Rainbow Colours:

Color and Culture John Gage, 2025-01-28 A groundbreaking award winning analysis of color in Western culture from the ancient Greeks to the late twentieth century by one of the most foremost authors on the subject What does the language of color tell us Where does one color begin and another end Is it a radiant visual stimulus an intangible function of light or a material substance to be molded and arrayed Color is fundamental to art yet so diverse that it has hardly ever been studied in a comprehensive way Art historian John Gage considers every conceivable aspect of the subject in this groundbreaking analysis of color in Western culture from the ancient Greeks to the late twentieth century Gage describes the first theories of color articulated by Greek philosophers and subsequent attempts by the Romans and their Renaissance disciples to organize it systematically or endow it with symbolic power He unfolds its religious significance and its use in heraldry as well as how Renaissance artists approached color with the help of alchemists He explores the analysis of the spectrum undertaken by Isaac Newton and continued in the nineteenth century by artists such as Georges Seurat traces the influence of Johann Wolfgang von Goethe's color theory and considers the extraordinary theories and practices that attempted to unite color and music or make color into an entirely abstract language of its own A seminal undertaking to suggest answers to many perennial questions about the role of color in Western art and thought Color and Culture throws fresh light on the hidden meanings of many familiar masterpieces All the Colors of the Rainbow Allan Fowler, 2002 Explains how rainbows are formed by the colors in sunlight shining through water *Rainbow Colours*, 2020-03-03 Red orange yellow green blue indigo violet Which color is your favorite Introduce your child to the colors of the rainbow with this bright layered board book Humorous rhyming text and bold illustrations introduce each of the seven rainbow colors in turn Curved and layered touch and feel board pages increase in size as you move through the book developing your child's hand eye coordination as they turn the pages The final spread shows a rainbow of children from all around the world reinforcing a positive message of diversity and inclusivity Open the rainbow pages read the rhyming text together and spot the objects in each and every color
