public policy or the relationship between politics and business interests *Practicing Ubuntu* Jaco Dreyer, Yolanda Dreyer, Edward Foley, Malan Nel, 2017 Ubuntu is a dynamic and celebrated concept in Africa In the great Sutu nguni family of Southern

Africa being humane is regarded as the supreme virtue The essence of this philosophy of life called ubuntu or botho is human relatedness and dignity The Shona from Zimbabwe articulate it as I am because we are I exist because the community exists This volume offers twenty two such reflections on practicing ubuntu as it relates to justice personhood and human dignity both in Southern Africa as well as in a wider international context It highlights the potential of ubuntu for enriching our understanding of justice personhood and human dignity in a globalizing world Series International Practical Theology Vol 20 Subject African Studies Religious Studies **On Being in the Middle** W. J. de Kock, 2024-04-11 In our world there s a lack of clear middle ground It s a divided place with political affiliations drawing lines between the left and the right Being in the middle is challenging our allegiances are pulled in different directions making it isolating and overwhelming to navigate life s complexities But we live from the middle between birth and death between events important dates and between stability and change In this uncertain space we face existential questions about identity the meaning of life our purpose and our place in the world This is the domain of theology Traditionally theology attempts to answer these questions from the top down declaring dogmas as absolute truths to remove the uncertainties However unexamined answers can become oppressive stifling vitality and can even become tyrannical answers of the left or the right This book suggests a different approach doing theology from the inside out and from the bottom up starting with sacred questions instead of rehearsed answers We don t expect that the answers we come to will be final However we expect to find God in the middle Theology is the practice of the presence of God where we integrate our love and knowledge of God to live wisely in a divided world *Pandemic Genres* Neville Wallace Hoad, 2025-02-04 A free ebook version of this title is available through Luminos University of California Press s Open Access publishing program Visit www.luminosoa.org to learn more As HIV AIDS emerged as a public health crisis of significant proportions across sub Saharan Africa it became the subject of local and international interest that was at once prurient benevolent and interventionist Meanwhile the experience of Africans living with HIV AIDS became an object of aesthetic representation in multiple genres produced by Africans themselves These cultural representations engaged public discourse the public policy pronouncements of officials of postcolonial states an emerging global NGO speak and journalism In *Pandemic Genres* Neville Hoad investigates how cultural production novels poems films around the pandemic supplemented public discourse He shows that the long historical imaginaries of race empire and sex in Botswana Kenya and South Africa underwrote all attempts to bring the pandemic into public representation Attention to genres that stage themselves as imaginary particularly on the terrain of feeling may forecast possibilities for new figurations **State** ,1995

The Limits of Forgiveness Maria Mayo, 2021-05-06

Demystifying an unrealistic ideal Maria Mayo questions the contemporary idealization of unconditional forgiveness in three areas of contemporary life so called Victim Offender Mediation involving cases of criminal injury the work of the Truth and Reconciliation Commission in post apartheid South Africa and the pastoral care of victims of domestic violence She shows that an emphasis on unilateral and unconditional forgiveness puts disproportionate pressure on the victims of injustice or violence and misconstrues the very biblical passages especially in Jesus teaching and actions on which advocates of unconditional forgiveness rely
