meticulous study of Radical Emergent Theology founder and spokesman Brian D McLaren's prolific writings. The result is a readable work that will inform laypeople, students, seminarians, pastors, church leaders, and theologians about McLaren's radical views on inspiration, conversion, evangelism, missions, heaven and hell, homosexuality, atonement, miracles, evolution, eschatology, his famous pick and choose exegesis, and much more. This book is destined to become the classic revelation of the methods, beliefs, and goals of Radical Emergent Theology. It will make the choice between this theological revolution and evangelical biblical doctrine crystal clear so that informed readers can make their own decision. **The Theology of Dallas Willard**

Gary Black, 2013-08-06. Evangelical Christianity in the United States is currently in a dramatic state of change. Yet amidst this sometimes tumultuous religious environment, a rather unique blend of both ancient and contemporary Christian theology has found its way into the hearts and minds of emerging generations of Christians. *The Theology of Dallas Willard* both describes and conveys the essence of this increasingly popular and perhaps mediating view of the gospel of Jesus Christ. Blending both a prophetic critique with pastoral encouragement, Willard's unique understanding of the reality present within a life lived as a disciple of Jesus in the kingdom of God is attracting both new and traditional Christians to reconsider their faith. Families and Faith Vern L. Bengtson, 2017-06. In *Families and Faith*, Vern Bengtson examines how religion is or is not passed down from one generation to the next. Armed with unprecedented data collected over more than four decades from more than 2400 individuals, Bengtson offers remarkable insight into American religion over the course of several decades.

Soultsunami Leonard Sweet, 2009-10-14. Road rage, animal rights, cyberporn, crystal healing, doctor-assisted suicide: everywhere we look, the signs all tell us we're living in a post-Christian culture. Or are we? Leonard Sweet, cultural historian, preacher, futurist, creatologist, and preeminent thinker, firmly believes we live today in a pre-Christian society fraught with challenges, dangers, critical choices, and above all, tremendous potential for the church. The outcome will depend on our response to today's flood of religious pluralism that threatens to sweep us away. What will we do? Deny the reality of the incoming surge? Hunker in the bunker, hermetically sealing ourselves in an increasingly out-of-touch church counterculture? Or will we boldly hoist our sails and, looking to God for guidance and strength, move with confidence and purpose over the waves? *SoulTsunami* is a fascinating, even mind-numbing look at the implications of our changing world for the church in the 21st century. With uncanny wisdom and trademark wit, Leonard Sweet explores ten key futuribles, precision guesses that fall short of predictions, expanding on and relating topics ranging from the reentry of theism and spiritual longing in contemporary society to the impact of modern technology to the global renaissance to models for the church to reach people caught in the cultural maelstrom. Here are eye-opening perspectives on the church from within and from without, from its surrounding society. Lively, well-written, and provocative, *SoulTsunami* is a clarion call for Christians to remove their tunnel-vision glasses and take a good look at the swelling postmodern flood. It also is a voice of encouragement affirming the church in its role as God's lifeboat. And it is a passionate prophetic guide pointing the way to reach a world swept out to sea. Salt, Light, and a

JOHN BEVERE International bestselling author, *The Bait of Satan* Co-Founder, Messenger International. On my most recent visit, one of my band was so wowed by the environment of the visual video tech room where he saw not just one operator at each station but three. This was so impressive there was one operator, one trainer, and one trainee. These were people in their mid to high teens, some as young as 12 or 13. Considering the amount of responsibility a video visual team carries in a large service and how much specialised technical skill there is to learn, he was amazed. There was a beautiful trust being placed in these young people, and ultimately it's the Jesus model of discipleship.
