Raised In Glory Orthodox Understandings Of Death Resurrection And Immortality:

Raised in Glory and Power John T. Chirban,2002 *Religiöses Lernen im Jugendalter* Yauheniya Danilovich,2016-07-11 Protestant religious instruction and confirmation in Germany and in orthodox Sunday schools in Belarus the most extensive religious teaching programmes available to young people are systematically examined in this study Historical developments are included as well as a detailed account of the religious and societal situations in both countries and a systematic analysis of the two denominations Besides empirical data from existing studies findings from a study of Sunday schools in Belarus are also included **American Book Publishing Record** ,2003 **Resurrection** Kevin Madigan,Jon Douglas Levenson,2008-01-01 This book written for religious and nonreligious people alike in clear and accessible language Although this expectation known as the resurrection of the dead is widely understood to have been a part of Christianity from its beginnings nearly two thousand years ago many people are surprised to learn that the Jews believed in resurrection long before the emergence of Christianity In this sensitively written and historically accurate book religious scholars Kevin J Madigan and Jon D Levenson aim to clarify confusion and dispel misconceptions about Judaism Jesus and Christian origins Madigan and Levenson tell the fascinating but little known story of the origins of the belief in resurrection investigating why some Christians and some Jews opposed the idea in ancient times while others believed it was essential to their faith The authors also discuss how the two religious traditions relate their respective practices in the here and now to the new life they believe will follow resurrection Making the rich insights of contemporary scholars of antiquity available to a wide readership Madigan and Levenson offer a new understanding of Jewish Christian relations and of the profound connections that tie the faiths together **The Sentinel and Star in the West** ,1829 [The Transforming Fire of Divine Love](#) John H. Armstrong,2025-03-01 Most Bible readers know God is love 1 John 4 8 16 And most have heard the words of John 3 16 God so loved the world perhaps the best known verse in the entire Bible But few readers realize that these are perhaps the most daring verses in all the Scripture Why They tell us who God is and why we can trust him Yet very few Christians realize how much of what they believe about the nature of God is rooted in ideas foreign to divine love How did this happen What can be done to change how we can relate to the God who is perfect and inexhaustible love John Armstrong shares a deeply personal story of his long slow journey to know and experience God as a compassionate and loving Father As a pastor trained in evangelical theology he came to know and experience the teaching of the whole church about God thus the story he tells will inform how you can know the God who is amazing love This readable primer will help you develop a doctrine that can free you from guilt fear and many misconceptions we have about God You will see that what you believe about God will truly affect everything else you believe **Introduction to the Study of Religion** Leroyce Miles,2018-08-07 One thing is clear that fighting with other human beings in the name of religion is subhuman As a religious man we are fellow travellers in the direction of the realm of spirit Here the nomenclature of Hindus Muslims Christians etc

ceases to be meaningful Of course we have to go very far and we have not made any beginning yet However at present the advaitic principle of difference less Brahman can serve the purpose of harmonizing all religions Here we have adopted this principle Secondly the key concepts of different religions have been shown to mingle into one another The book attempts to interrogate the categories used in western discourse in the study of religion In doing so the book outlines a broad overview of the discussions on issues relating to the methods and theories in the study of religion The book provides an insight into some of the key issues that need clarity in dealing with religions This scholarly presentation is a must read for students of religion culture and philosophy and for those involved with the struggles of the subaltern community *Pentecostals in the 21st*

Century Corneliu Constantineanu, Christopher James Scobie, 2018-01-11 A little over one hundred years ago the Holy Spirit breathed a fresh awakening into little communities in Topeka Kansas 1901 and then on Azusa Street in California 1906 Over the past century this spiritual awakening has touched every country on the globe By 2014 there were 631 million Pentecostals in the world comprising a quarter of all Christians and that number is forecast to grow to 800 million by 2025 This book offers a window into some of the unique features of this phenomenal movement through expert contributions from some of the world's preeminent Pentecostal theologians It presents a Pentecostal perspective on important theological themes that pastors theologians and lay leaders are grappling with in the twenty first century **Books in Print**

Supplement, 2002 *The Layman's Legacy, Or Twenty-five Sermons on Important Subjects* Henry Fitz, 1839 **Death and Afterlife** Stephen T. Davis, 2016-01-06 This book began as a series of papers at a conference called Death and Afterlife held in Claremont California in January 1987 under the auspices of the Department of Religion of the Claremont Graduate School The responses to each paper and several comments are also included *Religious Origins of Nations?* R. B. ter Haar Romeny, 2010 This volume presents the results of the Leiden project on the identity formation of the Syrian Orthodox Christians which developed from a religious association into an ethnic community A number of specialists react to the findings and discuss the cases of the East Syrians Armenians Copts and Ethiopians **Toward an Ecology of**

Transfiguration John Chrysavgis, Bruce V. Foltz, 2013-06-03 Can Orthodox Christianity offer unique spiritual resources especially suited to the environmental concerns of today This book makes the case that yes it can In addition to being the first substantial and comprehensive collection of essays in any language to address environmental issues from the Orthodox point of view this volume with contributions from the most highly influential theologians and philosophers in contemporary world Orthodoxy will engage a wide audience in academic as well as popular circles resonating not only with Orthodox audiences but with all those in search of a fresh approach to environmental theory and ethics that can bring the resources of ancient spirituality to bear on modern challenges **The New Testament of Our Lord and Saviour Jesus Christ** Adam

Clarke, 1835 **The Fathers on the Future: A 2nd-Century Eschatology for the 21st-Century Church** Michael J. Svigel, 2024-11-05 Dive into the classic eschatology of Irenaeus of Lyons with *The Fathers on the Future* as you unpack key

truths untangle misunderstandings and get a deeper understanding of this balanced and biblically sound end times framework Many today with an interest in the end times face a problem they have forgotten the past Knowing the history of eschatology is key to understanding its importance how we interpret our faith and our outlook on God and humanity So why do so many overlook it and what can we do to correct this The Fathers on the Future uses a thorough exegetical and theological analysis to defend the foundation and structure of the second century premillennial futurist eschatology of Irenaeus of Lyons and other church fathers It makes a case for a contemporary Irenaeian premillennial eschatology arguing that it is a reliable framework for a biblically defensible theologically balanced and historically informed eschatology The Fathers on the Future includes these key features Restores historical perspective Recovers the forgotten roots of early Christian eschatology emphasizing the teachings of Irenaeus of Lyons and other church fathers Biblically grounded framework Offers a well supported case for a biblically defensible premillennial eschatology balancing theology and history Clarifies and corrects Clarifies complex aspects of early eschatology strengthens key theological points and corrects missteps Fresh yet ancient approach Presents an eschatological perspective that is new to modern readers but deeply rooted in ancient Christian traditions The Fathers on the Future begins with the belief that Irenaeus and other early church fathers represented a widespread and well developed eschatology inherited from those who were close associates of the apostles It then explores some of features of that early eschatology clarifying obscure points strengthening some elements and correcting a few missteps By looking back to Irenaeus and the eschatological emphases of his age this book provides a new approach to eschatology today new to contemporary readers but ancient in its original perspective **Crowned with Glory and Honor** Michael A. Wilkinson, 2024-03-06 Jesus defines what it means to be human The field of theological anthropology is at a standstill mired in debate between dualist and physicalist perspectives on body and soul In Crowned with Glory and Honor A Chalcedonian Anthropology Michael A Wilkinson argues that the man Jesus is the way forward Anthropology should be centered around Jesus God the Son incarnate is true man like us in all things except sin Wilkinson approaches human ontology through Christology by looking to the Chalcedonian Definition and its Christology Chalcedon confesses the man Jesus to be the divine person of the Son subsisting in a human nature A Chalcedonian anthropology extends Jesus s person nature constitution to define what it means to be human A human being is a human person subsisting in a human nature We are more than body and soul because Jesus is so much more The Nazarene and Universalist Family Companion , 1843
