Regulating Reproduction A Century Of Conflict In Britain And France:

Regulating Reproduction Melanie Latham,2002 Regulating Reproduction examines the genesis of reproductive rights in Britain and France over the course of the 20th Century Melanie Latham concentrates on the role played by the various interest groups involved in the area of reproduction namely medical professionals religious groups and feminists using the Policy Network Theory on interest group behavior Latham combines legal analysis with political analysis and offers a cross cultural perspective

The Anti-Abortion Campaign in England, 1966-1989 Olivia Dee,2019-07-26 This book comprises a history of the anti abortion campaign in England focusing on the period 1966 1989 which saw the highest concentration of anti abortion activity during the twentieth century It examines the tactics deployed by campaigners in their efforts to overturn the 1967 Abortion Act Key themes include the influence of religion on attitudes towards sexuality and pregnancy representations of women and the female body and the varied and often deeply contested attitudes towards the status of the fetus articulated by both anti abortion and pro choice advocates during the years 1966 1989

Health Law and the European Union Tamara K. Hervey,Jean V. McHale,2004-11-04 How does the law of the European Union affect health law and policy At first sight it seems limited However despite its restricted formal competence the EU has recently become increasingly involved in the health field Litigation based on EU law has resulted in a right to receive health care services across national boundaries which may have huge practical implications for national health systems The EU has promulgated legislation regulating clinical research and the marketing of pharmaceuticals patients rights are affected by EU legislation on data protection and product liability the qualifications of health care professionals are legally recognised across the EU and the EU has acted to promote public health This book explores the various impacts of measures of EU law on national health law and policy Through elaboration of selected examples the authors show that within the EU health law cannot be regarded as a purely national affair

Birth Control, Sex, and Marriage in Britain 1918-1960 Kate Fisher,2006-07-13 The first half of the twentieth century witnessed a revolution in contraceptive behaviour as the large Victorian family disappeared This book offers a new perspective on the gender relations sexual attitudes and contraceptive practices that accompanied the emergence of the smaller family in modern Britain Kate Fisher draws on a range of first hand evidence including over 190 oral history interviews in which individuals born between 1900 and 1930 described their marriages and sexual relationships By using individual testimony she challenges many of the key conditions that have long been envisaged by demographic and historical scholars as necessary for any significant reduction in average family size to take place Dr Fisher demonstrates that a massive expansion in birth control took place in a society in which sexual ignorance was widespread that effective family limitation was achieved without the mass adoption of new contraceptive technologies that traditional methods such as withdrawal abstinence and abortion were often seen as preferable to modern appliances such as condoms and caps that communication between spouses was not key to the systematic adoption of contraception and above all that women were not

necessarily the driving force behind the attempt to avoid pregnancy Women frequently avoided involvement in family planning decisions and practices whereas the vast majority of men in Britain from the interwar period onward viewed the regular use of birth control as a masculine duty and obligation By allowing this generation to speak for themselves Kate Fisher produces a richer understanding of the often startling social attitudes and complex conjugal dynamics that lay behind the vast changes in contraceptive behaviour and family size in the twentieth century **Western Maternity and**

Medicine, 1880-1990 Janet Greenlees, Linda Bryder, 2015-10-06 The contributors to this collection look into the experiences of women in the Western world going through pregnancy and birth over the last hundred years Religious Crisis and Civic

Transformation Kimba Allie Tichenor, 2016-05-03 This book offers a fresh interpretation of the connection between the West German Catholic Church and post 1950s political debates on women's reproductive rights and the protection of life in West Germany According to Tichenor Catholic women in West Germany influenced by the culture of consumption the sexual revolution Vatican II reforms and feminism sought to renegotiate their relationship with the Church They demanded a more active role in Church ministries and challenged the Church's hierarchical and gendered view of marriage and condemnation of artificial contraception When the Church refused to compromise women left en masse In response the Church slowly stitched together a new identity for a postsecular age employing an elaborate nuptial symbolism to justify its stance on celibacy women's ordination artificial contraception abortion and reproductive technologies Additionally the Church returned to a radical interventionist agenda that embraced issue specific alliances with political parties other than the Christian parties In her conclusion Tichenor notes more recent setbacks to the German Catholic Church including disappointment with the reactionary German Pope Benedict XVI and his failure in 2010 to address over 250 allegations of sexual abuse at twenty two of Germany's twenty seven dioceses How the Church will renew itself in the twenty first century remains unclear This closely observed case study which bridges religious political legal and women's history will interest scholars and students of twentieth century European religious history modern Germany and the intersection of Catholic Church practice and women's issues Sex, Love, and Letters Judith G. Coffin, 2020-09-15 When Judith G Coffin discovered a virtually unexplored treasure

trove of letters to Simone de Beauvoir from Beauvoir's international readers it inspired Coffin to explore the intimate bond between the famed author and her reading public This correspondence at the heart of Sex Love and Letters immerses us in the tumultuous decades from the late 1940s to the 1970s from the painful aftermath of World War II to the horror and shame of French colonial brutality in Algeria and through the dilemmas and exhilarations of the early gay liberation and feminist movements The letters also provide a glimpse into the power of reading and the power of readers to seduce their favorite authors The relationship between Beauvoir and her audience proved especially long intimate and vexed Coffin traces this relationship from the publication of Beauvoir's acclaimed The Second Sex to the release of the last volume of her memoirs offering an unfamiliar perspective on one of the most magnetic and polarizing philosophers of the twentieth century Along

the way we meet many of the greatest writers of Beauvoir's generation Hannah Arendt Dominique Aury author of *The Story of O* Françoise Mauriac winner of the Nobel Prize and nemesis of Albert Camus Betty Friedan and of course Jean Paul Sartre bringing the electrically charged salon experience to life *Sex Love and Letters* lays bare the private lives and political emotions of the letter writers and of Beauvoir herself Her readers did not simply pen fan letters but as Coffin shows engaged in a dialogue that revealed intellectual and literary life to be a joint and collaborative production This must happen to you often doesn't it wrote one That people write to you and tell you about their lives

Assisted Reproduction Across Borders Merete Lie, Nina Lykke, 2016-10-04 Today it often seems as though Assisted Reproductive Technologies ARTs have reached a stage of normalization at least in some countries and among certain social groups Apparently some practices for example in vitro fertilization IVF have become standard worldwide The contributors to *Assisted Reproduction Across Borders* argue against normalization as an uncontested overall trend This volume reflects on the state of the art of ARTs From feminist perspectives the contributors focus on contemporary political debates triggered by ARTs They examine the varying ways in which ARTs are interpreted and practised in different contexts depending on religious moral and political approaches *Assisted Reproduction Across Borders* embeds feminist analysis of ARTs across a wide variety of countries and cultural contexts discussing controversial practices such as surrogacy from the perspective of the global South as well as the global North as well as inequalities in terms of access to IVF This volume will appeal to scholars and students of anthropology ethnography philosophy political science history sociology film studies media studies literature art history area studies and interdisciplinary areas such as gender studies cultural studies and postcolonial studies

Women's Health and the Limits of Law Irehobhude O. Iyioha, 2019-12-10 Despite some significant advances in the creation and protection of rights affecting women's health these do not always translate into actual health benefits for women This collection asks What is an effective law and what influences law's effectiveness or ineffectiveness What dynamics elements and conditions come together to limit law's capacity to achieve instrumental goals for women's health and the advancement of women's health rights The book presents an integrated co-referential and sustained critical discussion of the normative and constitutive reasons for law's limited effectiveness in the field of women's health It offers comprehensive and cohesive explanatory accounts of law's limits and for the first time in the field introduces a distinction between formal and substantive effectiveness of laws Its approach is trans-systemic multi-jurisdictional and comparative with a focus on six countries in North America Europe Asia and Africa and international human rights case law based on matters arising from Hungary Portugal Spain Slovakia the Czech Republic Peru and Bolivia The book will be a valuable resource for educators students lawyers rights advocates and policymakers working in women's health socio-legal studies human rights feminist legal studies and legal philosophy more broadly

The Selected Papers of Margaret Sanger, Volume 4 Margaret Sanger, 2016-10-01 When Margaret Sanger returned to Europe in 1920 World War I had altered the social landscape as dramatically as it had

the map of Europe Population concerns sexuality venereal disease and contraceptive use had entered public discussion and Sanger's birth control message found receptive audiences around the world This volume focuses on Sanger from her groundbreaking overseas advocacy during the interwar years through her postwar role in creating the International Planned Parenthood Federation The documents reconstruct Sanger's dramatic birth control advocacy tours through early 1920s Germany Japan and China in the midst of significant government and religious opposition to her ideas They also trace her tireless efforts to build a global movement through international conferences and tours Letters journal entries writings and other records reveal Sanger's contentious dealings with other activists her correspondence with the likes of Albert Einstein and Eleanor Roosevelt and Sanger's own dramatic evolution from gritty grassroots activist to postwar power broker and diplomat A powerful documentary history of a transformative twentieth century figure The Selected Papers of Margaret Sanger Volume 4 is a primer for the debates on individual choice sex education and planned parenthood that remain all too pertinent in our own time

issues with perspectives from cosmology evolutionary biology and bioethics **Law, Religion, Constitution** W. Cole Durham, Silvio Ferrari, Cristiana Cianitto, Donlu Thayer, 2016-04-29 What is the place assigned to religion in the constitutions of contemporary States What role is religion expected to perform in the fields that are the object of constitutional regulation Is separation of religion and politics a necessary precondition for democracy and the rule of law These questions are addressed in this book through an analysis of the constitutional texts that are in force in different parts of the world Constitutions are at the centre of almost all contemporary legal systems and provide the principles and values that inspire the action of the national law makers After a discussion of some topics that are central to the constitutional regulation of religion the book considers a number of national systems covering countries with a variety of religious and cultural backgrounds The final section of the book is devoted to the discussion of the constitutional regulation of some particularly controversial issues such as religious education the relation between freedom of speech and freedom of religion abortion and freedom of conscience

Inventing the It Girl: How Elinor Glyn Created the Modern Romance and Conquered Early Hollywood Hilary A. Hallett, 2022-07-26 A Publishers Weekly Summer Reads Selection The modern romance novel is elevated to a subject of serious study in this addictively readable biography of pioneering celebrity author Elinor Glyn Unlike typical romances which end with wedding bells Elinor Glyn's 1864-1943 story really began after her marriage up the social ladder and into the English gentry class in 1892 Born in the Channel Islands Elinor Sutherland like most Victorian women aspired only to a good match But when her husband Clayton Glyn gambled their fortune away she turned to her pen and boldly challenged the era's sexually straightjacketed literary code with her notorious *succes de scandale* *Three Weeks* 1907 An intensely erotic tale about an unhappily married woman's sexual education of her young lover the novel got Glyn banished from high society but went on to sell millions revealing a deep yearning for a fuller account of sexual passion than permitted by the British aristocracy or the Anglo American literary establishment In elegant prose Hilary A Hallett traces Glyn's meteoric rise from a depressed society darling to a world renowned celebrity author who consorted with world leaders from St Petersburg to Cairo to New York After reporting from the trenches during World War I the author was lured by American movie producers from Paris to Los Angeles for her remarkable third act Weaving together years of deep archival research Hallett movingly conveys how Glyn more than any other individual during the Roaring Twenties crafted early Hollywood's glamorous romantic aesthetic She taught the screen's greatest leading men to make love in ways that set audiences aflame and coined the term *It Girl* which turned actress Clara Bow into the symbol of the first sexual revolution With *Inventing the It Girl* Hallett has done nothing less than elevate the origins of the modern romance genre to a subject of serious study In doing so she has also reclaimed the enormous influence of one of Anglo America's most significant cultural tastemakers while revealing Glyn's life to have been as sensational as any of the characters she created on the page or screen The result is a groundbreaking portrait of a courageous icon of independence who encouraged future generations to chase their desires

wherever they might lead **Human Rights Struggles in Twentieth-century France** Max Likin, 2022-10-07 This book provides an introduction to human rights controversies in twentieth century France from the Dreyfus Affair at the beginning of the century to the arguments over women and immigrants rights at its end Using the Ligue des Droits de l'Homme LDH or the League of the Rights of Man as a narrative thread for this chronological study the book tracks the gradual expansion of human rights in France in the wake of the two world wars the Algerian quagmire and decolonisation more generally Examining the capital role of the LDH whilst also highlighting the role of individuals and key activists the book helps us to contextualise the quandaries faced by unseen minorities particularly colonial subjects and women The analysis also demonstrates the influence of French human rights activism on key international documents of human rights law such as the Universal Declaration of Human Rights The LDH occupies a central place in French justice debates and is therefore an ideal template to analyse the rising influence of humanitarianism and crimes against humanity in French causes clbres from the 1970s onwards However the author goes further to look beyond the LDH and even France itself offering wide ranging surveys of dominant rights issues across Europe at any given period Drawing on extensive research and interviews with key members of the LDH this book provides an accessible overview of human rights struggles in twentieth century France

The Palgrave Handbook of Infertility in History Gayle Davis, Tracey Loughran, 2017-09-01 This ground breaking interdisciplinary volume provides an overdue assessment of how infertility has been understood treated and experienced in different times and places It brings together scholars from disciplines including history literature psychology philosophy and the social sciences to create the first large scale review of recent research on the history of infertility Through exploring an unparalleled range of chronological periods and geographical regions it develops historical perspectives on an apparently transhistorical experience It shows how experiences of infertility access to treatment and medical perspectives on this condition have been mediated by social political and cultural discourses The handbook reflects on and interrogates different approaches to the history of infertility including the potential of cross disciplinary perspectives and the uses of different kinds of historical source material and includes lists of research resources to aid teachers and researchers It is an essential go to point for anyone interested in infertility and its history Chapter 19 is open access under a CC BY 4.0 license via link springer.com

Sexual State Roger Davidson, 2012-04-12 This is the first scholarly study of Scotland's sexual coming of age in the post war period charting its political growth from a deeply moralistic policy framework towards a less judgmental global and scientific context **Women's medicine** Caroline Rusterholz, 2020-12-01 This electronic version has been made available under a Creative Commons BY-NC-ND open access license Women's medicine highlights British female doctors' key contribution to the production and circulation of scientific knowledge around contraception family planning and sexual disorders between 1920-70 It argues that women doctors were pivotal in developing a holistic approach to family planning and transmitting it across borders playing a more prominent role in shaping scientific and medical knowledge than previously

acknowledged Illuminating women doctors agency in the male dominated field of medicine this book reveals their practical engagement with birth control and later family planning clinics in Britain their participation in the development of the international movement and their influence on French doctors Drawing on a wide range of archived and published medical materials Rusterholz sheds light on the strategies British female doctors used and the alliances they made to put forward their medical agenda and position themselves as experts and leaders
