Secular Chains Philip Connell, 2016-04-07 *Secular Chains* offers an original and richly contextualized account of the relationship between poetry and religious controversy between 1649 and 1745 This was a period of political conflict and intellectual upheaval in which traditional sources of spiritual authority were variously challenged and transformed This study reveals the importance of English literary culture for our understanding of this process and throws new light on the dynamics of change and continuity between the puritan revolution and the early Enlightenment Based on extensive research in both printed and manuscript sources the book combines detailed case studies of major literary figures with a sustained historical narrative linking the republican moment of the 1650s the conflicts and crises of the Restoration and the ecclesiastical politics of the early eighteenth century Milton and Dryden provide the principal focus of the first three chapters which explore the divisive issue of church settlement in the work of both writers together with the increasingly prominent rhetoric of anti clericalism and irreligion in the poetry and polemics of the later seventeenth century Subsequent chapters extend the book's argument to the embattled condition of the Church of England in the decades after 1688 and the significant contribution of contemporary literary culture to a range of religious and philosophical argument from heterodox free thinking to Newtonian natural theology *Secular Chains* demonstrates the close and continued relationship between poetry and religious politics in the age of Milton and Pope and provides a new framework for understanding this complex and turbulent period in English literary history

Shakespeare's Bastard Simon Stirling, 2016-02-04 Sir William Davenant 1606 1668 Poet Laureate and Civil War hero is one of the most influential and neglected figures in the history of British theatre He introduced opera actresses scenes and the proscenium arch to the English stage Narrowly escaping execution for his Royalist activities during the Civil War he revived theatrical performances in London right under Oliver Cromwell's nose Nobody perhaps did more to secure Shakespeare's reputation or to preserve the memory of the Bard Davenant was known to boast over a glass of wine that he wrote with the very spirit of Shakespeare and was happy to be thought of as Shakespeare's son By recounting the story of his eventful life backwards through his many trials and triumphs this biography culminates with a fresh examination of the vexed issue of Davenant's paternity Was Sir William's mother the voluptuous and maddening Dark Lady of Shakespeare's Sonnets and was he Shakespeare's lovely boy

Besieged Sharon Alker, Holly Faith Nelson, 2021-01-15 Siege literature has existed since antiquity but has not always been understood as a crucial element of culture Focusing on its magnetic force *Besieged* brings to light its popularity and potency between the British Civil War and the Great Northern War in Europe a period in which literary texts reflected an urgent interest in siege mentality and tactics Exploring the siege as represented in canonical works by Milton Dryden Defoe Davenant Cowley Cavendish and Bunyan alongside a wide array of

little known memoirs plays poems and works of prose fiction on military and civilian experiences of siege warfare *Besieged* breaks new ground in the field of early modern war literature Sharon Alker and Holly Faith Nelson draw on theories of space and place to show how early modern Britons feverishly worked to make sense of the immediacy horror and trauma of urban warfare offering a valuable perspective on the literature that captured the cultural imagination during and after the traumatic civil wars of the 1640s Alker and Nelson demonstrate how the narratives of besieged cities became a compelling way to engage with the fragility of urban space unstable social structures developing technologies and the inadequacy of old heroic martial models Given the reality of urban warfare in our own age *Besieged* provides a timely foundation for understanding the history of such spaces and their cultural representation [Theatre and Culture in Early Modern England, 1650-1737](#) Catie Gill, 2017-03-02 Framed by the publication of *Leviathan* and the 1713 Licensing Act this collection provides analysis of both canonical and non canonical texts within the scope of an eighty year period of theatre history allowing for definition and assessment that uncouples Restoration drama from eighteenth century drama Individual essays demonstrate the significant contrasts between the theatre of different decades and the context of performance paying special attention to the literary innovation and socio political changes that contributed to the evolution of drama Exploring the developments in both tragedy and comedy and in literary production specific topics include the playwright s relationship to the monarch women writers connection to the audience the changing market for plays and the rise of the bourgeoisie This collection also examines aspects of gender and class through the exploration of women s impact on performance and production masculinity and libertinism master servant relationships and dramatic representations of the coffee house Accompanied by a list of Spanish English plays and a chronology of monarch s reigns and significant changes in theatre history From *Leviathan* to Licensing Act is a valuable tool for scholars of Restoration and eighteenth century performance providing groundwork for future research and investigation [Gender Matters](#) Mara R. Wade, 2013-12-05 *Gender Matters* opens the debate concerning violence in literature and the arts beyond a single national tradition and engages with multivalent aspects of both female and male gender constructs mapping them onto depictions of violence By defining a tight thematic focus and yet offering a broad disciplinary scope for inquiry the present volume brings together a wide range of scholarly papers investigating a cohesive topic gendered violence from the perspectives of French German Italian Spanish English and Japanese literature history musicology art history and cultural studies It interrogates the intersection of gender and violence in the early modern period cutting across national traditions genres media and disciplines By engaging several levels of discourse the volume advances a holistic approach to understanding gendered violence in the early modern world The convergence of discourses concerning literature the arts emerging print technologies social and legal norms and textual and visual practices leverages a more complex understanding of gender in this period Through the unifying lens of gender and violence the contributions to this volume comprehensively address a wide scope of diverse issues approaches and

geographies from late medieval Japan to the European Enlightenment While the majority of essays focus on early modern Europe they are broadly contextualized and informed by integrated critical approaches pertaining to issues of violence and gender

language of tragicomedy and to the theological structure of genre The collection concludes with two essays on Irish theatre and its interactions with the London stage further evidence of the persistent and changing energy of tragicomedy in the period Contributors SARAH DEWAR WATSON MATTHEW TREHERNE ROBERT HENKE GERAINT EVANS NICHOLAS HAMMOND ROSKING SUZANNE GOSSETT GORDAN MCMULLAN MICHAEL WINMORE JONATHAN HOPE MICHAEL NEILL LUCY MUNRO DEANA RANKIN Politics, Transgression, and Representation at the Court of Charles II Julia Marciari Alexander, Catharine MacLeod, 2007 This volume brings together ten distinguished scholars of history literature music theatre and art to explore the political and cultural implications of the court's transgressive new character

Performing Libertinism in Charles II's Court J. Webster, 2005-08-05 Performing Libertinism in Charles II's Court examines the performative nature of Restoration libertinism through reports of libertine activities and texts of libertine plays within the context of the fraternization between George Villiers Duke of Buckingham John Wilmot Earl of Rochester Sir Charles Sedley Sir George Etherege and William Wycherley Webster argues that libertines both real and imagined performed traditionally secretive acts including excessive drinking sex sedition and sacrilege in the public sphere This eruption of the private into the public challenged a Stuart ideology that distinguished between the nation's public life and the king's and his subjects' private consciences **The Cambridge Companion to Aphra Behn** Derek Hughes, Janet Todd, 2004-11-25 Traditionally known as the first professional woman writer in English Aphra Behn has now emerged as one of the major figures of the Restoration She provided more plays for the stage than any other author and greatly influenced the development of the novel with her ground-breaking fiction especially *Love Letters between a Nobleman and his Sister* and *Oroonoko* the first English novel set in America Behn's work straddles the genres beside drama and fiction she also excelled in poetry and she made several important translations from French libertine and scientific works This Companion discusses and introduces her writings in all these fields and provides the critical tools with which to judge their aesthetic and historical importance It also includes a full bibliography a detailed chronology and a description of the known facts of her life The Companion will be an essential tool for the study of this increasingly important writer and thinker *George Farquhar* David Roberts, 2018-07-26 George Farquhar 1677-1707 is one of the most successful and enduringly popular Restoration playwrights His two masterpieces *The Recruiting Officer* and *The Beaux' Stratagem* are still regularly performed today Yet aspects of Farquhar's biography and in particular his Irish roots and family life have remained obscure This is the first study to treat Farquhar's works as documents of migration and the fragmented identity that resulted Told in reverse chronological order beginning with Farquhar's last and best-known works it reveals previously undiscovered material about his life and connections Born in Londonderry Farquhar arrived in London at the end of the 1690s but struggled throughout his life to find acceptance in the English literary culture David Roberts explores how Farquhar used comedy to negotiate his Anglo-Irish Protestant identity while perpetually being treated as an outsider *George Farquhar: A Migrant Life Reversed* challenges traditional critical

thinking on historiographic approaches to scholarly biography and offers a complex but highly readable account of the interpenetrating pasts presents and futures of the migrant writer [It](#) Joseph Roach,2007-04-12 A witty and engaging exploration of the elusive quality of charm animal magnetism or charisma possessed by extraordinarily interesting people through the ages *Theaters of Pardoning* Bernadette Meyler,2019-09-15 From Gerald Ford s preemptive pardon of Richard Nixon and Donald Trump s claims that as president he could pardon himself to the posthumous royal pardon of Alan Turing the power of the pardon has a powerful hold on the political and cultural imagination In *Theaters of Pardoning* Bernadette Meyler traces the roots of contemporary understandings of pardoning to tragicomic theaters of pardoning in the drama and politics of seventeenth century England Shifts in how pardoning was represented on the stage and discussed in political tracts and in Parliament reflected the transition from a more monarchical and judgment focused form of the concept to an increasingly parliamentary and legislative vision of sovereignty Meyler shows that on the English stage individual pardons of revenge subtly transformed into more sweeping pardons of revolution from Shakespeare s *Measure for Measure* where a series of final pardons interrupts what might otherwise have been a cycle of revenge to later works like John Ford s *The Laws of Candy* and Philip Massinger s *The Bondman* in which the exercise of mercy prevents the overturn of the state itself In the political arena the pardon as a right of kingship evolved into a legal concept culminating in the idea of a general amnesty the Act of Oblivion for actions taken during the English Civil War Reconceiving pardoning as law giving effectively displaced sovereignty from king to legislature a shift that continues to attract suspicion about the exercise of pardoning Only by breaking the connection between pardoning and sovereignty that was cemented in seventeenth century England Meyler concludes can we reinvigorate the pardon as a democratic practice *Sir John Denham (1614/15-1669) Reassessed* Philip Major,2016-05-05 Sir John Denham 1614 15 1669 *Reassessed* shines new light on a singular colourful yet elusive figure of seventeenth century English letters Despite his influence as a poet wit courtier exile politician and surveyor of the king s works Denham remains a neglected figure The original essays in this interdisciplinary collection provide the sustained modern critical attention his life and work merit The book both examines for the first time and reassesses important features of Denham s life and reputations his friendship circles his role as a political satirist his religious inclinations his playwriting years and the personal political and literary repercussions of his long exile and offers fresh interpretations of his poetic magnum opus *Coopers Hill Building* on the recent resurgence of scholarly interest in royalists and royalism as well as on Restoration literature and drama this lively account of Denham s influence questions assumptions about neatly demarcated seventeenth century chronological geographic and literary boundaries What emerges is a complex man who subverts as well as reinforces conventional characterisations of court wit gambler and dilettante *Representing China on the Historical London Stage* Dongshin Chang,2015-02-11 This book provides a critical study of how China was represented on the historical London stage in selected examples from the late seventeenth century to the early twentieth century which corresponds with

the Qing Dynasty 1644 1911 China's last monarchy The examples show that during this historical period the stage representations of the country were influenced in turn by Jesuit writings on China Britain's expanding material interest in China the presence of British imperial power in Asia and the establishment of diasporic Chinese communities abroad While finding that many of these works may be read as gendered and feminized Chang emphasizes that the Jesuits depiction of China as a country of high culture and in perennial conflict with the Tartars gradually lost prominence in dramatic imaginations to depictions of China's material and visual attractions Central to the book's argument is that the stage representations of China were inherently intercultural and open to new influences manifested by the evolving combinations of Chinese and English British traits Through the dramatization of the Chinese Other the representations questioned satirized and put in sharp relief the ontological and epistemological bases of the English British Self

Commemoration and Oblivion in Royalist Print Culture, 1658-1667 Erin Peters, 2017-07-05 This book explores the measures taken by the newly re installed monarchy and its supporters to address the drastic events of the previous two decades Profoundly preoccupied with and indeed anxious about the uses and representations of the nation's recent troubled past the returning royalist regime heavily relied upon the dissemination in popular print of prescribed varieties of remembering and forgetting in order to actively shape the manner in which the Civil Wars the Regicide and the Interregnum were to be embedded in the nation's collective memory This study rests on a broad foundation of documentary evidence drawn from hundreds of widely distributed and affordable pamphlets and broadsheets that were intended to shape popular memories and interpretations of recent events It thus makes a substantial original contribution to the fields of early modern memory studies and the history of the English Civil Wars and early Restoration
