**The Punitive Turn in American Life** Michael S. Sherry, 2020-10-29 In 1965 President Lyndon Johnson insisted that the policeman is the frontline soldier in our war against crime and police forces arms makers policy makers and crime experts heeded this call to arms bringing weapons and practices from the arena of war back home The Punitive Turn in American Life offers a political and cultural history of the ways in which punishment and surveillance have moved to the center of American life and become imbued with militarized language and policies Michael S Sherry argues that by the 1990s the war on crime had been successfully broadcast to millions of Americans at an enormous cost to those arrested imprisoned or killed and to the social fabric of the nation and that the currents of vengeance that ran through the punitive turn underwriting torture at home and abroad found a new voice with the election of Donald J Trump By 2020 the connections between war fighting and crime fighting remained powerful evident in campaigns against undocumented immigrants and the militarized police response to the nationwide uprisings after George Floyd s murder Stoked by forever war the punitive turn endured even as it met fiercer resistance From the racist system of mass incarceration and the militarization of criminal justice to gated communities public schools patrolled by police and armies of private security Sherry chronicles the United States slide into becoming a meaner punishment obsessed nation

*Imprisoning Communities* Todd R. Clear, 2009-03-27 In the first detailed empirical exploration of the effects of mass incarceration on poor places Imprisoning Communities demonstrates that in high doses incarceration contributes to the very social problems it is intended to solve it breaks up family and social networks deprives siblings spouses and parents of emotional and financial support and threatens

the economic and political infrastructure of already struggling neighborhoods Especially at risk are children who research shows are more likely to commit a crime if a father or brother has been to prison Clear makes the counterintuitive point that when incarceration concentrates at high levels crime rates will go up Removal in other words has exactly the opposite of its intended effect it destabilizes the community thus further reducing public safety      **Corrections: A Text/Reader** Mary K. **Correctional Boot Camps** Doris L. MacKenzie, Gaylene S. Armstrong, 2004-02-20 Boot camps have developed over the past two decades into a program that incorporates a military regimen to create a structured environment While some critics of this method of corrections suggest that the confrontational nature of the program is antithetical to treatment authors Doris Layton MacKenzie and Gaylene Styve Armstrong present research knowledge and personal discussions with community leaders that offer insight into both the strengths and

weaknesses of this controversial form of corrections Correctional Boot Camps Military Basic Training or a Model for Corrections provides the most up to date assessment of the major perspectives and issues related to the current state of boot camps The book goes beyond cursory examinations of the effectiveness of boot camps presenting an in depth view of a greater variety of issues Correctional Boot Camps examines empirical evidence on boot camps drawn from diverse sources including male female juvenile and adult programs from across the nation The book explores empirical research on both the punitive and rehabilitative components of the boot camp model and the effectiveness of the tough on crime aspects of the programs that are often thought of as punishment or retribution in lieu of a longer sentence in a traditional facility Thus offenders earn their way back to the general public more quickly because they have paid their debt to society by being punished in a short term but strict boot camp Correctional Boot Camps is a comprehensive textbook for undergraduate and graduate students studying corrections and juvenile justice The book is also a valuable resource for correctional professionals interacting with offenders
